EDITORIAL NOTES.

NOTES ON GREAT BRITAIN but in the United States as well there has been a call sounded within the last few days for increased production of foodstuffs. The need for more intensive agricultural methods may very well apply to Canada with a much greater justice than in the United States. Prices for food commodities and especially for potatoes have increased very substantially since the beginning of the war, and the phenomenal increases in the price of the last named article of food have been attracting the attention of all practical students of economics. Greater production of food should be Canada's watchword for the next twelve months at least.

The Hon. W. D. McPherson said some, thing worth repeating when, in speaking the other day he said that it was a great privilege to be of military age at this time, to be able to play a man's part in a man's game. "In a short time," he said, "recurring meetings will not be necessary, and all eligible men will know what it means when they do not soon offer themselves. The thousands of young men who will return from this war will occupy the premier places in the esteem of the people. Do you want to be one of them? The opportunity will not much longer be open to you, and you will regret it to the end of your days if you do not accept it." It is yet time to get into line and to enlist in the 164th Battalion.

The prohibition sentiment in England grows as the food situation in that country becomes more serious. In the early stages of the war the leading governmental affairs came to see that the liquor business was one of the real enemies with which the nation had to deal, the traffic having made fearful draughts on the strength and efficiency of England's fighting forces. As the war has progressed the shortage of the food supply has called attention to the fact that large quantities of grain are being converted into intoxicants and that this waste must be stopped. Some of the leading journals of England are now advocating total prohibition for the war. Many of England's leaders are coming to see that no compromise measures can be adopted and that in prohibition is the nation's safety.

THE GOVERNMENT propose to put Ontario women on a parity with men in municipal elections was introduced on Tuesday by Premier Hearst. It grants to the women of Ontario Womanhood Franchise corresponding to present Municipal Franchise, all women of the full age of 21 years who are British subjects and who have resided in the province for the requisite period being entitled to vote. The names of women will be placed on the voters' lists in time to permit of their exercising their franchise at the next provincial elections. Mr. Rowell endorsed the bill on behalf of himself and the Liberal and Conservative members of the Legislature. The bill was the outcome of the widespread campaign of the party for women's rights. He was prepared to go further and give women the privilege of occupying seats in the Legislature. Like the Ontario Temperance act of last session the bill will be passed by the unanimous vote of the Legislature.

CREWSON'S CORNERS
The mild weather on Monday was much appreciated after the very severe cold of the past two months.

Mr. E. J. Kingsbury held a very successful sale last Tuesday, when good prices ruled. This community was shocked last Thursday to hear of the death of Mrs. J. Murray, Churchill, in the Guelph Hospital. Mrs. Murray was a daughter of the late John Henry, who died last October, and had lived all her life in the neighborhood of Churchill. She was beloved by all who knew her and will be missed by a wide circle of friends. The funeral on Sunday was largely attended. The sympathy of a host of friends and neighbors went out to the bereaved husband and little daughter, and to her mother, sisters and brothers in their hour of grief.

A number of friends from here attended the funeral of the late Mrs. Peter Marbles, Acton, on Monday. Many friends extend sympathy to the bereaved ones.

Mr. W. L. Clark, who is lecturing in Rockwood this week, conducted the services here Sunday afternoon.

Mrs. Helen Wainwright is visiting friends in Toronto.

Misses Marie and Doris Lantz, Acton, visited at their grandparents a few days this week.

Mr. J. Lambert, Acton, spent Sunday with friends here.

Mr. George Dungey spent Sunday with his parents here.

164TH BATT. ORDERED OVERSEAS
Will be Among the Next Contingent to Proceed to England

General Inglis has been asked by Camp Headquarters at Guelph, to pick four battalions in the district which are ready for overseas and to report them to the Militia Department.

As a result of this, the 164th Italian and Dufferin Battalion, under Lieut.-Col. Percy Donoville; the 17th of Harris and Binwood, under Lieut.-Col. J. H. McPherson; the 21st of Hamilton, under Lieut.-Col. E. L. Burdon; and the 22nd of South St. Mary, under Lieut.-Col. O. H. L. Jones, have been reported to militia headquarters as ready for overseas, and have been recognized as the next to go from the district.

All four battalions mentioned are over 1000 strong, which means the clearing out of something over 2,500 more troops from this area within the next few weeks. This will leave only the 16th and 24th in the 1st Infantry Brigade, the 18th and 23rd in the 2nd Brigade, and the 17th and 21st in the 3rd Brigade, which it will completely wipe out the 4th Brigade of the 1st Infantry organization.

This will bring the total strength of the district down to approximately 4,000 men.

OBITUARY
Mrs. Peter Murray
With great sadness Mrs. Peter Murray was called away at Guelph General Hospital last Thursday, 22nd February. Mrs. Murray had undergone a very successful operation between two and three weeks ago, and had recovered rapidly that a message had been sent to Mr. Murray that she was ready to return home. That day as she was walking across the room at the hospital she suddenly collapsed from heart affection and rapidly passed away. Her maiden name was Edith Gertrude Murray, and she was the second daughter of the late John Henry, who died last October. She was married to her sorrowing husband thirteen years ago last September, and their first home was a happy home. Her unexpected death came as a great blow to her husband and widowed mother, who have the sympathy of all in their heavy affliction. Mrs. Murray was a fine type of womanhood. She was for many years a member of the Congregational Church, Churchill. The funeral on Sunday was largely attended. The remains were interred in Churchill Cemetery.

BRIEF LETTER FROM GUNNER SMITH
In Somewhere in France and Ready for Action at the Front

The following letter from Gunner A. M. Smith, was written in France on February 1st:

Dear Mr. Moore: There is not a great deal of news to send you, but Acton friends will be interested to know I am still going strong with the battery.

We are having beautiful weather. It is cold and clear. The roads are, however, badly broken up in spots and are very rough. We all dread the muddy season, for then both men and horses are simply plastered with mud.

I believe some of my friends in Acton have been kind enough to remember me with parcels, for my comfort, but up to the present in the shuffling of the mails, only one or two have reached me. I wish to thank the senders just the same for their kind remembrance.

I would like to tell you some interesting particulars of our movements, but you know we are restricted as to particulars. Kind regards to all Acton friends. Yours very truly, A. M. SMITH.

Style—Comfort Power—Economy

This new Overland Country Club Light Four is a distinctive and smart car in the low priced car class.

The rich gray body, with black fenders and trimmings, is set off to pleasing advantage by red wire wheels that give just the right flash of brilliant color.

The two comfortable front seats move forward or back, independently, and a spacious aisle between gives free passage to a roomy seat for two passengers in the rear.

For riding comfort, the Overland Country Club is a revelation.

An unusual demand for this model makes it necessary to place orders at once to secure spring delivery.

To City, Town and Village Dwellers in Ontario
A Vegetable Garden for Every Home

IN this year of supreme effort Britain and her armies must have ample supplies of food, and Canada is the great source upon which they rely. Everyone with a few square feet of ground can contribute to victory by growing vegetables.

Four Patriotic Reasons for Growing Vegetables

1. It saves money that you would otherwise spend for vegetables.
2. It helps to lower the "High cost of living."
3. It helps to enlarge the urgently needed surplus of produce for export.
4. Growing your own vegetables saves labor of others whose effort is needed for other vital work.

The Department of Agriculture will help you

The Ontario Department of Agriculture appeals to Horticultural Societies to devote at least one evening meeting to the subject of vegetable growing; manufacturers, labor unions, lodges, school boards, etc., are invited to actively encourage home gardening. Let the slogan for 1917 be, "A vegetable garden for every home."

Organizations are requested to arrange for instructive talks by practical gardeners on the subject of vegetable growing. In cases where it is impossible to secure suitable local speakers, the Department of Agriculture will, on request, send a suitable man.

The demand for speakers will be great. The number of available experts being limited, the Department urgently requests that arrangements for meetings be made at once. If local speakers cannot be secured, send applications promptly.

The Department suggests the formation of local organizations to stimulate the work by offering prizes for best vegetable gardens. It is prepared to assist in any possible way any organization that may be conducting a campaign for vegetable production on vacant lots. It will do so by sending speakers, or by supplying expert advice in the field.

To any one interested, the Department of Agriculture will send literature giving instructions about implements necessary and methods of preparing the ground and cultivating the crop. A plan of a vegetable garden indicating suitable crops to grow, best varieties and their arrangement in the garden, will be sent free of charge to any gardener.

Write for Poultry Bulletin

Hens are inexpensive to keep, and you will be highly repaid in fresh eggs. Write for free bulletin which tells how to keep hens. Address letters to "Vegetable Campaign," Department of Agriculture, Parliament Buildings, Toronto.
