

TEACHERS RESIGNED FOR HIGHER SALARIES

Were Engaged for Year and Embarrassed the Board by Tendering Resignations

The Board of Education met on Monday evening.

The lot of the average Board of Education these latter days is not a happy one.

At the meeting of the Board the last week in June when the teachers had been engaged, the members of the Board congratulated themselves that the staff was complete and ready for the re-opening of the schools.

These resignations for higher salaries during the year for which engagement has been accepted, are not rare occurrences among teachers.

Acceptances were received from Miss Mary A. Black and Miss Rose McNeil as teachers of the senior primary and first book rooms at salaries of \$200 each.

The resignation of Miss Taylor and Miss Macdonald was accepted and the secretary was instructed to advertise for teachers to fill the vacancies.

The Committee on Finance presented their eighth report and recommended payment of the following accounts:

The report was adopted. The deeds for the addition to the school grounds purchased from W. H. Storey & Son, Limited, were produced, and the title reported to be satisfactory.

Teachers were received from H. Cordner and Alex. Murray for whitewashing the walls and ceilings of the eight rooms of the school, two coats, the work to be completed by the 8th August.

The leader of B. O'Brien \$22.00, being the lowest, was accepted.

The secretary was instructed to order the necessary supply of coal for the year. The matter of fencing the new property was discussed.

The Board then adjourned.

BALLINAWAD

Mr. R. Shortill, farm superintendent, of the Institute for the Deaf at Belleville, has been visiting at the old home the past week.

Mr. Jas. Croe, of the fifth line, met with a painful accident on Monday. He was having a horse shod in the blacksmith shop here and when the shoe was being driven on was holding the animal's leg. The horse jerked his foot away and the point of a protruding nail tore a deep gash across the palm of Mr. Croe's left hand.

And many more of thought turn out to be paste.

How's Business?

Advertising backed up by the right spirit, the right goods and the right service, can rescue a sinking business and will make a prosperous business more masterful in its own community.

When John Wanamaker, the Prince of Merchants, began business, he resolved to force matters. He was not content to WAIT to be found out—he DETERMINED TO BE found out. In short, he advertised. He threw on his business, small as it was, the light of publicity, and the public of Philadelphia entered the shop on which the light shone.

In this community the public is entering those shops on which the light of advertising is falling.

A WORD TO THE PUBLIC

Are Your Buildings Insured?

A Policy in a good Company is most important. The Company insures you against loss. What are you doing to insure your Company against loss on your buildings?

Lighting was the cause of 64 1-4 per cent of all bare claims settled in 11 years by 40 Companies in Ontario. Had these been properly equipped with Lightning Rods the loss would have been one-tenth of one per cent of what it was.

Prof. Day, of the O. A. C., after 15 years of investigation, says that out of every \$1,000 worth of damage done to unroofed buildings by lightning \$999 would be saved if these buildings were properly rodged. Ten cents would have been lost instead of a hundred dollars.

You and your neighbors really pay the losses. The Company just collects from you and disburses the money they gather in from you. They are your trustees. You and your neighbors are helping you and you are helping to insure them.

The less your Company loses the less you have to pay. It will pay you if you rod. It will pay you if your neighbor rods. Talk it over with him and tell him what we say. We would like to send you our Catalog, and will if you write us.

HAPPY MOTHERHOOD

The happiness of motherhood is too often clouded because the mother's strength is not equal to her cares, while her usefulness depends on her own health.

It is a duty of husband or friend to see that she gets the pure medicinal preparation in Scott's Emulsion, which is not a drug or stimulant but simply a concentrated food tonic to enrich and strengthen the blood, strengthen the nerves and add the appetite. Physicians everywhere prescribe it for the mother's recovery after childbirth.

Billousness

It is certainly one of the most disagreeable ailments which flesh is heir to. It is called biliousness—bitter taste in the mouth—nausea—dizziness—these combine to make life a burden.

The cause is a disordered liver—the cure Dr. Morse's Indian Root Pills. They go straight to the root of the trouble, put the liver right, cleanse the stomach and bowels, clear the tongue and take away the bitter taste from the mouth. At the first sign of biliousness take

SERIOUS ACCIDENT NEAR LIMESHOUSE

Robert Campbell, of Bala, struck by a G. T. R. Locomotive

FOUND LYING BESIDE THE TRACK

After celebrating the Twelfth Robert Campbell and his brother Walter, of Erin, started from Georgetown late in the evening to walk up the G. T. R. track to Limeshouse.

On the trip by Walter appears to have lost his brother and did not miss him until he arrived at his destination. Sometime during the night Robert was struck by an engine and was found by the trainman of the 6:30 passenger train going east next morning, lying beside the track badly injured. The train took him to Georgetown and he was conveyed to Guelph by the R.10 train and taken to the General Hospital.
