NAIL A FLAG TO YOUR PLOW

# "Nail as flag to your plow," was the

conception of a Georgia committee last spring to help the Georgia farmers to recognize that their toll was a definitely patriotic service rendered to the

The flag on his plow would remind the farmer that he was helping his country win the war. Then with that thought in his mind his labor would be vastly more than mere toil for dolla:v. The principle is not for farmers only. Whenever one tolls with brawn or brain the lesson is the same. Not patriotism only, but religion, is served by such visions. If we could see inthe drudgery of toll the service we render to our follow mon it would make the work caster and nobler. If we could nail the banner of God's kingdom over our common .. toil we vould realize the apostle's command, Whether ye eat or drink or whatao-God." This is the secret that makes all labor religious .- United Preabyter-

WHEELS IN THE "MOVIES"

heels of a moving vehicle shown in the moving picture screen sometimes appear to stand still and sometimes to waver between forward, and backward, and more often to travel backward. The motion picture, as every one knows, is simply a succession of shotographs taken at the rate of about wenty to the second, and each reresents an instantaneous snapshot. If the spoke of a wheel in the period it takes to make a picture moves to a maition almost but not quite where the succeeding spoke stood, the eye smociates it with its former successor. secause it is nearest to it, and which seems therefore to have moved slightly backward. If the poke in the interval between snapshots exactly takes the place of the succeeding spoke, the eyo detects no change, and the wheel seems to be still. If the camera to ranked at an approximately steady ate, while the vehicle varies its speed t will be seen that a confusing series f illusions is created. It is well uncratood that the term "motion picure' is a missomer, since the separate. dictures of the series in themselves do not depict motion.

# SUFFERED WITH HACKING COUGH

## COULD HOT SLEEP AT MIGHT.

The constant backing cough that sticks to you in spite of everything you have done to relieve it, is a source of danger. The longer the cough stays; the more serious menace it is to your health.

It is easy to check a cough at the outset with Dr. Wood's Norway Pine Syrup. If you have let it run though, it takes a while longer to cure, but Dr. Wood's Norway Pine Syrup will cure it even then after other remedies have failed.

Mr. J. Henry Landry, South River, Burgeois, N.S., writes:—'I received such great benefit from 'Dr. Wood's Norway Pine Syrup that I cannot help expressing my thanks. I suffered with a backing cough for over a month, and could not alcep at night. I used many kinds of remedies, but they didn't do me any good, until I used 'Dr. Wood's,' and found great relief right from the start. I only used two bottles, and was completely cared. I will never be without it as long as I live."

There are a number of substitutes on the market for Dr. Wood's Norway Pine Syrup, so when you ask for it see that it is put up in a yellow wrapper; three pine trees the trade mark; price 25c. and 50c., and that it bears the name, The T. Milburn Co. Limited, Toronto, Ont.
