RECIPROCITY IN WHEAT

The Government Adopts the Policy of the Liberal Party's last General Election was Fought

Ottawa, April 10.—The Government, acting under the provision of the war measures act, has abolished the duty on wheat, flour and wheat products, and thus taken advantage of the long standing offer of the United States for reciprocal free trade in these commodities. The order in Council was passed at noon today, and announcement was made this afternoon as soon as today's wheat market closed.

Free wheat, the long desired and long urged boon for farmers of western Canada, has been secured.

The Spring Clean-up
The disappearance of the snow reveals accumulations of ash, garbage and other refuse, which, owing to the covering mantle, are not visible during the winter. For this reason it is necessary, that an outdoor clean-up be undertaken, as well as an indoor. Clean up the area around the home. Dispose of the ash, and you will be surprised at the extent of grime you will be able to cultivate from the apparently clean surroundings of the home. As an encouragement to the people the municipal authorities should do their part. There should be an early start made on street cleaning and the opening up of outdoor spaces, and provision should be made for the removal of the refuse gathered by householders, especially on the boulevards fronting on their property. Canada's season for outdoor life is not long, and it should not be shortened by delay in cleaning up and making presentable our gardens, streets and open spaces.

The patient is in a serious condition, but it is hoped he will soon be around again.

The New Tarriva Macdonald Roadway
The new roadway on Mill Street has been mainly wintered well and gives every evidence of being a permanent and satisfactory piece of work. The Street Commissioner should lose no time, however, in giving it the usual spring cleaning. The dust from the droppings of the winter is now fast settling on a windy day and mechanics and citizens are naturally complaining. The spring cleaning and other streets should commence without any delay.

This week Mr. Joseph Hynds, cashier of the junior branch, son of Rev. Hynds, has been sent to Niagara Falls. Mr. Jones, of Toronto, and Mr. Francis, of Sarnia, and Mr. G. R. Halt on 20th Has Lost Four Officers
The annual meeting of the officers of the 20th Battalion, Hamilton Rifles, held at Milton, Ont., Col. Noble formally reported that four officers of the Regiment had been killed at the front since last meeting, namely: Lieut. J. E. D. Holt, Lieut. C. M. Carr, Lieut. E. T. Lallo, and Capt. G. O. McNair. The officers in session spoke warm words of appreciation of the standing and character of these four brave men who had made the supreme sacrifice and a resolution was passed asking Lieut. Col. Noble to convey to the "buried friends" the sympathy and best wishes of the many Hamilton homes that had been bereaved through the loss in the ranks that have fallen.

Annual Meeting of the M. E. S. S.
The Easter meeting of the Methodist Alliance Society of the Methodist Church was held in the school room last Wednesday afternoon. An interesting session was held. Mrs. A. T. Brown, President, in the chair. The report of the year was a highly interesting and helpful address by Mrs. (Dr.) McEwen. It was an Easter message of wonderful import and emphasized the work of women, its importance and its opportunities. High ideals were presented and the character, work and teachings of Christ and the godly women of the Bible were prominent. The missionary spirit was given prominence throughout the theme. The address was greatly enjoyed. A dainty luncheon was served upon the conclusion of the program. The Easter spirit was also impressed by the floral decorations. A generous Easter thank-offering was made.

SOME OBSERVATIONS

It is a pity we do not forsake business and other cares long enough to look around and be lighted and lightened by many of the facts of nature around us. These reflections were induced by a casual glance at the wilderness of old barlocks, the burrs of which were pulled full of light snow, at one of the last barries. The usual hideous unlighted objects were transformed into miniature top-bushes, which, although quickly vanishing in a rising temperature, served to show what a wonderful creation we have. The great Creator certainly gives many proofs of His desire to even please the eyes of poor earth-worn humanity.

In one of the reports of the Bureau of Archives there is a transcript of the record of the Parliament of Upper Canada at York in 1800. The address of Peter Hunter, Lieut. Governor, contained the following paragraph which has a strange resemblance to some things in our day, 117 years later:

"The guilty and deluded nation which has no long been the scourge of Europe still wastes its strength and exhausts its resources in endeavoring to win subjects and opposing the nations around us. Content in nothing it heedsly craves to the tyrant of the day and yields to usurpers a degree of obedience which its lawful sovereigns never exacted."

Force and artifice are alternately employed to violate neutrality, to break the most solemn treaties, to overturn established authorities, and to trample on liberty, property and life. His Majesty, neither fearing his power nor misled by his artificers, still maintains the conduct which will hand down his name to the remotest posterity as the protector of the rights of nations and the guardian of social order. The blessing of Providence follow his exertions, and while the unabated affliction of His subjects occurs tranquilly at home, the consummate skill and frictions valor which guide and animate his feet and armies enable him to battle every attempt from without that a faithless and implacable enemy is hourly making upon the dignity of a great, free and happy people."

Had Pneumonia

DR. WOOD'S
NORWAY PINE SYRUP
CURED HIM.

A cough is an early symptom of pneumonia. It is at first frequent and hacking, and is accompanied with a little tough, colorless expectoration, which soon, however, becomes more copious and of a rusty red color, the lungs become congested and the bronchial tubes filled with phlegm making it hard for the sufferer to breathe. Males are more commonly attacked than females, and a previous attack seems to give a special liability to another.

On the first sign of a cold or cough you should get a bottle of Dr. Wood's Norway Pine Syrup and thus prevent the cold from developing into some serious lung trouble.

Mr. E. Charles, North Toronto, Ont., writes: "Two years ago my husband had a very bad attack of pneumonia, and the doctors said he was getting consumption. A friend came in to see me and told me to get Dr. Wood's Norway Pine Syrup. I got three bottles, and they seemed to quite clear his chest of the phlegm, and now he is fine and well."

I shall never be without it in the house as it is a very valuable medicine."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three pine trees the trade mark; price 25c and 50c. The genuine is manufactured only by Dr. T. M. Wood, Co., Limited, Toronto, Ont.

That Makes the Most Noise

Add the worst wheel on the cart that makes the loudest "squeak." There is no blame of trumpets or beating of drums about this announcement, but there is business in it. We have never found it necessary to be sensationally loud in our advertising, or to use big letters and high-sounding words, for the very good reason that our values will always speak for themselves. Truth needs no noise to demonstrate its power for good. Figures do not lie. Big words often cover little values.

In simple, straightforward manner, we announce the largest stocks to be found in your close vicinity in Women's, Misses' and Children's Ready-to-Wear Apparel, Men's Ready-for-Service Clothing, Dress Goods, Staples, Wallpapers, House Furnishings, as well as two well organized departments devoted to Women's High-grade Dressmaking and Men's Custom Tailoring.

An advertisement by The Bell Telephone Co. of Canada to improve PARTY-LINE SERVICE

Co-operation: Each subscriber should co-operate to better the service on his line. The practices suggested below have been found to greatly improve party-line service:

1. Before calling, find out whether the line is in use. If it is, hang up your receiver promptly.
2. Emergencies will arise. If a party-line subscriber desires to make an emergency call, the person using it should give up the line temporarily.
3. Do not allow children or others to listen or interrupt your neighbor's conversation when the line is in use.
4. Make your calls as brief as possible. Short talks will keep the line open and make the service of most value to everyone.
5. Answer promptly when you hear your ring.
