Why don't the Westerners come and teach us better manners than to indulge in opium, cigarets and intoxicants?" The hope is expressed that the Washington Government will immediately ban such pernicious activities in China.

The agitation is growing favoring the deportation from Canada of all alien enemies now interned here. The ttawa Citizen in a strong editorial says: "Wholesale deportation of all the alien enemies now interned in this country is being urged upon the Government and this course may be followed. There are about 2,000 of these people in internment campa, living at public expense. Some have been released for railway work. Most of them are Austrians. A revolution is going on in their native land and they are desirous of geiting home. The sentiment of the public is seemingly favorable to letting them go."

With such on array of business men in nomination for the office of Roore and Councillors Acton should have ro difficulty this year in selecting-a Council which will intelligently serve the best interests of the town.
