I cannot agree with the glaringly autocratic and extravagant administration of the affairs of this province by the present Government which has been catering to and encouraging the profiteers and BIG financial interests even during the gravest stress and strain that has ever been known in Canada, due to the recent awful war and that which follows.

On being elected I will do everything within my power to advance most economic and efficient administration of the affairs of this province with a square deal for all and that without fear or favor.
