## Great January Sales

### Of Ready-to-Wear Apparel

The January Sales of Ready-to-Wear Apparel form the basis of a wonderfully interesting story—a story that meets the innate desires of women for becoming new raiment—for to many they offer an opportunity to satisfy that natural longing for lovely and needed new clothes.

Garments of alluring style and beauty grace the occasion; garments that reflect high fashionable ideals, offered in wholesale varieties and at low prices which make one glad that the long period of uncertainty and self-denial is over.

And here is the gist of the story—a story told in figures that speak eloquently of rich savings. The figures talk so well for themselves and the quality of the garments is so well known that we do not need to enlarge upon that score. We do, however, advise early selection.

MILL STREET ACTON, ONT.

## The Contractors Claim \$1,759.50 for Waterworks Extras

Inspector Reid kept Close Tab on all Extras and the Amount is Pared Down \$700  
WATERWORKS BOND ISSUE IS MOSTLY SOLD

Council met in regular session on Monday evening with all the Council members present and the Mayor in the chair.

The Finance Committee presented their second report and recommended payment of the following accounts:

WATERWORKS ACCOUNT  
Francis Hall & Co. 200  
Geo. H. Hilde, labor 19 80  
Wm. Bell, labor 10 00  
Guthrie, Thompson & Co. 1,000 00  
Geo. Dill, labor 8 00  
Myer, labor 10 00  
Telephone 62 24

Tramways Co. 23 70  
E. A. James, engineer 48 00  
Northrup Bros. 34 43  
H. N. Farmer 4,428 54  
Central Foundry Co. 6,787 36

GENERAL ACCOUNT  
Geo. Dill, labor at cemetery 4 40  
H. N. Farmer, salary 127 81

The report was adopted. The Central Foundry Co. presented their accounts which had been laid out in detail by Mr. James. The company claimed \$1,759.50 extra over their contract price. The Council went into the matter very thoroughly. Inspector Reid had kept a close account on such extra charges. There were thought to be several items which with the figures, the extra charges claimed seemed exorbitant. The Council finally agreed to pay the Central Foundry Co. as extra \$1,058.52, as according to all their figures they had overcharged by \$700.00.

Moved by J. H. Denny, seconded by J. Bell, that the Council apply to the Legislature for a law which will give the municipality and that the Mayor and Clerk be authorized to take all the necessary steps to bring about the passing of the said act.—Carried.

Mr. N. Starbuck claimed \$50 damages for a dog which he had lost and received by falling in a ditch at the crossing into his property on Mill Street.

Moved by Stephen Corbier, seconded by J. H. Denny, that Mr. Starbuck be given ten dollars by way of compensation for damages sustained through accident to mare on Mill Street, the same to be in full settlement of all claims against the Corporation.—Carried.

The auditor presented his report for the approval of the Council. He reported that the auditor's report be adopted and the books be closed to have the same printed.—Carried.

The question of the claim of Chas. Leysure for damages sustained by falling on a wooden pavement came before the Council for discussion and two letters from C. L. Dunbar were read. It was decided his claim for damages was too late and that the sidewalk he fell on was not defective and was in good repair.

A communication from Rev. E. F. Maxwell requested a special rate for the rent of the hall for a church service. The Council decided that the local rate of \$12.50 should apply to all local organizations and no reduction should be made on account of the fact that they were a church.

Moved by J. H. Denny, seconded by Stephen Corbier, that the Board of Health introduce a resolution that John H. Kennedy, Henry Awey, the Reeve and Clerk, with Dr. McNeill as medical consultant, be authorized to purchase the pumps at the waterworks spring works and to have the same repaired and installed in the waterworks at the expense of the Corporation.—Carried.

The Council decided to examine the building and see what would be required and report.

The Council decided that the sale of bonds of the \$70,000 issue was quite lively and only \$10,000 of this issue now remained unplaced. It was quite confident that this lot would be sold within a week or so to local purchasers.

Council adjourned at 11.50 p. m.
