THE WAY TO WIN

"Strike" while the iron is heated, "Panic" and the iron is cold. If you strike the iron when it is hot it will never be hot.

A DANGEROUS ANIMAL

The lesson in natural history had been about the rhinoceros, and the teacher wanted to know how well the lesson had been learned.

"I know, teacher, I know!" called little Angelo Jones, in a battle-fright.

"Well, Angelo, what is it?" "An automobile."

Children Cry FOR FLEYSHER'S CASTORIA

DOC. LOOKED PLEASANT Mother had had her little girl to see the doctor, "I like the doctor, ma," she said, "I wish he was my father."

"Why, don't you like your father, dear?" asked ma, in tones of reproach.

"Oh, yes," said the little girl, "but I'd like to have a smiling father like the doctor's."

"RUN AWAY? NOY HE!" "During a recent air raid the following incident occurred in London, Eng.:

"A certain woman was so badly shaken by bomb close by that all the dust accumulated on rafters, travelling cranes, etc., began to fall.

"A cry of 'viva' was raised and a stampede began. But an old Irishman cried: 'I'd rather be poisoned than run away from them fellows.' He wrapped his coat round his head and lay down where he was.

When the scare was over and the men returned, they found him still there, fast asleep."

VERY INDEPENDENT A young Irishman entered a chemist's shop, pointed to a stack of castle soap, and said: "O! want a lump o' that."

"Very well, sir," said the assistant. "Will you have it scented or nonscented?" "O! will take it with us," said the Irishman.

KNOW HER BUSINESS Patient to (Dr. Pretty Nurse)—Will you be my wife when I recover? Pretty Nurse—Certainly.

Patient—Then, you love me? Pretty Nurse—Oh, no! That is merely a part of my treatment. I must keep my patients cheerful. I promised this morning to run away with a married man who had lost both his legs.

DOCTORS DID NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Restored Mrs. Bradley's Health—Her Own Statement.

Winnipeg, Canada.—"Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth. The doctors said it was a tumor and could not be removed as it would cause instant death. They found that my organs were affected, and said I could not live more than six months in the condition I was in."

"After I came home I saw your advertisement in the paper, and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women."

Mrs. ORILLA BRADLEY, 224 Johnson Ave., Winnipeg, Manitoba, Can. Why will women take chances or drag out a wretched, half-hearted existence, missing three-fourths of the joy of living, when they can get health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ailments, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, obstructions, irregularities, etc.

If you want special advice write to Lydia E. Pinkham's Vegetable Compound Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

The battle without goes as goes the battle within. Especially the man who never pays his debts has none.

Lying lips are none the better for working in a prayer useth. Children and chickens are fruitful cause of neighborhood feuds.

No duties are better done than those we do without thinking of duty.

CASTORIA For Infants and Children Always Bears the Signature of Dr. H. H. Fletcher

NO ROOM FOR FAUNA "No more summer cottages for me," he declared, as he kicked his travelling bag under the seat of the street car.

"We weather got into you?" asked the friend. "It's not that," he said mournfully, "the trouble is my wife's no fond of company that she filled the place with her friends and relatives and I am lucky if I can get under the roof when I go down for a week-end. It's a shake-down in the corner of the hammock on the veranda for me."

EXERCISE FOR MA

A lady schoolteacher tells the story of how, in the course of her work she was invited to a farm home that had been remodelled, fitted with many labor savers and in a great many ways made convenient and comfortable. The kitchen was about twenty feet long, at one end of it was the range and near it a sink had been installed with running water and hot water tank.

The housewife would work at the stove and sink, wash her hands and then travel all of that twenty feet and slip them on a roller towel which hung on a door at the far end of the kitchen. When Mrs. H. had made this trip, maybe a dozen times, the teacher suggested that the towel be hung near the sink.

Mrs. H. was surprised. "Why law me, I never thought of that," she said. When she came in Mrs. H. said, "Cyran, the teacher says I travel a good many miles back and forth to that towel and she suggests hangin' it here by the sink."

Cyran stiffened immediately. School-ma'am dictate to him! I guess not!

"Wall," he said, "I low that towel has hung on that one door for the last twenty years and I reckon it kin hang there for the next twenty."

HAD CHOLERA INFANTUM.

Doctor Said He was in a Very Dangerous Condition.

Mother cannot watch their children too closely for signs of cholera infantum, as this disease carries off thousands of infants during the hot summer months.

Mrs. Geo. W. Garland, Prosser Brook, N.B., writes: "Last summer my boy Joe, then a year old, was taken sick with cholera infantum. He was so bad the waste matter from the bowels looked as if it had come from a broken bowl. I sent for the doctor and he said he was a neighbor, about a mile distant, and said my boy was in a very dangerous condition. He sent me some tablets which made the child vomit, and when he learned that they were to stop it, in which I continued using, and when the Fowler's Extract of Wild Strawberry bottle was all used my boy was cured. I thought it only fair to let you know about it."

Dr. Fowler's Extract of Wild Strawberry has been on the market for over 70 years, and is known from one end of Canada to the other as a positive cure for all bowel complaints.

When you ask for "Dr. Fowler's" be sure you get what you ask for as there are many cheap imitations on the market. The genuine is manufactured by The T. Milburn Co., Limited, Toronto, Ont. Price, 35 cents.

WHAT THE TROUBLE WAS One day, as two children were playing, their mother gave them an orange between them. She said to the little boy, "Now, be sure you give your sister the lion's share." On returning their mother was surprised to see the little girl crying. She asked what the trouble was, and she heard the boy had eaten all the orange.

"Wall," said the boy, turning to his mother, "you know lions can't eat oranges."

Only the uninformed endure the agony of corns. The knowing ones apply Hollowsay's Corn Cure and get relief.

Children Cry FOR FLEYSHER'S CASTORIA

DARK TO ADVISE THE KAISER A narrative in the Temps, of Paris, written by a neutral subject who has just returned from Germany suggests the disgrace of Marshal von Hindenburg.

The writer explains that in the last informed circles in Germany it is believed that "von Hindenburg was disgraced through declaring to the Kaiser that the war appeared to him to have reached the point where it was necessary to obtain any peace terms that might be offered."

The Kaiser to find some means of stopping this endless slaughter. "The Kaiser told him to hold his tongue and dismissed him from his presence, and immediately appointed Gen. von Mackensen to take his place."

Exhausted from Asthma.—Many who read these words know the terrible drain upon health and strength, which in the train of asthma is often met. Many do not realize, however, that there is one remedy which will surely stop this drain.

Dr. J. D. Kallag's Asthma Remedy is a wonderful check to this devastating ailment. It has a countless record of relief to its credit. It is sold almost everywhere.

And many a horse has been badly road because money talked to the jockey. From the fruit dealer we get our jams—and from the wet goods dealer we get our Jan-jams.

It's an easy matter to fill teeth—all you have to do is kick a savage dog and then wait a little.

When a pessimist takes unto himself a better half his worst fears may be realized. Women are always ready to kiss and make up—but they usually make up before they kiss.

Was Constantly Troubled With Boils.

HAD NINE ON HIS ARMS AT ONCE. Burdock Blood Bitters CURED HIM.

Boils are caused by bad blood, and unless the blood is made pure you cannot expect to get rid of them. Cleanses and solves will do you no good. You must get at the seat of the trouble by using a good internal blood purifying medicine such as that grand old remedy Burdock Blood Bitters.

Samuel Burdick, Tatumagouche, N.S., writes: "Last summer I was constantly troubled with boils. I had nine on my arms at once. I thought it was caused from bad blood so I got two bottles of Burdock Blood Bitters, and after the first bottle was done I began to feel a great deal better, and before the second one was finished I did not have any more. Since I have used it I cannot recommend B.B.B. too highly. Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont."

REMARKABLE PHOTOGRAPHY

Word comes from Copenhagen of a new instrument that bids fair to be of incalculable value to the human race. The description of it given in the London Morning Post is as follows:

"This remarkable apparatus, invented by M. Schirn-Friedrichsen, holds great promise of results in the surgical profession. It permits the photography of the interior of the stomach by means of the mouth, thus enabling physicians to locate various ailments and other abnormal affections. Recent tests in London have yielded successful results."

THEY SAY CLOSE

The fact that they were the centre of attraction and that some of the passengers went so far as to laugh outright and make uncomplimentary remarks about them did not seem to bother either of them a bit.

He had one arm over the back of the seat and around her, while the other hand tightly grasped one of hers. Her head inclined towards his manly breast and he whispered sweet little nothings in her ear.

"Nowly well," suggested a passenger. "Nowly well, I should say," said another.

THE LIMIT OF BEING TIRED

Tommy—Pa, am I nearly being tired of doing nothing, isn't it? Tommy's Parent—Yes, my son, with the addition of being too tired to do anything else.

A Remedy for Earache.—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for a doctor. Dr. Thomas' Electric Oil offers a simple remedy. A few drops upon a piece of lint or medicated cotton and placed in the ear will work wonders in relieving pain.

CONSTIPATION CAN BE CURED.

There is Nothing To Equal Milburn's Lax-Liver Pills For This Purpose.

Imaginary troubles cause more worry than real ones. If it wasn't for the weather lots of people would have no excuse for talking!

Mrs. A. Cumming, Manchester, Ont., writes: "I have been troubled with constipation for over five years, and feel it my duty to let you know that your Milburn's Lax-Liver Pills have cured me. I only used three vials, and I can faithfully say that they have saved me from a large doctor's bill."

Milburn's Lax-Liver Pills regulate the flow of bile to act properly on the bowels, and thus keep them regular. Irregular bowels are the main cause of constipation.

The price of Milburn's Lax-Liver Pills is 25c per vial or 5 vials for \$1.00, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

DECLINE SUBSTITUTES

THE MIGHTY TRAFFIC Appealing for support in the movement to get rid of the terrible drink traffic and drink habit, Mr. Parker, who is sister of Lord Kitchener, said recently in a meeting at Glasgow:

"My brother is trying to beat the fiend. It is not his place to try to beat drink. It is the place of every British man and woman to back him up and to put an end to the degrading and inhuman state the country is in. The workers know that justice will be done to them for the overtime and work they do, and it is a terrible thought that in consequence of any industrial stoppage or delay perhaps one extra man at the front would be wounded or lost. The King and Lord Kitchener—neither of whom is a crank—have said that it is absolutely necessary to close up their cellars, and many have followed their example. The only difficulty in the over-whelming power of the trade, which was asking enormous compensation. We can do away with that by having no drink. What compensation is needed? The business is a speculation. Then there was talk of unemployment that would be caused and that 100,000 young men would be affected. Why couldn't these young men go and do something useful, fill shells or fight the enemy?"

THE USED TALENT "The world has a happy knack of multiplying only the used talents. It leaves the unused talents only, and multiplies them into a harvest. To sigh for the increase without awaiting for it is to wish without working for it, as foolish as it is fruitless."

A safe pill for Bufferers.—There are pills that violently purge and fill the stomach and intestines with pain. Parma's Vegetable Pills are mild and effective. They are purely vegetable, no mineral poisons entering into their composition and their effect is soothing and beneficial. Try them and be convinced. Thousands can attest their great curative qualities because thousands owe their health and strength to timely use of this most excellent medicine.

THEIR FUTURE

Johnny Jones, the office boy, had been detected in a lie. It was not one of the ordinary provocations of the everyday world, and moreover, to make the crime more grievous, he had persisted in clinging to his original mendacious statement.

"Do you know, my lady," asked a rather factually shrewd, in a kindly fashion, "the innocence of young lady who trifles with the truth?" "Yes," was the assured reply; "I know and then out as travellers when they grow up."

HIS REPLY

"'Twas the prize day at school, and little Biddle came home without one of the coveted honors. But his spirits were in no way depressed. His prize-less condition was not considered by him to be taken any inferiority to the others. When he was asked by his mother why he had not received a prize, he replied—"I very near got a prize, only before my length was reached the prizes were all done."

WAS SO WEAK WOULD HAVE TO STAY IN BED.

Milburn's Heart and Nerve Pills Cured Her.

Mrs. J. Day, 254 John St. South, Hamilton, Ont., writes: "I was so run down with a weak heart that I could not even sweep the floor, nor could I sleep at night. I had to stay in bed all day as I was so weak. I used three and a half boxes of Milburn's Heart and Nerve Pills, and I am a cured woman to-day, and as strong as any one could be, and am doing my own housework, even my own washing."

"I doctored for over two years, but got no help until I used your pills."

Milburn's Heart and Nerve Pills are 50c. per box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
