Moreover, his ed and signed his name. efforte had revealed a serious lack in his educational equipment. Timothy could

"It doesn't matter, how good a stenographer you are," bis teacher told him His employer glanced comprehendingly at sharply, "nor how much speed you get at the bollows in Timothy's cheeks, and nod-'d-e-e-r a-u-r,' no business man would take At noon Miss Maude appeared, white apples, a pen'orth of nuts, half a dozen ed, showing that wherever it goes this exthe machine, if you're going to write ded. you as a gift." This was an exaggeration, and shaking. There had been a collision jumilies and a bottle of ginger beer. After cellent Oil impresses its power on the for Timothy's weakness in spelling was not between her street car and an automobile. that they play at horses. How they must people. No matter in what latitude

mix 'emselves up considerable, I guess Yoan get 'em straightened out."

His next purchase was a spelling book of a size he could carry in his pocket, and on his way down to work in the morning. when most people were reading the details of the latest murder, Timothy was murmuring to himself "T-o-o-h-n-l-o-a-l, tookulcal," and other combinations of the aforesaid twenty-six churacters. When he was home and neither sleeping nor eating, his mother took the spolling book in hand and put him through his paces.

"When it came summer, she begged his to take a vacation. "You're losing flesh," she said bluntly. "And you're at an age when you ought to be filling out. You're worked too hard. Not that it ain't a good fault," she udded with a pride she could not conceal. Among the mothers she know there were few whose some caused them just the form of anxiety she was feeling at that moment.

"Timothy was not willing to stop am getting the better of it," he announced triumphantly. "All this time it's been knocking the out and tripping me up till I couldn't tell my head from my heels And now I'm getting just where I can land a blow every now and then. This is not any time to stop."

Mrs. Drake saw the point. Perhaps it was from her that Timothy got his ability along that line. And though she was still

cretly anxious, she said no more. In July, Miss Maude, one of the stenographers took a vacation and in August an old friend and lost interest in a business Miss Amy went. It was during the latter's career. In November alse left Mr. Driscoll's absence that Mr. Driscoll came into the office, promising to send everybody a piece office one morning scowling. Timothy of wedding cake. And Timothy was protook a look at him and atraightened up. moted to the vacanov. A DAUNTLESS SPIRIT

Dr. Erickson was an upright, hardworking young man; he held the respect and good will of the community in which he could meet his responsibilities alone, how the mother and invalid sister whom he had always supported would be taken

"This calemity," they said, "has come on you through no fault of your own, and we feel that society really ower you the belp we offer."

But Erickson, thanking them, replied : "No! Taking help from you would be ing myself helpless-which I am not. In fact, I'm as good a man as over except for flow we would delight to envelop in glory the loss of this one sense. I have two feet, two hands and two perfectly good sare; I can talk still, and small. Wait and let me see what I can do with these

Erickson was a musician in a small way, and had some experience in the manufacture and handling of planca. His idea ugs to perfect himself in the lines of plano turning and salesmanship so that he would be a valuable man in spite of his defici-

On the auriane the plan seemed simple and practical enough, but when put to the test of execution its difficulties foomed inassurance of manner which is anothercharsotoristic of a successful salesman. Everything was so strange, so disconcerting ! He felt like an infant learning to respond to a new world. Every step forward was an experiment observed with possible mis

Oh, it was hard, hard! Many a man in a similar position would have given up six times over. But Erickson had in him what many a man does not have-what is better then eyesight-a spirit that could not be daunted.

"My difficulties are no greater than the nommon run; they are simply mine"-he would say. 'Just give me time, and I'll got the best of them." Every day Erickson became a better workman, surer of his environment and himself. Weeks passed by, months, final-
