LIBERTY.

They tell us, nir, that we are weak, unable to cope with so formidable an adversary. But shall we be stronger? Will it be the next week of the next year? Will R'bo, when we are totally disarmed and when a British guard shall be stationed to each house? Shall we gather atrength by 'irresolution and inaction? Shall we acquire the means of effective resistance by lying supinely on our backs and bugging the delunive phantom of hope until our enemies have bound us hand and foot? Sir. we are not weak if we make a proper use of those means which the God of nature bath placed in our power. Three millions of people, armed in the hely cause of liberty and in such a country as that which we possess, are invincible by any force which me enemy can send against us. Besides, air, we shall not fight our battles alone There is a just God who presides over the destinies of nations and who will raise up friends to fight our battles for us. The battle. sir, is not to the strong slone. It is to the vigilant, the active, the brave. Resides, sir, we have no election. If we were base enough to desire it, it is now too late to retire from the contest. There is no retreat but in submission and slavery. Our chains are forged. Their clanking may -be heard on the plains of Boston. The war is inevitaffic, and let it come! I repeat it. sir. let it come!- l'atrick Henry.

LOSS OF LIFE DY. PIRE

In the four years, 1012-15, seven hundred and eighty-nine people were burned to death in Causda, and 78 percent, of those were women and children. Over 350 lives were lost in burning buildings, and it is aignificant that most of these deaths cocurred in dwellings. As might be expected the majority of the fires was caused by criminal carelessness. This is especially true to regard to the kindling of fires with korosone and gasolene, and permitting children to play with matches. Such disregard of the safety of human life constitutes a furcible indictment of the cotire Canadian attitude towards the danger o

HEART WAS BAD WOULD WAKEN UP IN DISTRESS.

There is nothing that brings with it such fear of impending death as to wake up in the night with the heart pounding and thumping. This uncertain and in regular heart action causes the greatest distress of both mind and body. Milburn's Heart and Nerve Pills strengthen and invigorate the heart, so

that it beats strong and regular, and tone up the nervous system so that the cause of so much anxiety becomes a thing of the past.

Mr. Archie Beaumont, Edgett's Landing, N.B., writes:—'Have been bothered with my heart and nerves for about six years, caused by overwork and worry.
My heart was so bad I would waken up several times during the night in great

distress, and my heart thumping. About a year ago I took three boxes of Milburn's Heart and Nervo Pilla, and they helped me a great deal." Milburn's Heart and Nervo Pilla are 50c. per box at all dealers or mailed direct on receipt of price by The T. Mil-burn Co., Limited, Toronto, Ont.

There is no doubt as to the cheer courage of the British Tommy. "He wi go through the most awful hell for a weel and come out of it with a smile." "We'l never boat those follows," a German prison er is quoted as saying. Discipline is strict, but the relations between officers and men are of the best. No one denies the courage fuse to go on fighting, and assuring and fighting quality of the Germans. But they no longer have the confidence with which they began the war. The letters taken from the dead and the prisoners show that. The government "wen't be satisfied until we are all killed," says one, This is not a spirit of victory. - Philadelphia

A Woman's

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other, remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable. Compound, made from native roots and herbs. Read these letters:-

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very had at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. Massauer Guassana, 750 N. Ringgold St., Philadelphia, Ph.

I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. Grongs A. Dunnau, 17 Roundy St., Beverly, Mass.

Erie, Pa — I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did.
