BRIEF LOCAL ITEMS

Methodist Anniversary services next Sunday. Georgetown Council granted the land \$75 last week. Erin will get along this year on a tax rate of 17 mills. The Thanksgiving turkey was at a high price on Monday. The way to popularize home-made goods is to wear them. Not much doing on the new electric road through here just now. Mr. J. P. Barrow will preach in the Baptist Church on Sunday evening. Berlin and Waterloo have jointly contributed \$10,000 to the Patriotic Fund. Potatoes are a good crop. Potato digging is now keeping the farmers busy. The spirit of thanksgiving was strongly impressed on the churches last Sunday. The Ladies' Aid Society is having weekly practice, with twenty-three members enrolled. The Union Teachers' Institute will hold their annual convention at Burlington to-day and tomorrow. Beach-nutting parties enjoyed their bright warm autumn weather on their excursions on Monday. Municipal tax rate is 20 mills on the dollar, with five per cent added to all amounts not paid by December 15th. Mrs. Gordon, of West Toronto, was instantly killed at Caledon Station on Friday by being knocked under the wheels of a train. "O'Connell" closed October, his year's year is fresh as morning, and your year blows like the sunset with a yellow maple flame. The whole of the courtyard in the rear and at the Willow Street side of the New Government building is being laid with concrete. Bunches of ripe wild raspberries, cultivated in Montgomery borders and thimble berries have all been brought to this office the past few days. Wind time, tomorrow, to enjoy the beautiful fall days. There should be pleasant walks and nutting parties to look back to from the cold "shut-in" days of winter. Our citizens will appreciate the splendid copy of Acton's new Post Office and Customs House on the first page. Extra copies of the Post Office may be had ready for mailing for three cents. Wm. Underwood, Oshawa, will hold a sale of 30 head of cattle, horses, sheep and pigs on Monday, Oct. 19th, and J. McC. Kinsey, Erin Village, on Tuesday, Oct. 20th.—J. J. Kerr, Auctioneer.

Thrashing at 50¢ in the bush. Writing the Press from Wapella, Sask., on October 25th, the Grand Rapids says: "We are having a beautiful fall. All the leaves are off the trees. We began thrashing last Thursday, with the thrasher at 4¢ in the bush, and finished in two days. There is a big separator through about 100 bushels per day. Last year we had four days' thrashing, but the drought this year seriously affected the crop." Mrs. Hiltz intends shortly returning to Ontario for the winter.

Away for a Convalescence. Mrs. Nichole, the new Post Office and Customs House, also a resident here, who as a boy lived with the late David Maloney, shoemaker, Willow Street, visited Acton and numerous scenes of his boyhood days last week. It is about thirty-five years since Mr. Nichole left Acton. He has been in Paris for many years and is much interested in the people there. He takes a special interest in the household children of the community. He was much impressed with Acton's progress.

Not a Methodist Heist. A Methodist citizen remarks that Sunday Mr. Deasper's announcement on Radio night that he was inviting the public to attend the lecture by Rev. Dr. Antill, of Montreal, next Monday night, without fee or collection, the trustee was in this rather un-Methodist, resolute him of statement by Rev. Dr. Briggs at an anniversary about twenty years ago. When appealing for funds the Rev. said that "Methodists take no back seat in appealing for money."

On Friday morning an accident occurred at the works of the Acton Tanning Company which necessitated the closing of most of the departments for a couple of days. By some means the main shaft supporting the driving pulleys near the engine. Fortunately the engineer was at his post and immediately closed the throttle averting more serious damage. Some of the lighter machinery was run by the auxiliary engine and dynamo, until repairs were made. The works resumed full operations on Tuesday.

The plan of programme this year is calculated to undertake fewer things and do them more thoroughly. A PROSPEROUS MUNICIPALITY

The Town of Georgetown, in the County of Middlesex, Ontario, is a most prosperous municipality. Within Ottawa recently it was the good fortune of the editor to run up to Renfrew and spend the day with our esteemed friend, Mr. Mayor W. E. Smallfield, editor of the Mercury.

Thirty years of intimate friendship with Mr. Smallfield, and constant personal of the Mercury, had given a very intelligent conception of the prosperous town and its activities, but a personal visit gave more vivid impressions. The high opinion always entertained was considerably enhanced by personal inspection.

Renfrew is favorably situated in the fertile Ottawa valley, on the C. P. R. and G. T. R. railways, sixty miles from the Capital of the Dominion. From a political standpoint it occupies a position somewhat unique. It has a population of between 4,000 and 5,000 of prosperous and contented people, a number of successful manufacturing and a full quota of up-to-date mercantile houses.

The exhibits at the Fall Fair, which was in progress during our visit, gave ample evidence that the town occupies the centre of a rich agricultural district. Apple growing is now being given special attention, to the added profit of the farmers. This fair was successfully staged second place among the county fairs of the province. This high rating was secured largely through the efforts of Mr. Smallfield, who is the energetic secretary. The inside exhibits showed to great advantage this year through being housed in the fine new \$40,000 drill hall, which was just completed in time for the fair. A feature of the fair is one which might be omitted generally. The boys and girls have their own organization and a splendid exhibit of school garden products, photographs, collection of stamps, coins, picture post cards, rabbits, pigeons and other poultry. Their interest was as keenly manifested as that of the grown-ups.

Evidence of the prosperity of the town were seen in the comfortable and attractive houses, substantial houses, fine, comfortable churches, carefully constructed and well-lighted streets and in the installation of well-ventilated plans for continuous municipal improvements. The continued waterworks and electric power systems of the town is a valuable asset, and worthy of the enterprise of a such more populous municipality. Two elements have been factors in the accomplishment of this a public-spirited community, and the natural advantages of the Housechere River, an important tributary of the Ottawa.

Renfrew has banished the barroom and liquor traffic, and its citizens generally have no desire for the restoration of their nefarious influence. The capitalists and business men of the town formed a joint stock company and erected a splendid hotel, an improved modern plant; furnished it to meet all the requirements of the travelling public, at a cost of \$80,000. Mr. Renfrew is a most progressive town, and its citizens are well patronized, and paying satisfactory dividends to the company. Mr. Smallfield, of the Mercury, is President of the company.

The Post Office and Customs House is a fine stone structure, upon almost identical with Acton's. Mr. A. A. Wright, ex-M. P., is Postmaster, and is naturally very proud of his premises. Our visit was exceedingly pleasant and the hospitality of Mr. and Mrs. Smallfield thoroughly enjoyed.

On Thursday and Friday of last week the annual convention of Guelph District Epworth League was held in the Methodist Church, Elora. Many excellent addresses were delivered on themes pressing for immediate attention. The study of citizenship, and an endeavor to give the delegates and through them the League of the district, a clearer conception of the possibilities of promoting higher standards of citizenship, occupied several periods of the convention. Addresses along this theme were delivered by Rev. E. H. Weston, (Galt), H. W. Aylson, and W. F. (Galt), (Guelph), and Mr. J. Victor Coleman, Acton.
