PLACE in the Stock Judging Competitions, at Quelph Winter Fair

The stock judging team of the County of York, comprising Clifford Playter, of Newmarket: Itoms Ander- * son, of Edgeley, and William Horles, of Maple, was the winner of the intercounty stock judging competition, which is one of the most interesting features of the Ontario Provincial hounged last Vriday night after a apirited contest; and as York County has now won the competition three The charges against Charles Dever- years in succession, the Duff Trophy, all, adjourned trois November 25 to densted six years ago by the late Hon. December 2, was further adjourned J. S. Duff, will hereafter adorn the till December 3, at the request of office of J. C. Hockley, agricultural representative for York County. Pro-On Friday afternoon, 3rd ingt., court l'ably no contact in recent years en-Magistrate, on the bench. The first view of the fact that the farmers' sons

ford won the contest in 1915 and last The third charge of being intoxi- year, it can be seen how close was the

and the tase was therefore withdrawn. Halton team was composed of Luriu The fines and costs aggregated McLean, Trafalgar; Stewart Lowele, Acton, and Clarence Ford, Trafalgar. Lorne MoLean stood first of all competitors in judging horses; Stewart Lowrig was fourth in hogs, and Clarence Ford sixth in dairy cattle. For this splendid standing Halton was The judges were: boof cuttle, Prof.

Wade Toole, O. A. C.; dairy cuttle, Prof. J. P. Backville, O. A. C.; swine, IL G. Knox, O. A. C.; horses, W. J. Bell, Kemptyllle Agriculturat School, 'Kemptville; sheep, B. 'G. Gordon, live stock branch, Union- Block Yards,

BUILDING WALLS WITH BAGS

The practice of constructing break-

waters and the submerged parts of plers with concrete enclosed in bugn. has been largely developed in Scotland. . The congrete is prepared as near as possible to the place where liage to protect it temperarily from the effoots, of contact with the son water while it is lowered into place, . The bars are placed in a box suspended directly over the spot where they are to lie. The touching of a trigger opens the box and allows a bag to drop out. A line of bags baving been deposited, the longer axis of ceach
