eache best closer to examin the speckling stone on her bloce's flager. Ruth blushed prettily. "It lin't very big," she answered, "but it is the best that John could shard, and I wouldn't trade it

for the finest jowed in the world." Aunt June cighed, and her usually hoppy face took on a wintful expression. "It has tion the ambition of my life to have a dismond," she could led. "I've never wild much to envoce shout it, but I know you' will understand "

Ruth nodded, though the idea of Aust Jane's longing for anything as frivolous as s distinged had never entered her bead.

"Hiram was shipping love at a dollar and aquarter a day when we were engage ed," Aunt Jane west oa. "It was out o QUELVI the question for bles to think of beying . dismand, even se cheep se they were their, and I know it. I made him believe that a rlain ring would do as well, and tried t look the other way when Ann Walton got engaged to a city man and came out with a diamont se lug se a per. "Well, after a while Hirem got quite a

pile of money laid by, and we were married and went to Chicago on our wedding trip. We happened to be walking past one of the hig jawellary stares one day and the show window was full of diamond rings. I just stopped and gasped. I guass Hiram saw from the look on my face what I was thinking about. 'I never did get you a diamond yes, did I Jane ? he said, with his good-natured laugh. 'You pick out to do with that fifty dollars I made out of start. that horse trade with Squire Perkins.' He laughad leartily at that, for he was wightily pleased to think that he had beaten the cally. old squire. Then he reached back to see If his wellet was still there, and you ought to have seen the took on his face. Yes just enough money left in my purse to pay

the hotel bill ; so we had to leave for home on the first train. "Of cour-e that was the end of my dismond, for there was two hundred dollars in that wallet. Hiram didn't say any nore about the diamond for twenty years, until be had the farm paid for. I didn't say anything either, though I did a good deal of thinking, and it seemed as if I wanted it worse every year. I don't know why, either, for I never was much of hand for finery. It just seemed as if my heart was set on a diamond, and I couldn't be happy until I had one.

"One day a lew weeks after the mortgage was paid Hiram came in and counted out twenty five dollar bills on the table. 'That's for your diamond, Jana. I know how had you have been wenting it, and guess we have come to the place now where we can afford it.

"I was so excited that I could hardly sleep that night, for I planted on having Hiram drive me to town the first thing in the morning so I could get that diamond Before he got the team hitched up, though there came the mail man, with a letter from my sister Emily in the West. He husband was well-meaning, but between drought and grasshoppens, he never seemed to get ahead any. She told about her oldest boy being lame on account of having law. burt his knee on the ice, and how the dootor said he never would get any better without an operation, and that the opera tion would cost a hundred dollars, which they didn't have and didn't know how to

time Emily had always had. Then thought about my diamond money, and Jane,' he said, 'but I guess maybe you're right,' and he went and put the team

"I JUST KEEP A-GOING"

Early in the winter, a crippled man of shout sixty years, went through the neighbertood seeking work.

"I'll be glad to turn my hand to anything," he said sarseatly, "tending luracoes, shovalling enow, washing windown, or kitches work! My daughter saye I'm real heady about a kitchen-Y belo bere lot. And I'm strong la my sree -it's only my feet that even't right !"

Hisse the spolfest that had orippled him and kept him in the hospital for some months, he had been out of "steady work," and "coulde't beer to bee burdes to folks," be explained. "I do enything," he re-

More from pity then from any other motive, the woman to whom he made this application, began to look about for work which he could do, thinking that the expenditure of money would be an act of

"You may try shovelling the walks," she suggested, somewhat doubtfully. The snow had been been and the hundred and fifty feet frontage of the loss made it seem a rather difficult task. "You may do an much of it as you like, and I'll pay you for whatever time you put in !"

Cladly the man sallied forth, armed with a snow-shovel In a surprisingly short time he appeared at the back door, a broad smile on his face. "I'm done !" he announced.

"How much of it did you do?" she in "All of it," hereplied promptly. "Would you mind taking a look at it, please ?" And in surprise the complied. The walk was beautifully clean, and the whole hundred and fifty foot length of it. It was not a more ribbon-shaped path in the centre

man had been accustomed to making. The entire width of the walk was cleaned. "But how quick you are!" she exclaimed involuntarily. "There will be no trouble about you finding planty of work at this

of it, either, such as many a younger work-

"I'd be much shiged to you if you could recommend me to any of your friends," he

Since that beginning, this man has be-The experience of probibition in Ontario bood. As long as the snow lasted he was come a well-known floure in the neighborin great demand. "He does twice as much in an hour as any young man I've ever emplayed," said one and another. It was soon in one week there was not a single drunk fractory furnaces and to empty overflowing come at regular hours and interview resah-boxes. It was found that his daughter's praise of him as "real handy about a kitchen," was no empty boast. He polished windows till they shone, and he scrubbed floors till they suggested Spotlers Town indeed. "How does he manage to do it all-orippied as he is ?" speculated one of his pleased employers. Bpring following winter rather abruptly, brought him still plenty todo. The family for whom be had done his first work as a snow. shoveller, sugared him to rake over the garden plot for seeding. Again they were called upon to marvel. In ten boure the work was accomplished, and well done, works well in Toronto, Hamilton and Loutoo. "And last year we paid that young Vrishie for two days', work and he didn't Another result of prohibition is a considdo it half so well, either," commented one rable improvement on business. The of the family.

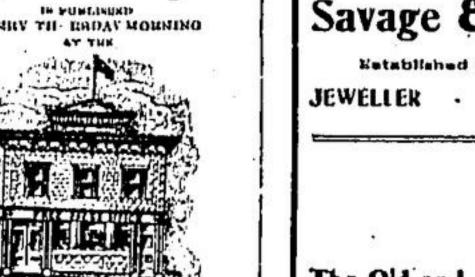

"You have done more in these ten hours than any man we've had yet." he remarked as he neld the two dollars and a half nto the roughened palm.

The man looked up with a pleased smile. 'I'll tell you how it is," he will confidentially, "it isn't that I'm really any quicker than other folks, it's just that I keep going !"

There is a whole world of good sense to his mathods, too. "Just keep a going and what can't all of us accomplish?---aspecially we who are not liandicapped by physical troubles such as his?

Here is Fred, who has only a very "aver age" mind and no special aptitude for mathematics, but he is determined to make s escoses of his school work, and he "keeps a-golug." He turns a deaf ear to the entreatles of his friends to go to the ball game, when he knows to-morrow's studies are upprepared, and so next day he is alike to salve the difficult problem that the brillant boy of the class fails ignominiously to do. You see be just "kept a going" till the right time had come to stop. And he carries this spirit through the entire highschool course, with the result that the parents of some of the other boys are surprised to see Fred's name in the honor list at Commencement time. How strange it seems when every one knows that he lan't half so brilliant as many of his placemates who merely "got through" by a narrow margin. Ah, but the secret of it all is plain to see. "Just keep "a going" in the A fool and his money is a combination | right direction, and success is almost sure
