couragement, when it weems as though such a time the story of some one who has had a hard battle may be an inspiration.

Forty years ago a young woman was left a widow with a family of litthe children and a heavy burden of dobt. Far from being dannied by the prospect before her, she took up her yen and wrote for a living, working early and late and giving her children a happy bosse full of sunshine. Two some she sant through Oxford Univer sity (for this was an English bome,) nephror she fitted for the civil service Germany, an invalid brother

sheltered for years. All this was the result of her work. She never wholly laid said her tasks except for one week. save of herealf : "I ought to have been worm out by work and creshed by care half a bundred times by all rules, I never was. Good day and ill day. they balanced each other, and I got on

through year after year." Mrs. Oliphant was known all over the English speaking world ; but few have knows the story behind the charming

books.-Good Thoughts. ----IDYLL OF A SUMMER DAY

A tot about so high entered the cor ner drug store, with a nickel oleached in a dirty little flat. Judging by th look on his face the little fellow we best on an important errand. "I-tes-tod!" he announced to

droggist, energatically. "What's that?" asked the druggie "I tee too, I tee too!" repeated

the infant growing somewhat impa-"I don't gut you, Steve," said the

The little follow mustered all diguity, and stamping his foot on foor, he almost screamed, "I wears I-tee-toe I-tee-toe! The druggist turned helplessly to

woman who was waiting at the proearlytion counter. "What does the little shaver want, do you know. madam T

"I_tee_toe," again rent the air. the woman. "Anybody ought to be able to understand that." And that was what he wanted.

HELEN'S OBOGRAPHY "My little daughter, Helen, recently had her first introduction to geography. Her father thinks that perhaps she is destined to become a great Arctic explorer. 'If you stood with your right hand toward the cast and your left band toward the west, you would be facing north,' said the teacher. 'Now tell me, what would be back of you? 'My hair,' answered Helen in a patient tone."-Woman's Home

DID NOT KNOW WHAT IT WAS TO BE RID OF BOILS.

Companion.

When the blood becomes impure, it is only natural that boils, pimples, or some other indication of had blood should break out of the system. There is only one thing to do, and that is to purify the blood by using a thorough blood cleansing medicine such as Burnock Broom

Mr. Andrew B. Colling, River Glade, N.B., writes: "For years I was troubled with Bolls. I did not know what it was to be rid of them until I began to use Busnock BLOOD Brivers. I only used two bottles of it, and it i now over ten years, and I can honestly say that I have never had any boils since. I can always recommend B.B.B."

BURDOCK BLOOD BUTTERS is a remedy indicated for the purification of the during the past 30 years. It is manufactured by The T. Milburn Co., Limited, Toronto, Ont.

Strange how many invitations ubricate a man gets when he is or

Miller's Worm Powders destroy worms without any inconvenience to the child, and so effectually that they pess from the body unperceived. They are not elected in their entirety, but are ground up and pass away through the bowels with the excrets. They thoroughly cleanse the stomach and bowels and leave them in condition not

favorable to worms, and there will be no revival of the peats. Children Cry FOR FLETCHER'S CASTORIA

A woman can jump at conclusions without any display of hosiery. No one need endure the sgony of corns with Holloway's Corn Cure at hand to remove them.

There is a Canada

of Hadson's bay when the sun rose over the surrounding wilderness, mys Leslie G. Shannon in a recent article. Far out from the shore the bay was frozen solid and over the ice and the land the gale whirled the feathery anow in great rlouds. If there had been a spirit thernometer at the but it would have recordod a temperature of at least 30 degrees

in for, emerged from the hut on snowshoes and drew from out the adjoining lean-to a long, low sledge on which was lashed a great heap of skins. They were trappers about to start for the trading post some 40 miles up the coast. From the front of the sledge-they call komatik--extended for about eight feet regions as a bridle. Clearly it meant that draft animals of some kin should be attached thereto. But were they? The trappers knew. Look ing at the 10 little mounds of snow, our of them called sharply, "Ho, he-ho, he

The effect was surious. The 10 mounds moved, and then were trans formed into as many dogs, which up curled themselves, arose and shook snow from their shaggy costs. Another sharp call and they came bounding the komatik. Kicking and cuffing them, the trappers got them into harness. To they buttoned the realskin trace, one which extended over each dog's back there to divide into two loops, which after his front legs were thrust through them, joined over his breast. Now there was a great hullabeloo, the dogs leaping excitedly about, tugging at their traces and howling with all their might as the man in front had a whip of walrus bide fully 25 feet long. Out it flew with a resonant crack. "Whit! Whit!" shouted the driver. With a final chorus of hard to get the / heavy load under way, and then in a mad rush they were off, the varying lengths of their traces per-

they approached the and of their 40mile journey. The dogs were tired and 'agged more and more. The driver, chille I through and hungry, became sav-age in his use of the whip. But suddeny on their own accord the dogs broke into a run, and again filled the air with Look their howls. The whitewashed buildings of the post had come in sight. Faster and faster flew the dogs, and, swinging the komatik dizzily around a point of ground flourish that a util have done

> and ice raign throughout most of the year, the Eskimo or "husky" dog yet receives a bad name from the men for than one slender meal a day and a bul-let in the bead when his five winters of service have worn him out, Extreme forocity, cannibalism, treachery and cowardice are the charges brought against him. whether Eskimo or of European origin, seldom violate; and if a dog is every misguided enough to growl at a man, he is unmercifully beaten at once. Should a stranger remonstrate such incidents . a the forego-

him, the husky, with his long, whoolly hair, nearly erect cars, sharp-pointed muzzle and fine, beshy tail, is beyond dispute a handsome beast. And if he predatory animals, he certainly is en-titled to the admiration that the alert bearing and knowing ways of those creatures are wont to excite. There are neveral kinds of hukky dogs, which are several kinds of husky dogs, which differ slightly from one mother in appearance and disposition; but the dogs of the Hudson's Bay region, with which the writer is personally acquainted and regarding which this article mainly is concerned, are conceeded to be of the purest breed and may be considered as representative.

They Soothe Excited Nervos .- Norvous affections are usually attributable to defective digestion, as the stomach dominates the perve centres. A course of Permelos's Vegetable Pills will still all disturbances of this character, and by restoring the stomach to normal action relieve the nerves from irritation. There is no sedative like them. and in the correction of irregularities of the digestive processes, no preparation has done so effective work as can be testified to by thousands. ~ Relf-interest is the motive power. that requires the least oil.

Face To Face WITH A Serious Problem.

mitting them togtravel together like a pack of wolves. Gradually their pace slackened until a became a gentle trot. But on and on all day they went, following the coast line across from bays and the little nocks of lands that lay between, their driver keeping them to their duty with sional crack of the whip. Sometimes th trappers ran beside the komatik on their snowshoes to get their blood is circula-tion, and once is a while they would have to help the dogs hauf the kematik up a steey slope. Darkness was falling as

land they gave a reries of great leaps and bounds, to draw up at the post with

credit to a fashlouable coaching parif. A Mear Tragedy. A hard worker of extraordinary onturance an dindispensable, withal, in the localate regions of the north, where snow which he slaves with no other reward "Kick every dog you pass," is durance and indispensable, withal, in the .rule that the huskies' mas-

ing are cited to prove that the dogs have to be treated harshly to be kept in sublection. The cowardice of the hunky is notorious, in so far us his fear of man is conformed. When kicked at or beaten, they slink away whining. No other naimal is safe where they abound, and for this reason they are rigidly barred from certain territory; but unless embeldened by starvation they will women."--Mrs. ORILLA BRADLEY, 284 | never attack a human being who has Johnson Ave., Winnipeg, Manitobe, Can. | the nerve to make a show of resistance. Why will women take chances or drag Such is the treachery of the dogs that visitors are always warned not to attempt to pet them. Even if the dog you are stroking does not take advantage of the occasion to help himself to a monthful of your flesh, the others are likely to imagine that a banquet is in progress and make haste to participate. A driver that alips and falls

among the dogs while arranging their harness is lucky if the faugs of all of them are not buried in him in the twinkling of an eye.

These facts may grieve the dog lover, but he may find comfort in the reflection that the Rimon-pure husky is really not a dog at all; a wolf he is in disposition, voice and appearance, that conturied of enslavement by the Eskimos and northern settlers have rought to a state only of sullen submission. Of doggish traits, such as attackment to man and faithfulness to his master, he is entirely innocent. Inhe howls. Place a gray unaky with one of the big gray wolves of the northern woods and even the men who have drives dogs all their lives would find it which. A Hudson's Bay trapper, 'In fact, a man personally known to the writer, once chased a pair of wolval a Whatever else may be said about
