**Something Different**  
A Millinery Opening Displaying over One Hundred Original Pattern Hats, Thursday - Friday and Saturday, This Week  
We have a wholesale millinery business doing an extensive trade in Ontario and Quebec. We are opening a chain of retail millinery stores. The original model hats are used to copy hats for the retail and wholesale ends of our business. No individual store in any city under three hundred thousand would think of buying and showing one hundred original models at one time.  
We can show you the hats you would select on Fifth Avenue, New York, and for less money than you would have to pay there, or in any city where our model hats are produced, regardless of duty restrictions.  
Come to Guelph this week. We are anxious to entertain you, and are quite content that you should leave your buying until you are ready, later on, but COME TO OUR MILLINERY OPENING THIS WEEK, WHEN OUR DISPLAY IS AT ITS BEST.
