THE THINKER

Itack of the bouting hammer My which the stool is wrought, ltack of the workshop's clamor The seeker may find the thought. The thought that is over master Of Iron and steam and steel, That rises above disaster

And tramples it under heelf The drudge may fret and tinker. And labor with lusty blows; But back of him stands the thinker The clear-eyed man who knows. For into each plow or sabre. Each piece and part and whole, Must go the brains of labor Which gives the work a soul.

Back of the motor's humming, ltack of the belts that sing. Back of the hammer's drumming. ltack of the cranes that awing. There is the eye which seams them, Watching through stress and strain, Chore is the mind which plans themluck of the brawn, the brain!

Might of the rouring boller. Force of the engine's thrust, toqueth of the awenting toller, Greatly in these we trust. int back of them stands the schemer.

The thinker who drives things tack of the lob-the drouner, Who's making the dream come true

THE FRIEND WHO MAKES US BMILE

"Whother the road winds up or down There's over the weary mile; · How can we help but love him best, The friend who makes us smile?"

All of us can call to mind friends o friends we are always glad to see. But what of the friends of exactly the other type-the friends who rarely unile themselves and who would deprive us of smiling by bringing their own wors and cares to us? Warm and deep as human sympathy, may be it can hardly extend far enough to make ever welcome the friends of this murry Maggie, Rumshaw, there. Rev. kind. It is so much better to:

to-day is in the direction of cheerfulness. The deleful song, the deleful ful people are not wanted. Cheerfulness is at a high premium. We have were married.
