THE NEW YEAR

For the fourth year in sucception the New Year will be ushured in with the eminous war'in progress, It year will see the end of the terribl havoc and bloodshed, and that glori ous and lasting peace will, sometime daring the twelve-months of 1918, be consummated. The year just closing has been momentous and has brought much for which gratitude is due. There was the bounteous harvest, one of the best the famrers of Canada have ever garnered. Our people have daings of interest at the school and been drawn closer together than has was theroughly enjoyed; been the-rase for many years. This has been algually manifested in the formation and endoration of the the country in a strong and united effort to do Canada's full share in Winning the war, One of the first acts of the Union Government, in introducing laws for the prohibition of the importation, manufacturing and sale of intoxicating liquors, amply justifles the investment of the power with which the people have entrusted them. The New Year will nee the introduction of further heroic measures calculated to remedy existing ubuses. May the year which is roon to greet us be one memorable in the annals' of our country ou the "Peace Year."

#### EDITORIAL NOTES

come to all homes.

It is generally hoped that the members of the Council and Board of Education will be elected this year by acclamation. Our citizens have just been through one election campaign and another is not desirable. The business of both the Council and of the Trustee Board has proceeded during the year without any friction among the personnel of these bodies. and there have been no complaints respecting their, administration of the dutien which it has been their perogative to perform. In the membership of the Board of Education some worthy citizen interested in the proper education of the rising generation should be chosen to nucceed Trustee Johnstone who has retired. The nomination meeting will be held next Monday at noon.

The action of the Union Gavernment in taking steps, for the enact ment of prohibition of the manufacture, importation and sale of Hyuer in Canada has been received with very general commendation. Premier Hearst-sent the Government warm congratulations and said: "I am sure your prohibitory legislation will materially assist in concentrating the strength of the nation for the struggle in which we are engaged." Rev. Dr. Robert Johnston, of Montreal, doclared the action to be the most precious gift the Government could bestow. Speaking for the Methodist Church Roy, T. Albert Moore, D. D. expressed heartiest gratitude and said: "It will help Canada to do her part in the war and bring many blessings to Canadian homes." Every province in the Dominion is represented in the congratulations already forwarded to the Union Government on the action

A resident of Bobcayreon who died sets a worthy example to all public-spirited citizens who desire to become immortalized and at the same time confer lasting benefit upon the community where they may have spent their lifetime. The will of Mr. Robert Orr provides that the annual partment of public interest in the municipality. For example: One year rary, another year to schools, as a tree planting fund, other years to acquiring a park, and so on. Mr. Ort evidently had good ideas and Bobenygeon is to be congratulated on its berecording for the benefit of some other places which may benefit from the public spirit of rich residents who have money to devote for the public

Canada is on the way to the total prohibition of the manufacture, importation and sale of all intexicating Hquor, The new Union Government is taking prompt and effective measures to curtail its ovil and its waste. An order-in-Council has been passed by the Government prohibiting the future importation into the Deminion from any country withtweever, all intoxicating liquors, excepting for medicinal or sacramental purposes. The order includes whiskles, wines, etc. and will particularly affect importation of Scotch and Irish whiskles, champagne, etc. The order has a double purpose. First it is designed as a step toward total prohibition in the Dominion. The second purpose of the order in to prevent the spending | Christmastide. of money for other than essential purposes outside the Dominion. All the people of Ontario will especially approclate the order prohibiting the

The choruses British Guiana \$25,000 for the relief showed some excellent young voices in this assembly of young people who are starting out on life's journey. The recitations by Minnes Annie Martin not registered. and Betty Lowrlo showed very fine reading of the school paper by Miss growers of Yucatan. Olive Mowat, gave an insight into the

The presentation of diplomas by Principal Stewart was a feature of the release of cars for fuel transportagreat interest to all present and this school deserves much credit for the Union Government with the mandate turning out of so many young people to use and conserve the resources of with their certificates of efficiency. The school's Roll of Honor was also read at this juncture and was a lengthy one and it is doubtful if any institu- anter. tion of its size can give such a showing of young men sent to serve their country in this time of need

The presentation of a tableau, "Joan of Arc" was most appropriate, and closed this part of the programme. The promenades followed the programme and were thoroughly enjoyed by all and a dainty lunch was served at the intermission. The music for the promenades was furnished by a num ber of the pupils and there is certainly no lack of musical talent in the classes now attending the High School The function closed with the singing of "Auld Lang Syne" and God if peace can be secured on righteous Save the King," and all left reporting principles, and may joy and prosperity it as great a success as usual.

#### SANTA AND THE KIDDIES

Three Hundred and Thirty Children of Beardmore's Employees Given Generous Christmas Treat

MERRY TIME AT TOWN HALL The annual Christmas treat given Measrs. Beardmore & Co., and the tario. Acton Tanning Company took place last Thursday at the town hall. Both afternoon and evening there were relays of children accompanied by their parents flocking to the scone of the

feativitien The town hall was decked in holl- from \$5 to \$13 from the citizens as a day attire. The platform was graced Christmas recognition. with a beautiful Christmas tree, electrically illuminated. The tables were also , tastefully decorated with garlands of Christmas greenery and crackers. Mr. Nell McDonald made a Santa Claus of liberal proportions and betowed gifts generously. Each child wan presented with a woollen aweater coat with toque and mittens to match. bag of nuts and candy accompanied heac gifts, and as each child left the hall for home an orange and a banana

was added to the store. After the distribution of the presents tea was served and the little folks were liberally served with sandwiches, cakes, ice cream and milk or ket closed they dropped to 10 cents a lemonade. The twenty-three children | pound. of nine soldiers overseas, who had been employees at the tanneries, were given first place at the tables. During the afternoon and evening

Miss May Wildgust rendered numbers | 000, the large terminal clovator of the of popular airs on the piane. . workers arranged by the firm Mr. A | 000 bushels of grain, was completely O.
