## War Work and After-War Work of the SALVATION ARMY

"FIRST TO SERVE-LAST TO APPEAL" The Salvation Army has for 53 years been organized on a military basis-inured to hardship, sacrifice and service. It is always in action, day and night. It has maintained Military Huts, Hostels and Rest Rooms, providing food and rest for tens of thousands of soldiers each day. 1,200 uniformed workers and 45 ambulances have been in service at the front-in addition to taking care of the needs of soldiers' families here at home, assisting

the widows and orphans, and relieving distress arising from the absence of the soldier head of Notwithstanding all the Government is planning to do, notwithstanding the pensions and the relief work of other organizations, hundreds of cases of urgent human need are constantly demanding the practical help the Salvation Army is trained and equipped to render.

## The Salvation Army Million Dollar Fund January 19th to 25th

While it could do so, the Salvation Army has carried on without any general appeal. Now the crisis is arising with the return of the 300,000 soldiers. The budget for essential work during the coming year has been prepared. A million dollars must be raised to continue the after the war activities, which include: Hostels for Soldiers

Salvation Army Hostels are vitally necessary for the protestion and comfort of the solder at the many stop-ping places between France and his home here in Canada. These Hostels—or military butels—provide good food, clean beds, wholesome entertainment at a price the soldier can afford to pay. If the boye did not have a Hostel to go to, WHEEL would they go? Care of the Wives, Widows, Dependents and Orphans of Soldiers Scores and hundreds of cases could be cited where sel-

personal bely alone is of avail. Consider, too, the vast and complex problems arising out of the care of soldiers' widows and orphans. Recping the Pamily Unit Intact The women of the Salvation Army on their visities rounds accomplish the apparently impossible. Is the discharged addier out of a job? They find him one is the wife sick, the home-work piling up, the children neglected? They nurse the wife, mother the children, wash and scrub. Is there urgent need for food, fuel, clothes or medicine? They are supplied. It takes money, of course, but more important is the leving apirit of service in which the work is foods.

diers everees bare been comforted by the sasurance that the Salvation Army has stepped in to relieve their families from dire need. As an instance, a mother with six children is located—no fuel, weather freezing, food When the Soldier Needs a Friend The Salvation Army Lasale provides the born with hot coller, the pira, chocolate, magazines, writing materials, and the spiritual comfort which the boys in Rhaki need, and funds exhausted by sickness sold other troubles. They are taken to Salvation Army Emergency Receiving Home. Winter and 300,000 soldiers returning increase the demands on the Salvation Army, whose Until the last honeward bound soldier is re-established in civilian life, will you not help the Salvation Army to combat the discomforts and evils that beset his path?

The service of the Salvation Army, founded on sacrifice, demonstrates the true spirit of the Master. It is directed to the extension of the Kingdom of Christ. For two generations the Salvation Army has stood out and out for God. It approaches practical problems in a practical way and achieves RESULTS. It co-operates with all-overlaps none. It recognises neither color, race nor creed. It is always in action, day and night. No organization does greater work at less cost. To carry on its great work it must have financial help, and on its behalf members of the Dominion Government, business men and returned

soldiers endorse this appeal for funds. "LET YOUR GRATITUDE FIND EXPRESSION IN SERVICE" THE BALVATION ARMY MILLION DOLLAR FUND COMMITTEE Headquarters: 20 Albert St., Toronto

Address-IL R. No. 4, Acton.

CARD OF THANKS The undersigned desires to express his very sincere thanks to the electors who by their votes and their cordial support endorsed his candidature for the Reeveship in the election on Monday. Under the ciruemstances prevailing this action on their part is eapecially appreciated.

It was soon evident after the campaign was commenced that the issue was not upon the broad intelligent administration of the important matters which will force themselves upon the town during the year, and the fair representation of the municipality at the County Council, but wholly upon the appointment of the new Clerk and Treasurer in November. Personal experience and fitness were manifostly,and frankly so stated by many electors who are warm personal friends, not

under consideration. I thank my friends for their support but I have absolutely no regrets that I will not be Reeve of Acton for 1919. With best wishes for Acton's pros-
