EDITORIAL NOTES

IS A GENERAL ELECTION probable the coming summer? The Toronto World said one day last week that a persistent rumor prevailed around the corridors of Parliament, apparently inspired, that a Provincial election in either September or October this year, would take place.

THE $1,500 trophy for the best pack of oats, contested for at the National Corn Exposition last week at Dallas, Texas, went out of the United States permanently when J. C. Hill, Lloydminster, Sask., was awarded the trophy for the third consecutive time. Saskatchewan oats are evidently a very superior variety.

THE REVISED STATUTES OF ONTARIO have at last been completed. By a proclamation just issued they will officially come into force on the 1st of March next. This work has been in progress since 1907 and has cost over $275,000 exclusive of printing. The new Statutes, are bound in two volumes and comprise 3620 pages. A third volume contains the accompanying schedules and a general cross-index.

THE Postmaster-General reports that since 1911 there have been put in operation 1,818 rural mail delivery routes, serving 62,163 families. The greater number of these rural delivery routes have been opened in Ontario, where the total number now in operation is 920. The western portion of the Province is now especially well served by rural delivery. In Prince Edward Island there are 83 routes, in Nova Scotia 43, in New Brunswick 96, in Quebec 128, in Manitoba 9, in Saskatchewan 8, in Alberta 14, and in British Columbia 21.

THE WAR OFFICE has agreed to a postponement of the new Bisley rifles ranges rules until 1915 in order to enable the overseas Dominions to participate in the next competition meeting. On behalf of Canada Col. the Hon. Sam Hughes recently entered a vigorous protest against the new regulations, declaring that if Canadians were not allowed to use the Ross rifles with the aperture sights they would not compete at Bisley. At a recent meeting of the National Rifles Association Council a letter was read from the King in which his Majesty expressed the hope that the Canadians would not be prevented from attending the Bisley meet.

ASSESSOR HARVEY is now engaged in making the annual assessment of the Municipality on the basis laid down by the Council—a general increase on all assessable property. Many property-owners have misgivings as to the outcome. The Assessor can be trusted to make a fair and equitable assessment. If the Council of the present year and succeeding years will carefully and economically manage the finances of the municipality the result of the higher assessment need not necessarily mean much increase in the amount of taxes to be levied. But if advantage be taken of the higher assessment to make increased expenditures the result will be burdensome to all ratepayers. A twenty per cent. increase in assessment should enable the Council to meet the necessary expenses of the year with an 18 mill rate.

STRANGE ROBBERY AT MILTON

Robert E. Anderson, Farmer, Robbed While Family were at Church

PROVINCIAL DETECTIVE INVESTIGATING

An unusual robbery was committed at the home of Robert E. Anderson, a farmer residing within a mile of Milton, on Sunday morning.

According to Mr. Anderson all his household, except himself and a baby, went to church. He lay down on a lounge a little after 11 o'clock and went to sleep. An hour later he woke up and found himself on the floor with the baby beside him crying. His head felt sore, and the contents of the room were in confusion.

On investigating he found that seventy-four dollars which had been paid him on Saturday by the Boyd Brick Company for teaming had been stolen from one of his pockets.

About two dollars in his wife's shopping bag, over twenty dollars in the hired girl's room, and over seventy dollars in that of the hired man had not been touched.

Mr. Anderson believes he was stunned, while asleep, by a blow on his head. He has no idea who robbed him.

Detective Rebara, of Toronto, visited the premises on Tuesday to investigate the burglary. So far he is keeping his own counsel.

TEMPERANCE WORKERS TO MEET

Conventions to be Held in Milton Next Monday

AFTERNOON AND EVENING SESSIONS

The temperance workers of the County of Halton are called to meet in Milton next Monday, 2nd March.

A convention session will be held in the afternoon at two o'clock.

The proceedings will include devotional services by W. A. McKay, Milton; the President's address; roll call of the municipalities of the County; and an address by Rev. Dr. Abraham, Toronto, Field Secretary of the Dominion Alliance, subject: "Shall the County enter a Canada Temperance Act Campaign?"

This will be followed with discussion. At eight o'clock in the evening a mass meeting will be held.

Devotional Exercises will be conducted by Rev. M. J. Wilson, B. A. Addresses will be given by Representatives of the Dominion Alliance and others. These Addresses will be interspersed with Solos and Duets by W. H. Norris and Son of Toronto.

BOWLING ALLEYS NOT PAYING

THE AUDITORS' REPORT IS IN

Council met on Monday evening in regular session. Members present: Reeve Hynds and Councillors McDonald, Smith, Brown and Cooper.

The Committee on Finance presented their fourth report and recommended payment of the following accounts:

GENERAL ACCOUNT—	
J. C. Hill, coal	$15.00
Robt. Storey, labor	3.50
Jno. Harvey, feeding tramps	1.75
Acton Free Press, printing	2.37
John Cole, Auditor	17.50
G. R. Agnew, Auditor	17.50
	$57.62
ELECTRIC PLANT—	
British Agencies, supplies	$10.29
Acton Free Press, printing	8.35
	$18.64

The report was adopted.

A letter was received from David Ross requesting that the license fee of $40 for his bowling alley be reduced. Mr. Ross gives as his reason for requesting a reduction of the fee that there are now many places of amusement in town and consequently less patronage of the bowling alley.

It was stated at the Council that the bowling was doing very little business, and was often neither heated nor lighted.

The Clerk was instructed to prepare a by-law to reduce the fee to $15 per annum.

Mr. R. L. Gregory was present to complain that the Corporation was asking for license fee for 1913 and 1914 as well as business tax for his moving picture show. He understood no license fee was previously collected.

The Reeve and Treasurer stated that all previous owners had paid license fees.

Mr. Gregory said there was not enough business done in the moving picture show in Acton to afford to pay a license fee. The Government license fee is $75 per year.

"I did make something out of the picture show before the hotels got their licenses back," he stated.

It was decided to remit the license fee for 1913, and accept $10, the regular fee for the year 1914.

The report of the Auditors was presented.

Moved by A. T. Brown, seconded by W. H. Smith, that the report of the auditors for the year 1913 be received, and the clerk be instructed to have 100 copies of same printed.—Carried.

The Council then adjourned.

SAD SUICIDE OF JOHN MEAD

Former Nassagaweya Fruit Farmer Ends his Life in Hamilton

RETIRED ABOUT A YEAR AGO

The following despatch from Hamilton on Monday caused consternation among the friends of deceased in Acton and Nassagaweya:

"John Mead, a retired farmer residing at 111 Blake Street, committed suicide in the cellar of his home at 9.30 Sunday morning by hanging himself. He was 68 years of age, and had just recently removed into the city. The motive given for his committing suicide was that he was despondent because he was ill. The funeral will be held on Tuesday afternoon."

Mr. Mead was a successful fruit-grower on the Guelph Road, near Brookville, for many years. He sold his fruit farm a year ago and removed to Hamilton.

He was a man, highly esteemed, industrious and successful. Many of our citizens were acquainted with him, as for years he disposed of the bulk of his fruits in Acton from door to door.

The termination of his useful life is much regretted, and cordial sympathy is extended to Mrs. Mead and her daughter, who live in Hamilton, and the only son in California.

Kidneys Wrong?—

If they are you are in danger. When through weakness or disease the kidneys fail to filter the impurities from the blood, trouble comes at once. Backache, Rheumatism, Sciatica, Gravel, Diabetes, Gall Stones and the deadly Bright's Disease are some of the results of neglected kidneys. Dr. Morse's Indian Root Pills contain a most effective diuretic which strengthens and stimulates the kidneys so that they do their work thoroughly and well. Try

HALTON COUNTY GOOD ROADS

County Council Met as Committee of the Whole at Burlington

THROUGH ROADS PROJECTED

The County Council held their annual good roads meeting in Burlington on Tuesday of last week. This is always a special meeting when no other business is considered.

The work for the coming summer was mapped out. It has now become a practice to as far as possible built extensions to present stone roads so that in a few years there will be continuous good roads through the county.

It is the intention of the Trafalgar representatives to extend the present good road from Bronte to Campbell's on to Palermo this year. There is a stone road between Boyne and Milton. Esquesing representatives have carried this same road north from Milton so that there should soon be a main central road from Bronte on the Lake shore through to Acton.

Reeve Hynds expects there will be considerable work accomplished in the vicinity of Acton the coming summer. He has put in a requisition for county good roads machinery, and will endeavour to secure a crusher and steam roller for part of the season at least. It is the intention to complete the macadam roadway from the G. T. R. crossing on Main Street to the corporation boundary. Esquesing Council may then see that this leading road is completed to the Erin town line, about a mile further.

There is strong probability that the macadamizing across two or three concessions of the Acton crossroad, which was promised for last year, but not performed, may be done this season.

It is also proposed to complete the road in Nassagaweya from the Esquesing town line westward to unite with that portion which has been built eastward through the township on the road leading to Acton.

A strong resolution was passed urging the Ontario Government to declare their intention in the matter of building the Toronto-Hamilton paved highway as the lakeshore road had been neglected now for two years pending some decision on this most important project. The real necessity for such a road was set forth.

Reeve Porter, of Trafalgar, is Chairman of the Good Roads Committee.

BALLINAFAD

Mr. and Mrs. W. Kentner, who have been visiting friends here, have returned to their home in the West.

Mr. and Mrs. Wm. Ritchie, of Windsor, who were on their honeymoon trip, spent a week with Mr. Jos. Swindlehurst.

It was with much regret that the friends here learned of the death on Saturday of Miss Nellie Selwood, formerly of this vicinity.

The annual tea and entertainment of the Presbyterian Church will be held on Friday evening, March 6th. An attractive programme has been arranged. Mr. F. J. Brown, reader and impersonator, Meadowvale, Mr. Harold Wildgust and his talented daughter, Miss May, of Acton, will give a series of vocal selections and the local ministers will deliver addresses.

SHILOH

Quickly stops wounds, burns, colds, and heals the throat and lungs. 25 cts. 50 cents.

LINEHOUSE

An enjoyable social and entertainment under the auspices of the Presbyterian congregation was held in the Methodist Church building on Tuesday evening. There was a good attendance.

The Toronto Lime Company is getting in a larger stock of kiln wood this winter than for several years.

Mr. Samuel Brookes, of Hornby, has purchased the 100 acre farm being W. ½ of lot 15 in the 2nd concession of the Township of Chinguacousy, west of the Centre Road, belonging to Robert Garbutt, of Islington. Sale was made by J. A. Williamson.
