Economy of Ford Service

TATEAR is unavoidable even in the VV best car, but certain parts wear out more quickly than others. There is no need of scrapping your car because the piston rings have seen their day, because the platinum points of the vibrators are worn out. Probably the rest of the car is as good as new.

Medical men agree that the human body is renewed, ce!l by cell, every seven years. You can do the same with your Ford Car and prolong its life at minimum cost by replacing worn parts from time to time.

Ford service has been the means of doubling the lives of hundreds of Ford Cars, and cutting down the cost of motoring. The fact that a Ford Touring Car, which costs \$690, f. o. b. Ford, Ont., can be purchased part by part separately for \$917 is ample proof of the economy of driving a Ford Car.

It will pay you to have your car overhauled during the winter months. 700 Canadian Deriers and over 2,000 Service Garages supply gennine Ford parts and prompt repair service.

When buying, choose a Ford, and take advantage of the economy of Ford service.

The Final Phonograph

The BRUNSWICK PHONOGRAPH designers began where other phonograph designers left off.

-It embodies every feature of all other Phonographs from tone to beauty, and has besides a number of new ideas not to be found in any other phonograph. In fact it is the All-Inclusive Musical Instrument and must indeed represent the finished dream of the genius who first invented a talking, singing and playing instrument.

The "Ultona" is a distinctly new creation. At the turn of the hand you adapt it to play any record. It is not an attachment, nothing to take off or put on, the real diamond-for the Edison, the real sapphire for the Brunswick or Pathe, the steel or fibre for other records always there.

We want owners of other Phonographs to come in and hear the Brunswick play the records they use and are familiar

We mention no details here.-You must come and hear it. Prices from \$62.00 to \$2,750.00

Acton Must Win the Prince's Honor Flag

Acton has been allotted and is expected to lend \$210,000.00 of the Victory Loan

When this allotment is reached, we can fly the Prince's Honor Flag. The Prince said: "The Victory 1910 is the bridge between War and Peace, and which is finishing off the job. I hope every city and district will win my flag." It is a white flag with a red border. In the upper left-hand corner is the grand old Union Jack-in the lower right-hand corner the Prince's crest.

The day this flag is run up will be a proud one for Acton. It will mean that our citizens have once again done their full duty.

It will mean that in this district the Victory Loan 1019 has gone "over the top." And the Victory Loan 1919 must be a success.

It is a matter of the utmost importance." It is needed to discharge our obligations to the army.

Will you also serve your country?

It is needed to entend credit to those overseas countries with which we were allied in the fight and which now want to buy our surplus food and other products. The motto of the Prince of Wales is, "I serve."

Buy to the utmost Victory Loan 1919

Will you help to make the Victory Loan 1919 an overwhelming success?

Will you help to earn for Acton the right to fly the Prince's Honor Plag?
