If you can't fluht-holn. Britain's motto in war time. society are showing the way, talking the load in all worts of humane work, and eager. ly giving thomsolves and their resources for the good of the country. While King George sponds practically all his time at Buckingham Palace dagaged with councils, despatches, undlences with ministers, and a hundred and one emergency engagements, Queen Mary, her daughter, and the royal princessos are devoting themselves exclusively to the superintendence of the arrangements for grappling with the dis-

One of the best things Her Mujesty has clone is to discourage the making of shirts. socks, and other perments for our soldiers by charitably-inclined ladies, who, with the best intentions in the world, are really doing more harm than good. For this reason, that they are taking the bread out of the months of hundreds of seamstreases who have to atruggle for existence even at the best of times.

treas which is housel to arise as the war

A most prominent peeress who is work ing indefatigably on a half dozen pourm tees for the relief of distress, said theother day that Her Majorty has expressed herself most emphatically regarding this matter. "The Queen is particularly anxious that bulk of such work should be placed in the hands of needle-women who may be thrown out of work. Furthermore, Her Majest is making a strict investigation into the question of unemployed women with th

object of finding work for them to do." There is unother matter which He Majorty has set her fece uguinat, and that is the volunteering of lailes of high social position to go out as nurses. "And what special work, Lady ---, are you engaged upon?' Her Majesty remarked the other day to a certain society belle, whose beauty le more announced than her thoughoutfu "Ob, your Majesty, I am joining Mrs. -" (mentioning another well known exclety woman) "in the formation of a small ambulance corps, and we intend to proper as nurses." "You had better stay at home and look after the wives and children of the men at the front," the Queen dryly

remaked. The authorities are stornly refusing permits to these amateur nurses, who, in on its head." the majority of cases are only actuated by a desire for notoriety, and who would not only prove practically ussless at the front, but would be taking the place of fully tinalified nurses who understand what they are about

I have said that royalty and society are showing the way in regard to belping home in these days of distress. Princess Victoria has organized working parties at Mariborough House. The dining-room there has been converted into a workroom, where parments for the use of wounded soldiers and sailors are being out out by manibare of the household.

LIQUOR AND WAN

I Bont. 25th, 1014; "The trull of the lorman troops is marked, as innumerable witnesses tostify, by myriads of empty bottles. Their once proud soldiery is new typified by the colonel famil in a stupe mid his unconscious men beside a cusk i un Eperary cellar. We may contrast with this platurethe spectacle prospeted by the Allies-Russia absolutely probibiting the sale of voilka and beer throughout her immonso dominious, Franco furbidding the sale of absinthe, the British soldler marchlag through the best vinevaris in existence and temperately demanding, as many letters toll us, his cup of ton. The great victory over drunkenness in Itusala has recelved far too little attention in this country. Hinco China prosoribed oplum the world has seen nothing like it. We Unless you can speak haseball it is hoperobblitting the sale of Spirituous Liquor ordinary ortices. Russia has already vanguished agreater for than the Gormans. Is it fully realized yet that for the Allies, and for the first time in history, this is to all intents and purposes "testotal" wart We hope that the indiscreet people who insist on "treating" our soldiers and sailors on their return "The fight sternly waged by all the Was taken Sick with Diarrhoos

from the front will realize it very quickly. Allies alike against intemporancesymbolises the other victory which must evidently be theirs. Troops who march obeying the Tear's Ukase against drink, who carry in their knapsacks Lord Kitckener's sulmonition to mijure, wine, siready have an immonse moral advantage over armies whose officers set their mon the example of looting every cellar they find. In the vinous excesses of the German forces we see whint of their coming overthrow."

It is interesting to note that aloog the mandously improved condition of the country since the Emperor issued the edict prohibiting traffic in this liquor. The Russian authorities are so impressed with this startling regeneration of the peasantry that they believe it is likely to have an important effect on the social and soonemic conditions of all Russia.

**passage every five of ten minutes. This went on day and night until he began to pass blood. I gave him "Dr. Fowler's," but without any good effect at first, so I began to give him a larger dose, and soon be began to get relief. It was the only medicine I had in the house at the time, and I always keep it now for inside of three days my boy was out playing, and was as well as ever."
