CUSTOMS RECEIPTS UP

Increase of \$11,181,018 for the First Two Months
Ottawa, June 1—An increase of \$11,181,018 in the Customs receipts for the Dominion for the first two months of the fiscal year, 1919-20, as compared with the same period last year, is shown by Customs Department returns.

INDEMNITY INCREASE

Ottawa, June 1—While no official intimation to such effect can be obtained, it is strongly rumored in Government circles that indemnity for members here is to be raised this season. The matter is likely to be raised at the meeting of the Government following some time this week, and among a majority of the members the feeling is that with increased positions for soldiers practically none of the increased indemnities will also be granted.

STRUCK BY A MOTOR CAR

Mr. Charles Oldham met with a painful accident while near Irons one day last week at his residence for a few minutes. While standing on the road he was struck by a motor car which was along and swerving over to where Mr. Oldham was standing, struck him in the head and sustained a fatal fracture of the skull.

"BROTHERING"

The best brother in the world, a small boy thinks, is a real "brother." Nobody knows the art of brothering so well as the young man in the Sunday School. That's why Sunday School authorities today are holding out to the young man the idea of brothering the younger boys and the juniors of the school.

SPIDER-WEB SHORT CIRCUITS

Spiders are responsible for a great deal of trouble with telegraph lines in Argentina and Brazil. The ground wires are being cut by spider webs, according to daily press accounts, the wind wraps round the wires in great coils and when the wind blows the spider webs are pulled over the wires and short circuits. Repair men are obliged to follow the wires across the country and remove the spider webs.
