SHINE WHERE YOU ARE

Don't waste your time in looking for the impossible thing...

THE WIFE OF ONTARIO'S PREMIER

"My life has been so full with my home and my children...

Work with the local Women's Institute and the Methodist Church...

There is a gentle beauty about Mrs. Drury's manner...

Of the five children, Charles the eldest, is a bright and thoughtful boy...

As a girl, Mrs. Drury, then Miss Partridge, lived more than three miles from her present home...

Mrs. Drury's daily life is that of any woman in a large family...

The general impression left with the visitor is of a home of happy contented people...

TO-DAY IN BUSINESS

When Marshall Field first got a job as a clerk in a store...

"He's a good lad," said the shopkeeper, as he helped him to depart...

Every merchant who feels a temptation to charge "all that the traffic will bear" should remember Marshall Field's great wealth...

INTERESTING BISHOP

A bishop in full robes of office, with his gown reaching to his feet...

"Well, my boy?" "Can I ask?" said the boy.

"You want to manage the business?" asked the employer.

"Well, I don't understand it at all," said the young man...

THE OLD MAN OF THE BIG CLOCK TOWER

"Telling of strikes, you hear of them every so often..."

Everybody's striking. Just the big clock on the steeple...

Well, I don't want to hear of the big clock giving up striking...

Early residents of Acton have a very interesting story to tell...

The following highly interesting letter was received from Mr. Charles...

Dear Old Man: I read your message in the Press...

Well, there I go again, one would think after all I'd gone back on...

A GOOD MAN

The story is told of a man in Port Hope who was looking for someone to chop wood for him...

"There's a likely old man," he said to his friend...

And that story is indicative of James Hervey, an Irishman, who lived many years in the town of Port Hope...

Do you remember the old plunk road that ran from the town of Port Hope to the town of Acton...

OVER-FEEDING IS THE GAUSE

In spite of the high cost of all kinds of poultry food over-feeding appears to be the cause of many of the troubles...

My poultry does not go back to the good black point. I can only remember it in the days of its docility...

I recall a trip taken by my father and myself to the Provincial Exhibition at London...

A great deal of the material used in the construction of the Grand Trunk was freighted from Montreal...

VALUATION "Policemen cost nothing," remarked the fat-tongued person...

REAL MUSICAL CRITICISM "The Girl" I admire that pianist's style. Don't you?
