EDITORIAL NOTES

THE FAMILY HERALD AND WEEKLY STAR, Montreal, no longer prints the publishers of local papers as a bigger business, and that it cost only \$1.00 per year, has been obliged to increase its subscription price. Toronto dailies and weeklies have also all been increased in price.

THE ORDER of the United States Food Administration that all use of foodstuffs for distilling spirits must stop on September 8, and no accumulated supplies can be used in direct, drawn and additional cases, mail and express. And our big city contemporary world have been quiet justified in adding that similar action by our Canadian authorities would materially aid in the effort to save food.

WHILE the West is now passing through a critical period and it is difficult to gauge complete results, it is fairly well established that crop conditions have shown material improvement recently, and sentiment has become distinctly more optimistic as a result of the beneficial weather. Latest reports from Saskatchewan state that the average yield of wheat will be fifteen to twenty bushels to the acre, and of oats from twenty to thirty bushels. Wheat is filling out much better than was thought possible at this stage. Harvesting has commenced in a few localities in Southern Saskatchewan, and it is expected to become fairly general this week.

Five years ago there were 100 fax mills in Canada. At that time the war started, three years ago the industry was almost extinct. At least eight or nine factories were in operation. This industry has been revived by the war, and during the coming winter there will be 30 or 40 mills in operation. Ontario farmers have planted 8,000 acres this year to this crop, the area of which is perhaps more varied than any other known plant, its production offering opportunity for industrial as well as agricultural development. The Dominion Government has established an Ontario experimental fax mill for carrying on investigation work with fax and fax fibre, and the progress being made in the development of this most interesting industry will be shown by an exhibit in the Government Building at the Canadian National Exhibition.

ON THE BASIS of present conditions, a wheat crop estimate of 200,000,000 bushels for Western Canada is undoubtedly warranted. This was the summary of the report of conditions in the Prairie Provinces made by the superintendent of the Canadian Bank of Commerce, in Winnipeg. The above figures were quoted after careful investigation during three extensive trips covering territory from Winnipeg to the foothills of the Rockies, and may be taken as a fairly accurate idea of conditions as at the middle of August. "Predictions from other sources are that the 1917 crop will be larger than that of last year, and that the total run to 215,000,000 bushels."

THE COUNTY COUNCIL has prepared the bill providing for the \$260,000 bridge at Acton to be constructed with the concrete iron girders discarded by the Intercolonial Railway at Moncton, was passed. This, in the face of the five Councillors who continued their protest against it and reminded their colleagues that in June, when this matter came a resolution was unanimously passed to the effect that owing to the financial requirements of the war and the increased cost of bridge building that the bridge be repaired at a cost of \$1,500. The county engineer gave the assurance that the bridge would be ready for use in five or six weeks. It is passing strange that the council could not see its way to making special provision for immediately increasing the grant to our brave soldiers' wives, because, forsooth, the rate for the year was struck, when they could see their way to initiating an expenditure of \$200,000, totally unnecessary at this time—after the rate was struck.

HARVESTERS' LOOK!

36,000 Farm laborers are wanted in the Provinces of Manitoba, Saskatchewan and Alberta, for the harvesting of the crop.

The Canadian Northern Railway will operate the first excursion train for the West, leaving Toronto Union Depot, at 10 p.m. August 23rd and 30th, and returning through solid to Winnipeg.

The equipment will consist of electric lighted colonist cars, lunch counter cars, and in addition the railway will continue their last year's innovation of keeping a special car for the accommodation of single women and families, and of placing it in the train where the occupants will be separated from the other passengers.

The territory served by the Canadian Northern Railway offers the widest choice of employment with high wages, but regardless of where you may locate, remember we give you the best service to Winnipeg, where you will re-achieve to final destination, no matter on what line it may be.

For leaflets showing special train services, with dates, number of men required at various points and other information, apply to A. T. Brown, Town Agent, or General Passenger Department, Canadian Northern Railway, Toronto.

MILITARY NOTES

Lieut. Col. J. Halliday, D. S. O., 76th Battalion, who has returned to his home at Georgetown, has been struck off the strength of the C.I.F. Officers generally who return from overseas on account of there being no opening for them there are struck off. Otherwise they would continue to draw pay.

OIL AND GAS AT ROCKWOOD

Reported that the Standard Oil Co. has leased 10,000 Acres

DRILLING TO COMMENCE AT ONCE

For several days Rockwood has been undergoing a genuine oil excitement. It is reported that the Standard Oil Company has leased 10,000 acres in Erasmus and Nassagaweya, covering the territory from Mr. Dingham's farm on the fourth concession of Erasmus to a point in the vicinity of Campbellville in Nassagaweya.

Last Friday Mr. Slater, chief mineralogist of the Standard Oil Co., made his appearance and advised that the leases had been made. He stated that the company had for some time considered that the district was an oil settlement, and that investigations had been quietly going on for some weeks. He now claims that there is any amount of gas and oil there, and does not hesitate to say that the prospect looks better than any place he has hitherto struck. He guarantees that he will strike oil 500 feet from the surface.

Mr. Slater is an expert mineralogist, and has been well known at Lamington, Acton and other places. Rockwood is practically in the centre of the land lease.

It has not been revealed how long the Standard Oil people have had their land experts in the district. It is understood that drilling will commence immediately. The famous oil well enterprise at Crescents Corners and Eden Mills, which had their respective commencements a few years ago, may yet be developed into commercial propositions of magnitude if the big Rockefeller interests get in to exploit them.

NASSAGAWEYA COUNCIL

The Tax Rate for 1917 Has Been Struck at 10 1/2 Mills

At the meeting of the Township Council the following accounts were passed:

GIRLS ON ACTIVE SERVICE

College Girls, School Teachers and Others Cheerful to the Last Degree

The girls from college, school and farm are doing their "bit," taking the place of men who have gone overseas or are doing other work, serving in the field and in the home.

The spirit with which girls take up these war time jobs, is different to anything they have encountered, to be evidenced by the following "active service" girls at Waterloo.

On Active Service at Waterloo, Ontario.

I am "berry" well.

I have been admitted into "jam factory" and am suffering from "small back" "hunch back" and "shell's fingers."

Life here is just one "jam berry" after another.

I have had strawberry rash and quite expect to be "berry" soon.

This work will make us as cross as "berry" soon.

We have had potatoes for dinner once, also lettuce and more lettuce, let us not forget the lettuce.

I am being sent into the fields shortly to "Hill Bixty" rowed corn.

I have received your letter dated (inserted).

Will write soon.

I will be so "cratrol" for a letter soon.

Signature: Jeremiah Doolittle.

Dated July 19, 1917.

My address is: Waterloo, Ontario.

P. S. We are having an awfully "jolly time."—Waterford Star.

NASSAGAWEYA

The Girls Club gave a play in the Town Hall on Friday evening entitled "An Old Fashioned Ladies Aid meeting at Mov. Hawk Crossroads." It was a decided success. Each character took her part to good form. After expenses were met the net amount of \$50.00 was realized for Red Cross work.

Serg. Instructor N. B. Marshall paid a short visit home on his way from Valcartier, Que., to Camp Barlow, last week. He has been attached to the 4th Highlanders under which he will be Instructor of a number of recruits in different methods of warfare. We wish him success in his heavy undertaking.

Rev. Strachan and Stephenson are holding services. We wish them a much needed vacation.

The engagement is announced of Jessie Pearl, only daughter of Mr. and Mrs. George Mitchell, of Campbellville, to James Alexander Barrie, eldest son of Mr. and Mrs. Barrie, of Milton, a marriage to take place quietly in September.

On Labor Day, September 2nd, a reunion of the pupils of S. S. No. 7, will be held on the school grounds. There will no doubt be a good attendance of the old girls and boys of the years of "Auld Lang Syne."

Rev. Mr. Stephenson has arranged a comprehensive plan for filling the pulpits of the four churches of the circuit every Sunday. The following local preachers will assist: W. H. Robinson, H. W. Stauffer, D. H. Barlow, J. Holness and John Marshall.

Rev. J. W. Kitching, D. A., of Mt. Hope, preached splendid sermons at Ebenezer, and at Curwinn, his home church, last Sunday.

QUELPH PIC-NICKERS AT ACTON

The Barbers Union and Their Friends Have Enjoyable Time Here

The members of Quelp Barbers Union decided to hold their annual picnic in Acton's fine park on the shores of Fairy Lake. The event materialized last Thursday afternoon and resulted in a most enjoyable outing for all concerned.

The Quelp Herald says: "The Quelp barbers had a great time yesterday at their annual picnic in Lakeside Park, Acton. They went down by train, accompanied by their families and a number of friends and on the time they arrived at Acton were met by the ladies of the Quelp. There was not a dull moment. Games, races, etc., filled a busy afternoon's enjoyment, and then the ladies supplied a repast that did them credit and to which full justice was done, the barbers showing that they can eat as well as work. Altogether the event was voted one of the finest outings the barbers have held."

The Mercury says: "The annual picnic of Quelp Barbers Union held a most enjoyable picnic at Lakeside Park, Acton. The party on their arrival at Acton were met by the ladies of the Quelp, with motor cars and driven to the park. Sides were chosen for a baseball match and for some time the 25-cent hair-cutters smacked and swatted at the ball with just as much vim as they used to display in the good old days when the whole family could get their hair cut for 25 cents. There was such an abundance of food got ready for the hungry artists that much was left over. This was turned over to the Children's Shelter. The two Acton barbers, Tom Morton and Sandy McLean, cordially helped to make the picnic the success it was."

LARGER GRANTS FOR SOLDIERS' DEPENDENTS

Petitions to County Council to Make Uniform Payments Through the Year

During the past year the County Council has been reducing the payment to soldiers' wives from \$10 to \$5 per month for the six months from June to December. As the output of the \$10 monthly payment was continued during the year.

With the increased cost of living the \$5.00 has proved to be inadequate. It is also considerably lower than the amounts being received by soldiers' wives in other counties who are paid from the funds of the National Patriotic Association.

On Tuesday influential delegations of ladies and gentlemen from the five towns of the county waited upon the County Council and presented petitions from the soldiers' wives praying that the grants be increased to amounts equal to those paid by the National Association. Those petitions were supported by earnest appeals that the dependents of Italian, Irish, French, and other soldiers be treated as generously as those of any other section of the Dominion by Mr. Hughes Cleaves, of Burlington, Miss. The, of Milton, Mrs. H. P. Lawson, Georgetown, Mr. W. B. Davis, Oakville, and H. P. Moore, J. P., Acton.

Councillors Nicholson, Hyatt, J. J. Fortner and Warden Readhead replied for the Council expressing their desire to do their best for the soldiers' wives, and assuring the delegation they would take the matter into earnest consideration.

The matter was subsequently considered by the Council, but action was deferred until next sitting.

LIMBHOUSE

The removal of Mr. and Mrs. Thomas Marshall to Acton is much regretted here. They were good neighbors and spent nearly all their lives here.

The motor car traffic down the fourth line to the Lincoln road and thence to the seventh line is increasing. Sections of the seventh line from Henderson's School to Thompson's Corners are almost impassable. A good many people would like to see the proposed new stone road there reconstructed.

Farmers in many sections are reporting big yields of hay and oats. People will have to travel a long way before they will find better crops than in this vicinity. Even the corn crop is good on numbers of the farms hereabouts.

A good many people are arranging their affairs so as to spend a day or two at Toronto Fair.

Enter the Bread Making Contests

at Rural School Fairs in Ontario

The Campbell Flour Mills Company's great offer of the Big One-Hundred and Fifty-Dollar Photo Prizes (Five of them) and other valuable prizes, for the best loaves of bread baked with Cream of the West flour, is stirring up tremendous interest all over Ontario. Many girls are already busy as they are practicing with Cream of the West flour. Last year many girls declared, "Oh, if I had only practised, I'm sure I could have won!" Don't wait another day. Decide right now! Practice, Practice, Practice with

Cream of the West Flour

the hard wheat flour that is guaranteed for bread

Every time you bake with it you find out new qualities in this flour that make such splendid big loaves of delicious light bread. Practice!

In five districts, each comprising several counties, we will give away free to the winner of the first district prize a large cabinet photograph. At each fair there will be given a fine list of local prizes.

Five of these large cabinet photographs, each with twelve smaller cabinet photographs, will be given to the winners. (Size 20 in. x 28 in. x 4 in. high.)

Prizes Worth Trying Hard For

1st Local Prize—"Girls' Own Annual," a great big beautifully bound illustrated book with 600 pages of stories and articles about people, art, animals, gardens, sewing, crocheting—everything that interests young girls, older girls and their mothers. This is a wonderful prize that you can treasure for years.

2nd Local Prize—"Stories of Famous Men and Women," a heavy bound book with 600 pages of interesting pictures in color, containing life stories of Florence Nightingale, Queen Elizabeth, Queen Victoria, Jenny Lind, the late Queen Victoria, and others.

3rd Local Prize—"British Overseas," a big handsome bound book with many colorful and interesting stories and descriptions of the countries and the peoples of Britain's world-wide empire.

4th Local Prize—"The Queen's Gift Book," a book of stories, pictures and special articles by Britain's best writers; the proceeds from the sale of this book are for the benefit of disabled soldiers in England.

Note—Unless the entries number six or more only first and second prizes will be awarded. Entries of one or more entries number less than six or more than six will be awarded.

Read Carefully Conditions of Contest

Every girl may compete at the rural school fair in her district, whether or not she attends school, providing that her 12th birthday occurs before November 1st, 1917, or her 13th birthday does not occur before Nov. 1, 1917. One loaf of bread must be submitted baked in pan about 7 x 5 inches and 3 inches deep, and divided into two halves, so that the judge may be satisfied as to the loaf's weight. The other half of the loaf must be baked with Cream of the West Flour. One-half will be judged at the fair. The picture half of the prize loaf will be sent to Ontario Agricultural College, Guelph, to compete in the District Contest. The judging will be done by Miss M. A. Purdy, of the Department of Bread and Flour Testing. The local contest at the fair will be conducted under the same rules as all the other similar contests at your fairs.

The standard by which bread will be judged will be as follows:

1. Appearance of Loaf	15 marks
(a) Color	5 marks
(b) Texture of Crust	5 marks
(c) Shape of Loaf	5 marks

2. Texture of Crust 40 marks |

(a) Crispness	15 marks
(b) Softness	15 marks
(c) Color	10 marks

3. Flavor of Bread 45 marks |

(a) Taste	25 marks
(b) Odor	20 marks

Important—Each loaf must be accompanied by the part of the dough containing the germ of the Old Mill, and an entry form must be signed by the girl and parents or guardian, and sent to the District Contest. The name of dealer from whom Cream of the West Flour was purchased, the name of the mill, and the name of the judge in district. Not more than one entry may be made by any one girl. The local prize will be awarded to the same family.
