Fish! Fish!!

A WONDERFUL SEA FOOD CAMPAIGN

Have you noticed the advertisement in the Toronto Free Press? Did you know that last week for instance more Mackeral were sold weekly than the other fish? Did you know that the Campaign is providing a phenomenal success?

Some of the comments of my customers are amusing. They seem to be delighted with another "conquest" of the sea.

Marked Economical: Congratulations to the Acton Free Press which has completed forty-three years of publication and has started its forty-fourth year with increased vigor. Mr. H. P. Moore is the publisher and editor, and he acquired the Free Press when it was a three-year-old baby. The Free Press is one of the best and cleanest weeklies in Ontario, and the publisher, Mr. Moore, has evidently prospered.

Walkerton Telescope: The Acton Free Press has just completed its fortieth year under the able leadership of Mr. H. P. Moore. The Free Press is a clean, live, up-to-date sheet and in many respects the model small-town newspaper of the Province. The publisher is a man of high ideals, and forty years of service in the public interest of his kind work old man, but rather at his best. We wish Mr. Moore and his excellent paper many more successful years.

Geulph Daily Herald: The Herald congratulates the proprietors of the Acton Free Press and the Georgetown Herald on the enterprise they have recently displayed. The former celebrated its 44th anniversary by appearing in a new "dress" that promises to continue the clean prosperous appearance of the Free Press, while our Georgetown namesake celebrated its fifty-second birthday with the installation of a new plant and the return to the Herald building, recently gutted by fire, with a special edition last week.

Forest Fire Press: Mr. H. E. P. P. P. Moore, ex-M.P. and ex-President of the Canadian Press Association, has been kind enough to make the following editorial comment: The Acton Free Press, on the anniversary of its fortieth year, is a credit to the Province. The Free Press is a clean, live, up-to-date sheet and in many respects the model small-town newspaper of the Province. The publisher is a man of high ideals, and forty years of service in the public interest of his kind work old man, but rather at his best. A DASTARDLY OUTRAGE

Score of Monuments and Tombs on the Dublin Cemetery Thrown Down and Broken and Defaced

Some time between the 10th and 14th inst. some of the more or less persons visited the Dublin Roman Catholic Cemetery and heartily and with evil intent threw down, destroyed, damaged or defaced monuments and tombstones.

The damage done was confined to the resting places of any particular family or group of families, but was perpetrated in many places throughout the cemetery. Numbers of the monuments were at the graves of eminent persons of the Roman Catholic settlement of Dublin.

The perpetrators of the outrage appear to be mostly young men, some of whom were seen by the writer in the act of demolishing monuments which had recently been placed to honor the beloved dead. The following is the list of defacements committed:

Thomas Gibbons' granite monument—Die and cross thrown down.
Mathew McCona's granite monument—Die and cross torn off.
Nicholas Dalton's marble monument—Top thrown down.
George Moore's tombstone—Broken off.

John O'Donnahue's tombstone—Broken off.
William Culek's tombstone—Broken down.
Dunn's marble monument—Broken.

George Horgan's granite monument—Cross broken off.
John Dunne's granite monument—Cross broken off.
William Kelly's monument—Cross gone.

George Mulholland's granite monument—Cross broken off.
Peter Lee's monument—Top damaged with bar of iron railing.
James O'Reilly's marble tombstone—Smashed.

Timothy Foley's granite monument—Broken.
Patrick Maloney's tombstone—Broken.
Martin Drummond's marble slab—Broken to pieces.

In addition to the heartless desecration of hundreds of dollars of damage has been done.

Dublin Cemetery is about two miles from Acton and was opened when St. Joseph's Church was built over sixty years ago. About twenty-five years ago the present church in Acton was secured and the old church removed. The Cemetery is in a somewhat isolated position and no resident of the town would readily see any desecration that might be going on.

The person or persons who committed this costly damage must be of a very bad character. The public generally will hold them in contempt and all will hope evidence will be available that will result in imprisonment.

It is just possible the outrage is the work of some of the boys who were in the case in the old Protestant cemetery off Main Street, when fully a century ago the Catholic Church of the town or fifteen years ago. It doesn't look like boys' work however.

THE SHOE FACTORY BUILDING
A Little Hitch with Reference to Progress Certificate Adjusted at Monday's Meeting of Council

The regular session of the Council was held in the Council Chamber on Monday evening with Councillors Kennedy, Bury, Hillier, Howden, present and Reeve Hynds in the chair.

The Finance Committee presented the monthly report and payment of the month's accounts was recommended.

Hynds Account \$10.00
Milton Hydro Commission \$10.00
Hydro Electric Power Com. \$2.00
The Russell Hardware Co. \$5.00

General Account \$10.00
Wm. Cutting, town hall \$10.00
Mr. P. Moore, printing Voters' List, etc. \$1.00
2 Adam Court, \$1.00
Geo. Dilla, park \$1.00
Geo. Dilla, streets and walks \$1.00

The report was adopted.
A denigration of residents of Bower was read by Mr. Howden and requested that this thoroughfare be gravelled and fixed in some manner to alleviate the inconvenience caused by the amount of travel there. A special meeting of the Streets and Highways Committee will be held on the matter given into at once.

Mr. James McIntosh, who was present, stated that he had the sidewalk leading to the Baptist Church on Elgin Street was in bad repair and liable to be the means of broken limbs. The Municipal Engineer was instructed to build this piece of plank walk.

The matter of the method of advancing money on the erection of the new shoe factory, the contractor on progress certificate, came under discussion.

The first payment on the debentures fell due on July 1st, but owing to the delay in collecting the by-laws and having the building ready on time, the company's business plans had been deranged and they felt that their first payment should be deferred and the bills for construction paid without interest until the building is ready for occupancy.

The Council debated the matter and referred the question to the Finance Committee. The consensus of opinion was that the voter plan would be to proceed to honor the certificates for work and material and have the building completed for the shoe company at the time agreed upon with J. H. Mackenzie the contractor.

MILITARY NEWS
Sergt. W. P. Dowar, who went overseas as a leader of the 144th Buff. Band, is now teaching a bugle band in Eglaville.

Petty officer John Brower, R. N., has been here this week on a furlough of two weeks, visiting his wife and two little children. He sailed in the British yacht which a small boy, grew up in it and finally got his discharge. He was here when the war broke out and as soon as he could leave home he re-joined. As he is a first-class command promotion was rapid—Milton, Clampton.

Lieut. Gilbert Lawson Calverly is reported killed while flying in England. He was the son of Major Calverly of Oakville, who is serving with the British forces in France. The late Lieut. Calverly was sixteen years of age and was born in London, England. He was educated in Oakville and at the Royal Military College, Kingston.

After 28 months' active service in France and Belgium 1914-15, E. E. Perriman, of the 6th Canadian Engineer Battalion, was recently wounded in the arm. He was sent direct to St. Lawrence Hospital, Kingston, and is recovering well. He is now recovering in the St. Lawrence Hospital. He is a very nice hospital and is recovering very successfully in keeping the normal examinations. They are Miss M. Harbott, E. Cheyne, Elsie Hamilton and M. Butt—Adverta.

Editorial Notes

The hopes of those who aimed to escape drafting as soldiers through Huebner Corpus applications are doomed to disappointment. Last Friday the Supreme Court of Canada, in the case of Edwin Gray, an Ontario farmer, by a majority of its members, decided that the order-in-Council of April 20, 1918, cancelling exemptions granted under the Military Service Act, was within the power of the Cabinet, and is effective. The news will be a great relief to the military authorities, much of whose present work was threatened by the proceedings in the courts of Alberta, Ontario and Quebec.

The Collingwood Bulletin commemorated its forty-ninth year last week. This enterprising journal was established by the late David Hobson in 1870. A few years later the Bulletin was purchased by Mr. W. Williams. For nearly forty years Mr. Williams, and his son, David Williams, have successfully conducted this very worthy journalistic representative of Collingwood and vicinity. Mr. David Williams, the present proprietor, is a born newspaper man and has occupied the high positions of President of the Canadian Press Association and of the Ontario Library Association. He is not only able to produce one of the best newspapers of his class in Ontario, but devotes much time to local matters of interest, especially in the public library and in the museum, which contains many articles associated with the early history of that section of Canada.

With the purpose of bettering housing conditions in the rural and civic municipalities of the province the Ontario Government has arranged to lend \$2,000,000 at the rate of 5 per cent interest. Corporations taking advantage of the Government fund may either construct the houses themselves or do so through a private building concern. The offer holds good up till January 1, 1920, and the terms of the Government aid to municipalities provide that the municipality receiving a loan from the Government must add at least 25 per cent to the amount received, so that for every \$1,000 received by way of Government loan at least \$1,250 shall be expended in house construction. Reasonable rentals are arranged.

There is genuine sorrow in many homes here because of the death on Friday of Rev. J. H. Dodd, D. A., the minister of the Methodist Church of Rockwood and Eden Mills. Death followed a long period of illness. The deceased was greatly beloved and esteemed not only by the members of his own congregation, to whom he had ministered so faithfully for some twenty years, but by the entire population of the village. He leaves a wife and an infant family to whom the sympathy of all is extended.

ROCKWOOD

There is genuine sorrow in many homes here because of the death on Friday of Rev. J. H. Dodd, D. A., the minister of the Methodist Church of Rockwood and Eden Mills. Death followed a long period of illness. The deceased was greatly beloved and esteemed not only by the members of his own congregation, to whom he had ministered so faithfully for some twenty years, but by the entire population of the village. He leaves a wife and an infant family to whom the sympathy of all is extended.

DUBLIN

Last week's rain did great good to the growing crops. Even the hay picked up some the few days before cutting.
Mrs. Weaver returned to Warton on Saturday after spending a month very pleasantly with Mr. and Mrs. William Thompson.
There was 48 yards of gravel spread on G. Creemer's road district last month for which the Township Council paid \$10.20, for gravel and spreading.

A few loads of gravel to fill in the holes in the second line road from Reardon's farm to the Cross Roads road would much improve the road-way and save the foundation from disintegration.
Mr. John Flynn, who has resided the last eighteen years in Kitchener, was here on Saturday visiting at the family of Buffalo, N. Y. Two daughters have fine positions in that city and Mr. Flynn is anxious to keep the family together. Their friends here send best wishes with the family to the new home.

ERIN

Miss P. McCune, of Millerton, is here on a visit to her sister, Mrs. H. W. Hill.
Mr. H. Reynolds, of Toronto, has been here on a visit to his brother, Dr. Reynolds.
Mrs. Cunningham and three children, Toronto, is here on a visit to her mother, Thelma.

The ten little girls who did the tagging on the 12th of July raised \$25.50 for the Red Cross.
Miss Jessie Hamilton, Cleveland, O., and Miss M. Hamilton, Toronto, are here on a visit to their grandmothers.
The Rev. M. J. Schaefer, of Erin, has been appointed Assistant Principal of the Central School, Barrie, at a salary of \$300.

A number of the Salvation Army from Orangeville visited Erin on Friday last, holding meetings on the streets.
Mrs. A. Gable, Orangeville, has been in town this week shipping her furniture to the new home where she has purchased a residence.

All the Normal School students from this vicinity were successful in keeping the recent examinations. They are Misses M. Harbott, E. Cheyne, Elsie Hamilton and M. Butt—Adverta.
