Neighborhood News—Town and Country

NASSAGAWEYA

A serious accident happened at Robertson's lime kilns, near Milton, last Friday, when Hobbie, the 11-year-old son of the late Pte. James Hamilton, of the 76 Battalion, who died in France, fell 30 feet from the top of a tree in which he was playing with other boys, receiving internal injuries.

The beekeepers of this township are securing a big crop of honey this season. The quality is excellent and the price reasonable.

The harvest is over and seeding has commenced.

GUPRINGE

The postponed garden party, under the auspices of the Women's Institute of this place, on Monday evening, was a very creditable affair. The lateness of the season for these functions did not seem to deter a good crowd from assembling. Miss Grace Bonnick and Mr. Robert Wilson, of Toronto, provided generous entertainment, while Mr. Frank Guild, of Rockwood, contributed a varied repertoire of well-rendered solos. The Acton Citizens' Band was present and gave a good share of the programme of well-chosen selections. Mr. Roy Hindley very capably performed the duties of chairman for the evening. The grounds of the Presbyterian Church made a very suitable place for holding this function and the affair was a success throughout.

OAKVILLE

The Council passed a resolution of condolence in the death of Councillor Bloan at it last meeting with sympathy for Mrs. Bloan.

Another subdivision to be known as Waverley survey is to be added to the town.

Chief Kerr presented his report for July, showing 23 cases tried and $438 collected in fines, which included four fines for speeding on Dougias Avenue.

Samuel Leaver, mail carrier for R. R. No. 1, was on his route last Thursday morning. He was accompanied by his old friend, Cy. Hughes, and was proceeding north along the 9th line in an auto. At the railway crossing the car was stopped to let an express train go by. A work train was standing on the other track and was not seen by either man. The train started to move, as did the auto. Cy. said "whoa" and Samuel put on the brake. The cowcatcher caught the wheel of the auto and turned it around, just in time to have the tender catch the rear end of the auto and turn it over lengthwise across a ditch. Both men crawled out from under the auto. Mr. Leaver was considerably shook up and Mr. Hughes had a cut on his forehead and a black eye. The car got the worst of it. It was a close call for both men.—Record.

Valuable Herd Remains in Halton

Ex-Warden Duncan Campbell Secures Late Sir Frank Baillie's Shorthorns

Duncan Campbell, of Moffat, ex-Warden of this county, has proven himself a man of vision, in lumbering interests; in agricultural exploits, and in municipal affairs. He now becomes the possessor of a magnificent herd of Shorthorns.

What is believed to be the largest private sale of Shorthorn cattle in Canada took place a few days ago, whereby Mr. Campbell bought the herd of Shorthorns gathered together by the late Sir Frank Baillie, of Oakville.

The herd is composed of some of the best breeding blood and individual merit which could be secured when Sir Frank was establishing a herd. The figures he paid always ran high and included the sum of $15,000 for the bull, "Clothes King 4th," bred by the Duthies, of Scotland. To house these cattle Sir Frank built a stable at Oakville, and it was expected that Limonally Farm would be heard from among the best shows in America. Many of the cattle have been prize-winners at the big shows of the British Isles.

The 70 head comprising the herd were loaded on cars at the Oakville station for Moffat, where they have been placed on the farms of Mr. Campbell, who has associated with him Thomas Amos, a young member of the family of that name, well-known as breeders. Donald Grant, who was an employee of the Sanderson at Limonally, goes to Moffat in charge of the herd and will remain there.

On the Bowling Green

The Trophies are Still Coveted by Outside Bowlers

The past week has seen some interesting games on the greens of the Acton Athletic Association, and by our bowlers at outside points.

On Saturday evening Gunner Gould took a rink to Guelph to endeavor to recover the Partridge trophy. They had a good game and a close contest, but failed to land the coveted trophy again. The players and score were as follows:

Guelph	Acton
W. Morris	H. Wallace
Fred Smith	R. McPherson
Geo. McPherson	N. McDonald
A. Mennie, sk. 17	W. Gould, sk. 15

On Monday evening one of Guelph's best rinks played a match here for the Mercury trophy but went home without it. Respecting this game the Guelph Herald says:

Mr. J. B. Huether took a rink of Guelph bowlers to Acton in an endeavor to dislodge the Mercury trophy from Billy Gould's team, but the latter hung on tight and when the smoke of battle cleared away it was discovered that the Guelph bowlers were down three shots. It was a good game, all the same, even if the attempt to bring home the cup failed. The score:

Guelph	Acton
R. G. Johnston	N. McDonald
J. B. Rose	J. Leishman
R. Mahoney	G. Hynds, Jr.
J. Huether, sk. 17	W. Gould, sk. 20

The same evening four rinks from Milton visited the Acton bowlers and played a friendly game, Acton winning by 14 shots. The score:

Milton		Acton	
W. Chisholm	20	D. C. Russell	19
C. R. Turner	20	J. Holmes	28
F. Fleming	15	J. Woods	16
E. R. Graham	10	R. McPherson	16
	65		79

It is getting to be a habit with Milton to come to Acton when they want a good game of bowls. They always enjoy our greens very much, and they invariably find a cordial welcome.

Waterloo has a challenge in for the Mercury cup and Guelph for the Wallace trophy. One or both of these games will be played before the week is out.

Billy Gould went to Milton yesterday with a rink to the postponed tournament.

Appointed to Administer Farm Loans Throughout the Province

Mr. A. G. Farrow, of Oakville, will administer the recently enacted system of short-term and long-term farm loans in Ontario. His appointment was announced by the Provincial Government last week.

He is to be chairman of a board of three men to be known as the agricultural development board. His will be the duties of chief administrative officer, while the other two men will act in an advisory capacity.

Mr. Farrow is well-known, not only in rural Ontario, but in the cities. He was in a commercial business in Toronto for some time and moved out to Oakville about eight years ago, where he has had great success in breeding Shorthorn cattle.

He has taken an active interest in the U. F. O. movement.

The Government is considering now the advisability of establishing treasury branches for four per cent. deposits, as provided for under the act.

Don't Neglect the Cemetery Plots

Respect for the memory of the dead is a wholesome virtue and it is to be hoped that the day may be hastened when the neglected country burying ground will have ceased to exist in this fair Province of Ontario.—Picton Gazette.
