LIMELHOUSE

A Strong Young People's Guild Organized—Mr. G. Y. Coo, Home from Hospital

Mr. W. Gandy and Mr. Crawshaw were at Milton on Saturday attending the funeral of the late John W. Ross.

On Wednesday evening, January 27th, a Young People's Guild was organized and the following officers were elected:

President—Alfred Marshall.

First Vice-Pres.—Miss Winifred Ivens, Second Vice-Pres.—Miss Winifred Pellinghorne.

Third Vice-Pres.—Miss Dorothy Pollock.

Fourth Vice-Pres.—Douglas Gowdy.

Several committees were appointed to assist in the work. Thursday evening, Feb. 6th, the opening social meeting was held. The programme consisted of addresses, resolutions and music, after which there was a social hour. Much interest was manifested and 30 numbers were enrolled, which was very encouraging, considering the small community.

Mr. Gowdy, who was in Toronto for treatment for his eyes, returned home several days ago. Otherwise than being a little painful, not much change reported.

Mr. John Scott, sixth line, and his daughter Hazel, have been suffering from a grippe during the past week. Both are improving.

The little daughter of Mr. and Mrs. D. A. Arch is ill with bronchitis.

Mr. Gowdy's condition is a vocal rest, he having quite white speech. He sang on Monday evening at the anniversary meeting of Knox Church, Acton. Mr. Carl Adams, teacher, also sang at this gathering with much acceptance.

Horse Breaks through the Ice

While being used in the previous cutting ice, one of Mr. Gowdy's horses slipped into the water through a thin coat of ice yesterday. The horse at the time of breaking the ice was and was standing close to the edge of the opening where the ice had been removed. At the point where the accident occurred, the water is about eight feet in depth. The animal was landed on terra firma again after great difficulty. The thin ice was broken from the place of the accident to the shore and the horse drawn out by his team mate. The hampered animal, well blanketed, was returned to his stable but was in no condition next day, none the worse.

A Sleight-of-hand Experience—A couple of our popular young people had rather an uncomfortable experience when out for a cutter ride on Saturday afternoon. They were overtaken by a kind-hearted farmer who gave them a lift in his load of chaff which they both appreciated and enjoyed.
