IN THE BACK.

When the kidneys get ill the back

But the back is not to blame.

The ache comes from the kidneys, which lie under the small of the back.

Therefore, dult pain in the back, or sharp, quick twinges, are warnings of sick kidneys—warnings of kidney trouble.

Plasters and liniments will not cure a bad back, for they cannot reach the kidneys which cause it.

Doan's Kidney Pills reach the kidneys themselves. They are a special kidney and bladder medicine. They heal the diseased surface of kidneys and bladder, and help them to act freely and naturally.

Mrs. Chester Romain, Fort Conlonge, Que., writes: "I had been troubled with sore back for over four years, and could get nothing to do me any good until I heard of your Doan's Kidney Pills. I got three boxes, and took them and now I am completely cured." Doan's Kidney Fills are 500 a box, 8 boxes for \$1.25, at all dealers or mailed
