—LETTER FROM PTE. SAM PRYER

Has Been Discharged from Hospital and is now Serving in the Cook House

Mrs. Pryer received test. week the following letter from her nephew, Pte. Sam Pryer, who was wounded some time ago:

Shropshire, England,

October 20th, 1910

Dear Friends at Home:

This is to let you know I am now out of the hospital and back to the Canadian Casualty Centre. It is some place! I tell you, here by the sea. I am getting along fine and am working in the cook house. I do not know how long this job will last, but hope it will be for the duration of the war.

The doctor at Bawdworth told me I would not be able to go back to France. I got my hand bandaged the front, the one I had broken at Mons. I am still a bit lame and cannot lift anything heavy with that hand. I am just doing light jobs such as cutting bread and things like that. I get lots of bread to eat. We have 2,221 soldiers here to feed now, so you may guess how much bread they consume.

You suppose you will have the crops in and the steeps pulled by this time. I hope the crops were good. They were certainly good ones over in France. The ones are all away and the women put in the crop and harvested it too. A lot of the soldiers are helping them some.

Hoping to hear from you soon,

I am your loving nephew,

SAM.

The reason of this paper will be pleased to learn that there is at least one dreadful disease that has not been able to conquer all the stages, and that is death. Death is in all stages, and the death of death. Death is being greatly influenced by constitutional conditions, requires constitutional treatment. Half-Carey's Cure is taken in the form of a salve, which is applied to the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the body, and removing the waste products doing its work. The proprietors have so much faith in the curative powers of Half-Carey's Cure that they offer One Hundred Dollars for a list of testimonials.

Address: W. J. CHENEY & CO., Toledo, Ohio. Held by all Druggists, 75c.
