Editorial Notes

A letter of appreciation of what Canada has done for the cause of prohibition has been received by Sir Robert Borden, Premier, from the Women's Patriotic Crusade for wartime regulation of Glasgow, Scotland. The letter says: "We are filled with admiration for the noble example so excellently set by the Dominion to the Mother Country in this matter. It is our hope that the Government of the Dominion will take similar steps in its own interests at stake, and having proved the practicability of wartime prohibition, will impress upon the home Government the necessity for similar action."

OBITUARY

JOHN ROBERTSON

The death of Mr. John Robertson, of The Beacons, lot 25, seventh avenue, Naugashaway, came on Saturday, especially at Sunday evening. Mr. Robertson had been in poor health for several years. About a week ago he suffered from a stroke. For several days he was bedridden, but he rallied and was quite bright for several days. On Sunday he took worse and that evening passed away. Donald Robertson, son of the deceased pioneer farmer, both he and his wife passed away in 1922. He was born in Naugashaway twenty years ago and came to this vicinity with his parents who were a pioneer couple. They resided on the homestead. His brothers, Daniel and Donald and their sisters, Miss Dorothy, Anna, and May, have all died. Their sister, Miss W. C. Beatty, has also resided with them for several months. The third sister, Mrs. Peter Garvin, resides in Sparta, Waterloo, and their brother, Mr. Nelson, has been in Toronto for many years. Mr. Robertson never married. John Robertson was a man of sterling character, upright and conscientious. In all his dealings and a citizen of the highest class. CANADIANS ON THEIR HONOR

In the Patriotic Effort to Conserve Flour, Sugar, Meat, etc.

NEGLECT

In some quarters it has been suggested that Canadians do not put on enough clothes, in Canada back to evade the Canada Food Board. Are merchants of Canada complying at the evasion of the food regulations? Let us see about that.

The more I hear of the Canada Food Board is to supply Great Britain with vital foods. With this in view food regulations are made, which, if respected by the people of Canada, would keep Canada in line with the Allies with the food on foot.

Do the people of Canada want to keep faith with the Allies on foot?

Are the people of Canada keeping up with the Allies in the war?

To take any other position is to suggest that the people of Canada were not doing their part in the war.

When I go to the Canada Food Board I see that the public would like to see hats at twenty cents a pound and bacon at a quarter a pound. Who can say that this is impossible?
