a chance that they are remembered. which his whole career was based, be-gan with an act of kindness to which along to the brain and thus breaks the his generous heart was always prompt- desire to sleep.

with a wagon which contained his to set up a good reaction, family and household goods. Ho.asked me if I would buy an old barrel for and which he said contained nothing of apocial value. I did not want it, but, to oblige him, I bought it. Without further examination I put it away in the store, and forgot all about it. "Some time later, in overhauling things, I came upon the barrel, and, emptying it upon the floor to see what it contained, I found, at the bottom of the rubbish, a complete edition of

Blackstone's Commentaries. I began to read the famous works, and I had plenty of time, for, during the long summer days, when the farmers were busy with their crops, my customers were fow and far between. The more till I devoured them."

STOPPING ANOTHER WASTE

Packing houses in Canada, acting on the request of the Canada Food Board, by-products, particularly parts of the be posted there. But a sentry's orders hog not generally used for general are not to be disobeyed, so he grumbconsumption in Canada. These include ingly dismounted and led his horse pign' feet, pign' brains, calven' brains, forward, inwardly vowing vengehace Came to this Woman after hogs' livers, neck-bones and neck ribs. against the sergoant of the guard who These parts of the animal, while good had caused him all this trouble. for human food, have been hitherto not popular in this country among consumers, although they are perfectly healthful and nutritious and the demand far exceeds the supply in the United States. -

At a recent dinner given for domonstration purposes at the Armour Canadian plant at Hamilton, the guesta were served with the following menu: | the great commercial countries of the Pigs' tails in aspic jelly, devilled backbone, fried pigs' brains, braised oxjoints, creamed sweet breads, jellied pige' snouts, jellied pig's feet, pickled age." lambs' tongues, pickled pige' tongues, pickled ox-tongue, brain croquettes and sweet-bread rissoles. It is estimated that sufficient piga"

livers are thrown into the waste tanks of the packing plants of Carada every wook to supply all the families in the Dominion with meat for one day. At the present time all these products of Canadian' packing bouses are either disposed of in the United States or thrown into the waste tanks.

MOTHERHOOD'S ADVICE WOULD HAVE FORESTALLED WAR

In writing recently on the place due to women in public affairs Mrs. Nollia McClung said: "I cannot help but think that if there had been women in the German Reichstag, women with Lauder, han come out of a vigorous Lynn, Mass. The result of 40 years authority behind them, when the champion of wartime prohibition for Kalser began to lay his plans for war, the results might have been very diff-

of their own would ever ait down and Let the people demand from the govwilfully plan slaughter, and if there ernment that, if drink is to postpone had been women there when the Kaiser victory, drink-must go." He is reand his brutal war lords discussed the ported to have said at the close of the and were stopped by a sentry on duty way in which they would plunge all meeting Europe in bloodshed, I believe one of those doep-bosomed motherly, blueeyed German women would have stood Arbroath, on the east coast of Boot- ly," was the response. upon her feet and said: William-forgot it." But the German women were which taught me to beware of strong children!

"So the preparations for war went on unchecked, and the resolutions passed without a dissenting voice, In German rule we have a glorious ex- the support of testimonials they could other preparation. It should be at

out by the roots. Try it and prove it.

MISTAKEN IDENTITY

On an old Carlisle bridge in Dublin there used to be a truit-stall kept by Biddy, the apple-woman, who was a well known figure to all punseraby. Hhe had a ready tongue, and never did a verbal opponent retire with all the honors. A Canadian visitor, who had heard rumors of her skill at fenct, one day took up a watermelon displayed for sale and said gravely: "You grow pretty small apples over here. for death to end his auffering. He sees In Canada we have them twice this ahead only yours of endless terment! size." Biddy looked up, cobly survey- with intervals of rest which are themed the joker from head to hook, and selves fraught with never country four replied in a tone of pity, "Ah, what of renewed attacks. Let him turn to for should I be wasting my breath to Dr. J. D. Kellogg's Asthma Remody talk to wan that takes our gooseber- and know what complete relief it can

GERMANY'S WAR GARDENS

Dr. Alongo E. Taylor, of the United States Food Administration, in a recent address said: "It is no exaggeration to say that the war gardens in Europe have in the case of Germany, for instance, pulled her through two summers and that she would probably not have been able to pull through if it had not been for her war gardens In the largest cities of Germany, as much as 25 per cent or 36 per cent, of the food consumption of those people Hank of England at low estimate is tables, relieving largely the cereal
