Arrested and Taken to Toronto
On Monday Chief Lawson was advised by Chief Thwaites, of Toronto, to arrest I. H. Hunter who was believed to be in Acton, on a charge of wife desertion. The chief located the man and lodged him in the cells that evening. On Tuesday afternoon Police Officer Montgomery arrived from Toronto and took the man to the city to stand his trial.

Did Not Keep Books of Accounts
W. Ringer, late of Acton, who is in prison in Toronto, was charged before H. P. Moore, J. P., yesterday morning with doing a business with a credit exceeding \$1,000, and being unable to pay his credit. He is held on \$1,000 bail, and will be continued doing such business, as required by law. The charge was proven and he was committed for trial, bail being accepted for \$2,000. W. J. Hallow to Have a Magnificent
A deputation composed of Messrs. W. J. W. Fisher, and H. T. Foster, representing the Burlington Horticultural Association, President Wilson and Secretary McNair, the Farmers Institute, appeared before the County Council last week, requesting that body to make application to the Ontario Government for a district representative for the County. The government pays the man's salary and the County \$500 for equipment. The County Council decided to make the necessary application.

Head of the Police
William J. Wilson, of Toronto, who is in charge of the Toronto Police, was in town on Tuesday. In conversation with the Press he stated that the ideal was now being established at Colwellville, which means that the track layout will commence in a few days. When this work is started it will undoubtedly be rushed as fast as possible. Track-laying will proceed from the Toronto end in this direction. There are power poles to erect and stations to build, as well as the laying of the wire and steel. It is not likely that any picnic parties will utilize the electric road this summer to reach the attractive new points that are now being considered.

Local Day Alliance Meeting
Rev. D. W. Slinger, General Secretary of the Local Day Alliance of Ontario, spoke at the annual meeting of the Acton Branch in the Methodist Church last Wednesday evening. An interesting resume of the work of the Alliance was given; the success which has attended the efforts of the organization to secure a day of rest in seven to all working people throughout the Dominion. Reference was made to the very considerable amount of work done in the past year during prohibited hours on Sunday. This matter will be looked into by the officers elected for the year were President, John H. Kennedy, Secretary, Treasurer, John H. Coleman, Executive, J. L. Warren, John Cameron, H. P. Moore and the local ministers.

Whiskey Responsible Again
During the burial service at Fairview Cemetery on Monday afternoon a very unusually and regrettable incident occurred. A foreigner, Felix Groat, an Italian, went to the site of the grave and with uplifted hands commenced some incantations in Italian, to the painful annoyance of the mourners and the company present at the solemn service. Messrs. C. A. Moore and Fred Nutley grouped him, and Constable Harvey, who was near, arrested him and placed him in the cells. Next morning he came before H. P. Moore, J. P., and through Mr. Charlie Moran, an employee of Messrs. Beardmore & Co., who acted as interpreter, the prisoner admitted that he had been drinking both in Guelph and Acton, and the drink had gone to his head and made a fool of him. He stated that he came to Acton from Guelph to work at the lime kiln at Dolly Varden.

We would be surprised if we knew what our neighbors think of us—if they ever give us a thought.

At the meeting of the County Council last week plans and specifications were submitted by two architects for the proposed new registry office and for an addition to the present building as an alternative. No action was taken as the County requires that all such plans must be submitted to and approved by the Ontario Government before adoption by a County Council. The plans will be submitted and if approved, either of them may be adopted at the next meeting of the Council as a compromise accommodation is considered necessary. There were plans, too, for the residence of the governor of the jail, but it is unlikely that anything will be done with this year. A report from the County Treasurer showed that there was less money available for this year's expenditure than had been supposed.

The engagement was formally made by the unanimous passage of the following resolution:

OBITUARY
BENJAMIN WALLACE
For several years Mr. Wallace, of the 7th line, Nassagawaya, had been in poor health, and for some time was confined to his home. The end came much more rapidly than was expected, last Sunday morning, when he suddenly passed away. Mr. Wallace was born in Nassagawaya, on the farm now occupied by Mr. John Blacklock. He lived all his days in that township. Fifty-three years ago this month he wedded Susanna O'Neill, who died four years ago, on Easter Sunday morning, 26th March. Eight children were born to them of whom two died in infancy. Those surviving are: Mrs. Wm. McLaughlin, Nassagawaya; Miss Susanna, at home, and Miss Elizabeth at Cleveland, Ohio; Benjamin, on the homestead, Hallow and Henry. Messrs. Robert and Hugh Wallace, Acton, are half brothers. Mr. Wallace was a member of Ebenezer Methodist Church. The funeral yesterday afternoon was conducted by Rev. E. H. Carter and Dr. H. H. Nassagawaya, and interment took place in Fairview Cemetery, Acton.
