BRIEF LOCAL ITEMS

Thanksgiving fowl were scarce and brought premium prices. Monday night's heavy frost finished the flowers and the growing garden stuff. Every selector should poll his vote at the Shoe Factory by 11 a.m. Monday. Mr. A. E. Nicklin is improving his residence on Howe Avenue. Electric light has been installed. A good deal of fall wheat of excellent quality is being marketed here now. The price this week is \$1.45. The Guelph Mercury and Herald announce their subscription rates hereafter to be \$1.00 for their weekly editions. A meeting of the Directors of Acton Fall Fair will be held in the Council Chamber this afternoon at 3 o'clock. Sunday, with its bright sunshine and high temperature was like a summer day. The mercury registered eighty degrees. The prospect of the establishment of the new shoe factory, here has already given real estate impetus and created a demand for houses. The fire at Glen Williams last week completely destroyed the plant of the Malone Knitting Co., and seriously damaged the Glen Woolen Mills. Acton is preparing to give the 16th Battalion a very hospitable reception when they reach the town on their long trek from Camp Borden to Hamilton. Rockwood Fair last Friday was a decided success. The weather was ideal, the crowd immense and the exhibition all that a first-class rural fair should be. Non-resident voters are equally interested in residents in the passage of the Shoe Factory By-Law, and should be in town next Monday to poll their vote. A convention of the Liberals of Hamilton has been called for Wednesday, October 18th, at Milton, to nominate a candidate to contest the county for the Ontario. Good morning! Have you renewed your Pax Paper subscription? Renewal rate will be \$1.00 per year until November 1st. After that date the rate will be \$1.20. There is renewed activity on the Toronto-Niagara Electric road here. A large gang of construction men have taken quarters in houses on the railway property in town. There have been many beautiful views of duty fatal autumn leaves on the landscape this week. Among the most attractive have been that down the mountainside between Epsalton and Milton. There is to be a official war in the Provincial License Board upon so-called "poor wives for travelers" and other alleged medicinal alcoholic preparations. Many of these contain large quantities of alcohol.

MILITARY NOTES

Mr. Joe Kennedy has gone over from England to France. Mr. Elmer Stewart went overseas with his regiment from Brandon last week. In one of the British Red Cross rest stations in France, 30,000 men were fed and 1,500 blankets were recently in requisition. The members of Acton platoon of the 16th Battalion, who were honor on a week's enjoyable four-day leave, returned to camp Monday afternoon. Mr. W. McNabb returned to Hamilton over the holiday to say good-bye to his wife and Mrs. Nell Bennett, who leaves for overseas with his regiment, the 17th Highlanders, on Saturday. Gunner A. M. Smith was home from Paterson Artillery Camp for a week-end visit. This was his last leave before going overseas. His Battery, the 50th, leaves for England on the 15th. The Pax Paper has received from Mr. A. W. Large, who is now attached to the Canadian Ordnance Corps at Borden, a copy of "Canada" an illustrated weekly journal published at London, Eng. Mrs. John McKinnon was notified last week by the Board of Ordnance at Ottawa that her son, Pte. John McKinnon, who sailed in Edmonton last February and went overseas in April, was wounded on the 21st of September by a gunshot wound in the hand. Private McKinnon lies in the same hospital in France as Corp. George Hynds. Pte. W. T. Andrew, of the 100th Overseas Battalion of Winnipeg, formerly of Acton, says a good number of the battalions are being taken across to England before winter. There has been a big military camp at Camp Hughes all summer. There was about 30,000 troops there but they will soon be leaving and shifting to winter quarters.

"THE TRAIL OF LOVE"

The Pax Paper acknowledges with cordial thanks the receipt of a copy of the new book by Mr. W. D. Platt, of Burlington, entitled, "The Trail of Love." This splendid work is an appreciation of Canadian pioneer life, and the fact that the scenes of the pioneer activities so vividly depicted are in the counties of Wentworth and Halton lends an added interest to the volume. Another element of interest in this rather unique enterprise is the fact that the book was prepared and published without any commercial intent underlying its excellence. It is not offered for sale, but has been prepared by its worthy author solely with a view to glorifying the pioneer and the wonderful achievements of his pioneer life in the counties named. Naturally the progenitors of Mr. Platt come in for prominent mention, and deservedly so. The Cummings, the Vlatas, the Richardson, the Harbottles, were the worthy sires and nurturers of worthy and honored descendants. The story of their pioneer life and environments is, however, coincident with that of many others in these two counties, and the rehearsal of their interesting experiences, indefatigable energy and loyal industry, family efforts should not only influence the admiration of the present residents of the fourth and fifth generations, but of all who may have the opportunity of the perusal of "The Trail of Love." Mr. Platt frankly admits that one of his purposes in writing the volume was the hope of instilling in the young men and women of today the same sturdy principles which prompted the pioneers in their work. His preparation has been a labor of love and should result in producing a lofty veneration for the sturdy, true things of the pioneer days in Canada. The strong uplifting faith of the early settlers in a Heavenly Father's protection, oversight and care are prominently set forth. The volume contains nearly 300 pages, is beautifully printed and is elegantly bound and was issued from the publishing house of William Briggs, Toronto.

IS IN NO. 3 WAR HOSPITAL

Letter From Pte. Samuel Fryar, Who Was Wounded September 9th. Mr. Samuel Fryar, whose son was recently wounded in France, received the following letter from his last week: No. 3 War Hospital, Reading, England, Sept. 10th, 1916. Dear Father: I received shrapnel wounds on the 9th Sept. and am now in hospital in England. I was wounded in both legs and left shoulder. These pieces of shrapnel have been taken out of my right leg and one out of the left. You needn't worry about me for I am getting the best of care. I suppose you are pretty busy now getting in the crops. I wish the war was over so that I could come home and help you. How is Gertie's little colt getting along and the new horse? Hope you are all well. Have you had any word from Harry lately. I have had no word from him for a long time. I expect I will be in England a couple of months and can't tell you what will happen after that, but don't worry about me for I am all right. Yours lovingly, Sam.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. It is perfectly healthy so long as it has a network of nerves, but when health is ebbing, when strength is declining, the nervous system gives the alarm in headaches, tiredness, chronic sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. Free from harmful drugs. Scott & Bowring, Toronto, Ont.

British Red Cross Appeal

A second appeal from the British Red Cross Society has been made to the citizens of Ontario. Rev. H. H. Reynolds presented the matter at the meeting of the Council on Tuesday evening. The Rev. and the Clerk were requested to arrange for a canvass of the town for funds on Trafalgar Day, October 19th. The work is worthy. It brings comfort to our wounded soldiers at the front. Last year Acton contributed to this fund \$141.50. The need is now greater and a larger sum is therefore asked for.
