ACTON ONTARIO

**SAY!**  
Some 30 miles from Toronto.  
About one hour's ride.  
In a place they call Georgetown.  
J. A. Willoughby resides.  
No flats over 400 farms.  
Of different shapes and sizes:  
No fancy talk no idle yarns  
If your farm is not so good,  
Your profits getting low,  
Just take a trip to Georgetown,  
Good farms to you he'll show.

**CATARRH CANNOT BE CURED**

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh has local disease, greatly increased by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is sold internally and acts through the blood on the mucous surface of the system. Hall's Catarrh Cure was prescribed by the best physicians in this country for years. It is composed of some of the best tonic known, combined with some of the best purgatives. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in its cure. Sent for testimonials, from F. J. CHENEY, 800, Tropic, Toledo, O. All Druggists, 75c.  
Hall's Family Pills for constipation.

**NEWS OF LOCAL IMPORT**

**Inspector Ferrah is Customs Officer**  
After twenty-two years spent in performing the duties of Customs Collector at Oakville, Capt. M. Ferrah has resigned. He has been succeeded by W. A. Ferrah, who is of his County License Inspector for a number of years. Mr. Ferrah assumed the duties of his new position last week.

**Must Observe the Law**

The liquor license holders who break the Ontario Liquor License Law in the "boot" period will not escape prosecution because the Ontario Temperance Act comes into operation on Saturday. The view at the Parliament Buildings is that for an offence committed prior to September 10th the defendant is liable to prosecution after that date under the liquor license act.

**Y. M. C. A. Secretary's Death's Visit**

Two splendid sermons were presented in the Methodist Church on Sunday by Mr. P. Keaton, D. D., of the Y. M. C. A., Guelph. In the morning Mr. Keaton gave a very helpful and interesting analysis of the "boot" period, and in the evening he gave a most timely and inspiring message on "Your Life's Work" and was a strong appeal to the hearers to live a life honoring to God and helpful to others.

**Boy Scouts' Church Parade**

Acton Boy Scouts will parade from their rendezvous in Exhibition Park to the town hall for divine service at 10 o'clock next Sunday afternoon. Acton Citizens Band will lead the parade. Rev. Mr. Jones, of the Baptist Church, will preach the sermon and Rev. J. C. Wilson and H. W. Avison will assist in the service. A union choir will lead the singing. The order of service and hymns to be used have been printed.

**Was Drunk and Profane**

Cy. Kennedy, a Georgetown huckster, came to Acton on Thursday last and went directly from the train to the nearest bar-room and loaded up with liquor. About five o'clock, very drunk, he proceeded down town. Near the Post Office, while using vile profanity he ran into the arms of Chief Lawson, who arrested him and took him to the "lock-up." When he had become sober he was very penitent. He came before H. P. Moore, J. P., was fined \$1.00 and costs, and then proceeded to walk home to Georgetown.

**Another Honour to Electric Road**

A dispatch from Guelph says: "Although no announcement has been made, it is expected that the Toronto-Huron-Halifax line between Guelph and Toronto will be in operation about the 1st of October. One of the officials was the city to-day arranging for the opening of a stock office, and he stated that arrangements for the opening of the road are maturing. It is understood, however, that if enough power could not be obtained to furnish the work the road will be opened by steam."

**Michigan and Ontario United**

The marriage of Miss Nellie Augusta Butlin, daughter of Mr. and Mrs. Lynn B. Butlin, of St. Clair, Mich., to J. Mackenzie Jarvis, of Guelph, Ont., was solemnized Tuesday, Sept. 12th, by the Rev. Norman La Marche, of the Richmond Methodist Church. The bride wore a handsome travelling gown, of midnight blue with large black velvet hat. Following the ceremony an elaborate wedding dinner of several courses was served at the home of the bride's parents, after which Mr. and Mrs. Jarvis left for a honeymoon trip. Upon their return they will be at home, 112 E. Jarvis, in Guelph, where the bride and groom will entertain their friends. Both are popular among a large circle of friends.—Purd Huron, Mich. Times.

**A Great Fair Night Concert**

The fair night concert has always been a feature of Acton Fall Fair and a fitting climax to the last day's success. It has always been deservedly popular and largely attended. The Committee for this year's concert has been very successful in securing an unusually fine group of artists. They comprise the illustrious vocalists, Dances R. Cowan, Toronto, who has captivated his audience all season in this section. Miss Mary O'Brien, of Acton, whose voice has been a high light of the concert season and there are great expectations of pleasure resulting from her numbers. Miss Mildred Walker, the big audience by her singing, has been engaged. Mrs. A. A. Westlock is the concert pianist and accompanist.

**OBITUARY**

**Henry Jones**  
There passed away on the 22nd August, in the Township of Lindsay, one of the townships of the County of Hymans, N. Y., and George, of Auburn, N. Y. His daughters are Mrs. Thos. Burton, of Hymans, Mrs. John Hare, of Acton, and Mrs. Robert Gibson, of Lion's Head. The remains were being conveyed to-day in Acton, Ontario, by the Ontario Railway, of Farnside, presiding.—Wartan Echo.

**SOME OBSERVATIONS**

At the ringing tones of the school bell floated over town on opening morning, many scores of Young Canada were gathered up their books, or were already well on their way to the seat of learning at the head of the green-wooded Education Lane. To many it must be a sort of nursery where the youngsters of parents who, during the holidays, have had none or less concern, often leave—for their welfare on the street, or horse or auto, and incidentally imbibe a few elements of future knowledge.

The attendance of those for the advanced or Continuation Classes appears to be somewhat less. Indeed it is common talk that several have been seized with a sort of epidemic of going abroad and are continuing their studies elsewhere. The disaster which overtook candidates in the Department examinations throughout the province this summer was felt to a considerable extent here, and a sudden panic seems to have seized several. To an outsider it seems that parents should give serious consideration to the necessity of loyalty to an institution which, during the last dozen years, has been so productive of a high average of good results, and which is even now well in place among others of its kind. There may be an attractiveness about running away, "on the cars," and being out of home influence, but examination results to the few Acton pupils who heretofore have tried other places do not warrant much in this direction.

The wreaths of the hopes of High School students in Ontario, according to reports, has been very serious. In Winged, and being out of home influence, but examination results to the few Acton pupils who heretofore have tried other places do not warrant much in this direction.

Just in passing, remarkable instances of the work of our school is shown the summer. One of the successful ones, graduating for Normal School and matriculation was the last of four of one family who have gone through Acton schools and arrived at the same position and are now fairly on the way for useful lives. Starting here as jolly little fish boys and girls, likely the very fact of their nationality joined with their good conduct and studious application, has resulted in a somewhat remarkable record for the well known family of O'Brien.

In all fairness to prevent house-borders, temperance people, opposed to the open bar, should give all possible reasonable aid to the cause, and have run off to some other one who simply niggled on the restoration in course of effect, and got the credit for the cure.

It is a pity that the school is not more efficient, just now, than it is. The school and teachers here will know, if the students do not, that they were well prepared for it there. Many a patient has wept for the work they did for their own good, and have run off to some other one who simply niggled on the restoration in course of effect, and got the credit for the cure.

**ACTON BOY SCOUTS**

Extra Fux Pallas.  
Sir: One cannot help but express admiration for the boys for the kindly interest he has taken in the boys of Acton, and for the organization of the Boy Scouts. It is surprising how the newly formed troop has made headway in so short a time. I am sure their drilling and discipline are as good as any other troop of 18 months' standing.

Those who saw the boys march to the station on route for the Exhibition last week were greatly impressed by their smart appearance and their marching was admirably good for their age. The boys were equipped of the fact that they were out for a good time and also to have the honor of being inspected by H. R. H. the Duke of Connaught.

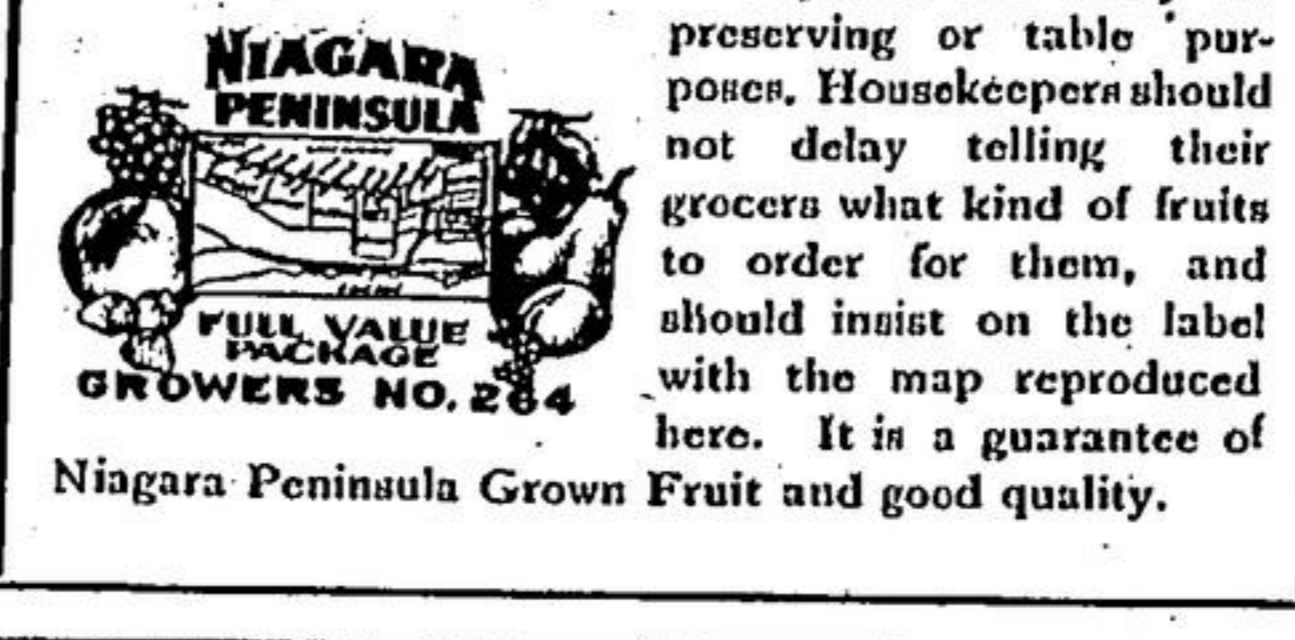

When we read how the Boy Scouts have been so useful in these distressing times, we should feel proud of them, and should encourage them all we can. Parents who have boys should urge them to join. The boys are proud of their Scoutmaster, more so owing to the fact that he is a man who has fought for his country, and it is easily seen that the Scoutmaster is proud of his troop. Any little effort put forth by the troop for the benefit of the cause will, I am sure, receive the whole-hearted support of residents of Acton.

**Yours faithfully,**

Tris FAVIRA of a Boy Scout, Acton, September 8th, 1916.  
Ten Days in Jail in Guelph  
The Guelph Herald says: "John Watson, of Acton, was arrested last night charged with the theft of a suit case and its contents from the Alliance Hotel. Our stable hand arrested Watson soon after and the property was recovered. In police court this morning Watson was convicted and sentenced to spend the next ten days in the county jail."

**FRUIT BULLETIN**

Niagara District Crawford Peaches are now in, and the best varieties of pears and plums are ready for preserving or table purposes. Housekeepers should not delay telling their grocers what kind of fruits to order for them, and should insist on the label with the map reproduced here. It is a guarantee of Niagara Peninsula Grown Fruit and good quality.

**ACTON FALL FAIR NEXT WEEK**

Let's Make This Year's Fair a Record-Breaking One

ALL TOGETHER FOR GREAT SUCCESS  
Acton Fall Fair is the next event of importance in the public affairs of the people of Acton and the surrounding townships. The date of our fair are Wednesday and Thursday, September 28th and 29th, and a big fair night concert will be the grand finale on Thursday evening. This is the great stock fair of the part belongs to the people of Acton and of the surrounding townships and its price lists are open to all, without any bars or fences. The premiums offered are attractive, especially for horses, but a glance at the list will show that liberal prizes are offered for all classes of stock, poultry, grain and dairy products, ladies' departments, culinary creations, fine arts and flowers. Success, notable success, has always crowned the efforts of its directors, towards the enterprise of its exhibitors, and all its visitors have been pleased with its attractions.

Our fall fair is not the business of any one set of men and women. The directors are not the only persons interested. Primarily the exhibition was organized for the purpose of affording the farmers an opportunity to come together to compare their stock and their produce, the object being to encourage them to aim for greater things. To this end, we have a large and of the opportunity is once more open to them. To induce the farmers to play a bigger part in the affairs of the exhibition the prize list has been extended and the awards being submitted are such as to be necessary in connection with bringing in an exhibit for the fair.

Therefore it is an important part to be played by the farmers, and the hope is that they will recognize their privilege over a wide area and help to make this fair a record one.

All does not depend on the farmers. In Acton there are two sections—the business one and the people, who must be interested in the fair. The fair is the past carried out their share of the fair for a way that cannot be complained of. When the members of the committee called on our business men they were cordially received and responded liberally.

It is a pity that the school is not more efficient, just now, than it is. The school and teachers here will know, if the students do not, that they were well prepared for it there. Many a patient has wept for the work they did for their own good, and have run off to some other one who simply niggled on the restoration in course of effect, and got the credit for the cure.

For Friday and Saturday of this Week we Announce

**Our Fall Openings!**

Then the season's most distinguished style examples in fall fashions will be on exhibit. Inspired by our keen desire to create at once even more enthusiasm than developed on the first day of our Fall Opening Display a year ago, we have this year elaborated upon it, first by broadening the number of authentic models in apparel and second by showing greater distinction and novelty features in the important series of Annual Events. The effort has, we believe, been wholly successful and we submit the results to you confidently, modes which, on mature deliberation were not considered worthy because lacking the strength of new and featured touches, were discarded, and many so-called "popular" ideals were rejected in favor of models whose greater distinctiveness was readily apparent. Therefore we say that "The Season's Most Distinguished Style Examples in Fall Fashions Will be on Exhibit."

New Coats whose graceful lines reveal rare distinction. New Suits whose style features are unusually smart. New Millinery with a captivating charm.
