Thanksgiving Services on Sunday
The services of the various churches had a timely and uplifting spirit last Sunday. The services pointed out simple reasons for gratitude to the Giver of All Good on the part of the people, for the abundant harvest, just garnered and the plenty manifest everywhere. Fitting exhortations to the people were given by Rev. J. H. G. T. R. At the Methodist Church there were generous donations of vegetables, fruit, grain and flowers which added interest to the services. Thanksgiving visitors were numerous at all the services.
Christmas Parcels for 164th Men

An Enjoyable Guild Evening

Epworth League Daily Night
The daily night programme of the Epworth League was of a highly interesting and successful character. The four departments of the League, Christian Endeavor, Missionary, Social and Citizenship, each presented a twenty minute programme representative of the work allotted them. These were each of high merit and gave features which were most interesting. The judges expressed sincere admiration of the splendid work produced by each department, and pointed out the most commendable features. By a very close margin the Missionary Committee was declared the winner of first place, primarily because they illustrated in concrete and definite form the effectiveness of the work they undertake. The patriotic decorations by the Social Committee were greatly admired. The presentation of the Food Controller's office and activities by the Citizenship Committee was a splendid production. The conveners of the respective committees are: Christian Endeavor, Mrs. A. T. Brown; Missionary, Miss Maria Flory; Social, Miss Miss Stewart and Citizenship, Carl Vincent. It was certainly creditable to the League workers that of the 80 members enrolled 71 were present and took part at the rally, and every one of the nineteen members of the Citizenship Committee was present.

Necessary Farm Equipment
MORE and more the Ford car is looked upon by progressive farmers as necessary farm equipment, the same as the plow, the hay-rake, the drill, the mower, the harrow and other labor and time-saving machinery.
A farmer with a Ford car can dispense with one or two of his horses and make the trips to town, railway station, creamery, or to the neighbors in one-third the time. In fact there is no farm machine made that will save the busy farmer and his busy wife so much valuable time as a Ford. And it's no easy to take care of—far easier than a horse. No bed to make, or hay and oats to get, no harnessing and unharnessing, and no stables to clean. The Ford practically takes care of itself.
Ask any farmer who owns a Ford if he would ever again try to get along without it. His answer will hasten your decision to own one.

"Let Me Help You Carry the Burden, Mother"
"If Canada fails us in October, we must curtail many of our activities."
SIR ARTHUR STANLEY, Chairman, Executive Committee, British Red Cross.
It now costs \$300,000.00 a week to carry on the work of the British-Red Cross, or \$16,000,000.00 a year.
Every minute of the day and night it costs \$30 to minister to the sick and wounded and dying.
Last year Ontario's magnificent contribution paid for the entire work of the British Red Cross for nearly six weeks.
This year, in view of the greater need, it is earnestly and confidently hoped that Ontario's contributions will be as great proportionately as the magnificent offering of last year.
Our trust is, that the Citizens of Ontario will give generously to this noble cause—
