Catarrhal Doafness Cannot Do Cured by local applications, as they cannot reach the diseased portion of the eay. There is only that is by a constitutional remedy. Catarrial Deafness is baused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rembling sound or imperfect hearing, and when it is entirely slowed, Donfness is the rosult. Unless the inflammation can be reduced and this tube restored to its normal condition, bearing will be destroyed forever Many cases o deafnose are caused by catarrb, which is an inflamed condition of the mucous surfaces. Hall's Catarra Cure acts through the blood on the mucous surfaces of the system.
We will give the Hundred Dollars for any case of Catarrial Desinosa that cannot ... be cured by Hall's Caterrh Cure. Cir. F. J. OHLEY & Co , Toledo, Q.
