The Fall Night Concert will be a most enjoyable musical event. The concert committee have selected artists of wide reputation and new to audiences here. Miss M. Theresa Sheehan, humorous entertainer, who has won the hearts of the people of the western provinces and the United States, will present humorous sketches, monologues and impersonations. Mr. Hart Ryder, the renowned concert baritone, is one of the most brilliant baritones before the public today.

Mr. Charles Keay, a highly clever and versatile entertainer, will appear at the piano. The plan is that the hall will be opened at Brown's drug store in a few days. There will undoubtedly be a rush for seats.

**An Anthropological Bird.**

Last Monday we were shown by A. D. MacLean, who now owns the old McGraway farm on the 4th line, a skull, no doubt that of an Indian, that had turned to stone. The arteries up the back of the head were distinctly tracable, as were also the neck, chin, nose and eye on one side. A great gash on the back of the skull provided what looked like sufficient evidence to locate the cause of death. The skull on one side was quite save for what it had to offer.

"To me it seemed like an age, but it was really not more than a minute until they had another, line out stern and I could stop the engine. That caused several gray hairs."

"In all my experience I never had an ordinary field accident and no doubt it had been turned over again and again. Mr. Howard has found Indian arrow heads at different times on this farm, which was, perhaps, the battle field of a great war at some early date in our history.—Oakville Star.
