A GREAT COOKING STOVE

About two hundred miles from remarkable thing about this ranch is that the pigs have their food cooked work, like a huge steam cooker. Covering the slopes of the mountain and surrounding the ranch is a forest is which are glant tree form, nometime fifty feet tall and a foot or more in diameter. Inside the trunks of these large forms in a pulp which is very good indeed for animals if they can get it; but the outside covering of the trunk is almost as hard to crack as the shell of a cocoanut. One day the ranch owner discovered that he could use the steam that was coming from volcano by building great gridirons above the cracks and piling the fern count of Katharine Stinson, the girl trunks upon them to cook. Since that discovery the pigs have lived luxur-

MUSIC IN THE SCHOOLS The springing up of the community fraction of the amounts required overchorus here and there indicates clearly seas. Canadian companies reporting that music has passed the dilettante to the Cost of Living Brunch of the and handed over, and the cripple used stage. And it is a healthy sign. The Department of Labor, held on June 1, the crutch to help himself down the desire for expression must not be the following stocks in storage: Butter, alley. Five minutes later he rang the stiffed, whatever its channel, and when 1,689,260 pounds; cheese, 2,190,028 door bell of a house in the next street, that channel happens to be a must- pounds; beef, fresh and pickled, 17 .only to have it opened by the man he cal mature, the need for facilities for 203,038 pounds; pork, fresh and pick further development and expansion led, 29,458,903 pounds; bacon, hams becomes a question of individual at- and smoked meats, 13,113,967 pounds. tention no longer, but a national issue. How shall these stocks compare with Particularly pressing is the want of the British requirements may be easily music in the schools; and it is in this understood by noting how long they wrought by inefficient methods, care- ply in Great Britain. The amounts less tuition or mistaken ideals. With mentioned would supply Britain's rethe developing of a scientific system quirements as follows: Butter, '21 of 'propaganda, much musical wakte hours; choose, 21/2 days; beef, 2 1-5 will be eliminated, many archaic rules days; pork, 14% days, bacon, ham and discared, and a promising course of smoked meats, 5% days. countryside musical education pushed

to a vigorous conclusion.

A PERSISTENT AFFLICTION Champ Clark relates the experience of a Western politician who was making a house-to-house canvass some

perous-looking farmhouse at a crosswoman standing at the gate. Pulling up his horse, the caudidate for the people's favor gracefully lifted his hat n salute to the young woman, and tuditely anked: "No doubt, madam, your estimable

husband is at home?"

"What killed blin?"

candidates," said the woman,

"Might I have the pleasure of seeing bin?" snavely inquired the politician, "He's down in the pasture a buryin' the dog." came from the individual at "I am very corry, indped, to learn of the death of your dog," came in-sympathizing tones from the candidate.

"He word himself out a-barkin' at

"Yes," responded the woman.

IT WAS CORRECT This teacher was having some trouble "Now, little girl, would it be proper "Yea'm, it would," replied the girl.

THE MOTION AND THE CURVE When Jimmy Jimson starts to pitch At baseball in the lots. He given his little head a twitch, He tien himself in knots. He bends his body, lifts his knoc. And limbers up his too, And awings the ball amazingly

Before he lets it go.

But Tominy Tomson's not the same: He does not move around As Jimmy does, a different game He plays upon the mound, In alzes up the boy at bat; He looks him in the eye; Then takes a little step-like that-And lets the pellet fly.

Now, Jimmy, so the boys all may, In just the biggent cinch That over was his grand stand play Can't help him in a pinch. But Tommy, though he doesn't wind Himself in knots like Jim, Can pitch a curve the boys can't find-They don't got next to him.

And thus the game of life is played When you are one and twenty, You'll find in ov'ry line of trade Of Jims and Toms a plenty. think thin humble notion For a moral well will serve; There's nothing in the motion

-A. II: Folwell, in St. Nicholas.

If you haven't got the curve.

HOW A FAMOUS POEM WAS WRITTEN Admirers of Sam Walter Foss "The House by the Side of the Road," through England he came, at the top it was. Near one side was a queerly constructed signpost finger, pointing to a well-worn path and a sign: "Come in and have a cool drink." Following the path, he found in the side of the bank, some distance from the house,

dipper. And on a bench near by-a wonder-was a banket of fragrant apples, with another sign: "Help your-Scenting a story, he went back to the house, where he found a childless old couple in straightened circumstances, with the rocky farm as their only source of livelihood. But it was rich in the delicious spring water and an abundance of fruit; so the sign was She checked the list with the great- placed guiding to the water, and from

Where the race of men go by: They are good, they are bad, they are weak, they are strong.

"Then why should I sit in a scorner's

Wise, foolish; so am I.

Or hurl the cynle's ban? Let me live in thy house by the side of the road ! And be a friend to man." -Exchange

NOBLE BAYINGS Duty by habit is to pleasure turn'd: He is content who to obey has learn'd.

-Sir E. Brydges.

mother's lap, no rose so lovely as her smile, no path so flowery as that imprinted with her footsteps.-Bishop Bollove me, there is a special blessing on being liberal to the poor, and
