Brief Local Items

—Rather cool for May yesterday.

—Garden stuff is now showing up nicely.

—New motor cars are appearing on all sides.

—This seems to be clean-up week in the liquor business in town.

—Mr. Steele is adding a section to his residence in the Second Block.

—Bolton had a \$25,000 fire on Monday. The Town Hall was destroyed.

—The sales tax has been increased to three per cent. dating from to-day.

—This is apple blossom week. The apple orchards are most attractive now.

—Strawberries are now plentiful at a box. But they're not home-grown.

—Mason's orchestra at Moorshead's on Saturday evening attracted big crowds.

—The new tariff places a tax on fruit, but not leaves, oranges and lemons free.

—The home gardener and the baseball enthusiasts would like evening twice as long.

—Little beds of flowers, little coats of paint, make a pleasant cottage out of one that ain't.

—Some very nice trout have been brought to town by local fishermen the past ten days.

—The asparagus beds are providing their succulent products a week or two earlier than usual.

—Oakville's census puts the population this year at 5,324 and the assessment at \$2,678,832.

—The steam road roller is doing good service in getting the streets into normal condition again.

—President J. B. Reynolds will represent the O. A. C. at the conference of universities in Britain in June.

—Sir Henry Drayton has given "boozie" another knock-out blow with his \$10,000 a gallon customs rate.

—The foundations for Mrs. (Dr.) Gray's new residence are about completed and ready for the bricklayers.

—The dust-on-the-streets was most uncomfortable for several days during the week. An occasional shower, with "big welcome."

—The excavations are being made for the new school now at Milton. Mr. Mayne Broek, now store owner on Mill Street, Guelph, Mr. McLean & Co., and G. Soper.

—The annual meeting of Esquining Women's Institute will be held in the Esquining Council Chamber, Friday afternoon at 8:30.

—The sunny banks along the rail-ways are clothed in many places near town with patches of wild strawberries, now in full bloom.

—Some of the boys who are riding their bicycles on the pavements, will get "pinched" one of these fine days. The constable is after them.

—The three new business places on Main Street made things lively on Saturday. It looked like the palmy days of early years on that business thoroughfare.

—The new groceries and confectionery stores of Mr. John Mount have opened on Saturday evening. The premises have been transformed and are quite attractive in appearance.

—Twenty per cent. due in the price of practically every class of candy will be the result of the new Budget proposal, according to the W. M. Lowrey Company of Canada, Limited.

—It is very manifest that numbers of fast drivers of motor cars are under the influence of alcohol at least without a constable. These speeders will be brought up short one of these days.

—Asked for an opinion as to the municipality's liability for damages through collision with "silent" policemen at street intersections, a solicitor from the Provincial Council that town would be liable.

—The annual meeting of Guelph District will be held at Fergus next Wednesday with Mr. H. E. Newell and Messrs. H. P. Moore and C. E. Bailey as the delegates from Acton Methodist Church.

—The province went "dry" by 371,400 votes. That's quite a majority, and almost twice what was expected. Now, if the bootleggers were out of the picture, nothing ever would be dry, says Guelph Mayor.

—The Iroquois News calls attention to the prevalence of "blackmail" value being exacted on the streets of this town. Profanity is the most vicious of all vices, and is unfortunately common everywhere.

MUSKOKA IN MAY

The Splendid Springtime Attractions
Seldom Realized or Enjoyed
by Summer Residents

The springtime beauties and atmospheric features of Muskoka, the highlands of Ontario, and the "Blood of the North," are well worth a summer holiday in July, August and September, have failed to be realized, because seldom do the summer residents ever see Muskoka in her pretty attire.

It was the pleasure of the editor to spend the first week of May in these attractive surroundings. The weather was perfect, the sun shone brightly, the beautifully wooded islands and mainland were just putting on their new dress of varied verdure tint;

the wild flowers were in profuse bloom, and the quiet atmosphere added to the numerous attractions of nature's attractions.

The sweet, pure, diaphanous atmosphere and the birds were everywhere; the gentle ripples of the waters lapping the shores, and the songs in the trees, all contributed to an abiding influence which left a deep, full, lasting and reverent health and restorative surroundings.

The birds were there, in plenty variety, the slight songs of the whippoor-will were distinctly heard in the prevailing "quiet"; flocks of ducks were present on the lake between Dr. Moore's hotel and the Oakville Inn, and occasionally a flock of wild geese would fly over head. A row lake or bay saw the pretty islanders, with their colorful costumes; a gaudy umbrella on the rocks, or an hour in fishing or trolling combined to pass the time away with surprising rapidity.
