J. A. WILLUGHBY,
Farm Selling Specialist,
Georgetown.

The Acton Free Press

THURSDAY NOVEMBER 11, 1918

BRIEF LOCAL ITEMS

Summer time is over, winter'll soon be here. Get ready.

The weather this week has looked very much like a spell of Indian Summer.

All the crossroads hill boards are still, recently decorated with auction sale posters now.

Rockwood, Everton and Orton will be made recruiting stations for the 7th Battalion.

Major W. Denton, editor of the Champion, is completing his fifteenth year as County Clerk of Halton.

Joseph Kennedy, son of Mr. John Kennedy, Church Street, has enlisted in the Queen's Own regiment, Toronto.

Rev. Mr. Evans, of Toronto, preached in the Baptist Church last Sunday. He also took part in the Sunday School services.

The new stone road on the second line, through the Dublin Swamp, is completed and is a very fine place of travel.

Runday will to "Tuberculosis Day" of the Hoy Roots, who will distribute literature at the various churches in the town.

A special business meeting of the Red Cross Aid Society will be held in the rooms over Russell's store this afternoon at three o'clock.

Chancellor Boyd at Guelph Hall, Toronto, has made an offer for liquidation of the Ontario Brewing & Malting Co., of Guelph.

There was evidence on our streets on Tuesday that the Acton lads are not "Out of bounds" to men wearing the King's uniform.

By a unanimous vote Oakville town council passed a resolution to introduce a Local Option by law, without a petition from the electors.

Mr. Joseph Bell's new two story brick house on Frederick Street, is nearly completed. It is quite an attractive and comfortable place.

Mr. Fred Holm has purchased the double stone house at the corner of Mill and Guelph streets. The property will be considerably improved.

—Billed out on a botanical expedition on Saturday morning several hundred of woodchucks, field mice, etc.

Oakville town council has purchased the McMillan building for \$2500. It will be utilized as a town hall to replace the building destroyed by fire last winter.

The new registry office in Milton is rapidly nearing completion and will be a fine building. The new residence for the Governor of the Jail is also nearly finished.

James Heatley, James Laird and Robert Hall were each fined \$50 and costs or twenty days in jail at Brampton last week for violation of the Canada Temperance Act.

That section of the county roads from the Dublin crossing northward toward Acton, for one lot, is being resurfaced with broken stone and will also be rolled with the steam roller.

The Canadian Rapist, which adopted a new dress last week, is much improved in appearance. The Rapist is worthy of a home in every house of the communion it so worthily represents.

The delegates to the Golden Jubilee Convention of Ontario Sunday School association at Toronto will give a report of the proceedings of the year meeting on Monday evening in the Methodist Church.

—A prisoner taken to the cells in town hall on Monday evening complained that their sanitary condition was not above reproach. A weekly inspection by an officer of the Board of Health would result in improvement.

A glance at the list of the contents of the November issue of Red and Blue in Canada magazine indicates that this number is of general interest to the outdoor lover and sportsman, while a reading of the musical journal is just impression.

—The Royal Forester, established thirty years ago last week. For the three decades it has been under the control of Mr. White, the present editor, and has made itself a factor closely associated with the progress and history of the country town.

\$100 REWARD \$100

The reader of this paper will be pleased to learn that there is a team of drudges disease that science has been able to cure to all its stages and that is cataract. Cataract can easily be relieved by medical treatment.

Hall's Cataract Cure is taken internally and acts through the blood on the eyes. It is a safe, simple, effective and destroying the foundation of the disease giving the patient strength by building up the constitution and assisting nature in the removal of the cataract.
