

PAPA, FOT WOULD YOU TAKE FOR ME?

The mother all appreciated. The mother was to be full of both large and little things for little Mrs. Ellison. It had begun before any of the members of the family had risen and she had been the first to go to bed the night before. "I must be up before the morning," she said. "I must be up before the morning," she said. "I must be up before the morning," she said.

George H. Ham

The birthdays of Mr. George H. Ham, of the C. P. I., have for many years past been observed by some of the household work in more than one of the homes in the city. It was a home-like dinner with a score or so of close friends, or a public luncheon or a presentation of an opera in a hospital, or a trip on a railway train. It was something else. This year a radical departure is being made from the ordinary August 23 presentation with the "Mason-Book Company" as the sponsor for the occasion.

AUTO TRUCK ADVERTISEMENTS SUNDAY SCHOOL

Calvary Baptist Sunday School, of Hamilton, Ontario, has an advertising truck, Early Sunday morning the children gather at the church for a ride, and they ride up one street and down another, singing songs, while some and windows are lined with questioning faces. Curiosity is apparently satisfied by the banner carried by the tractor, which reads: "Follow us in Calvary Baptist Sunday School, corner Hamilton and Preston." "We go to Calvary Baptist Sunday School, why don't you?"

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are especially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

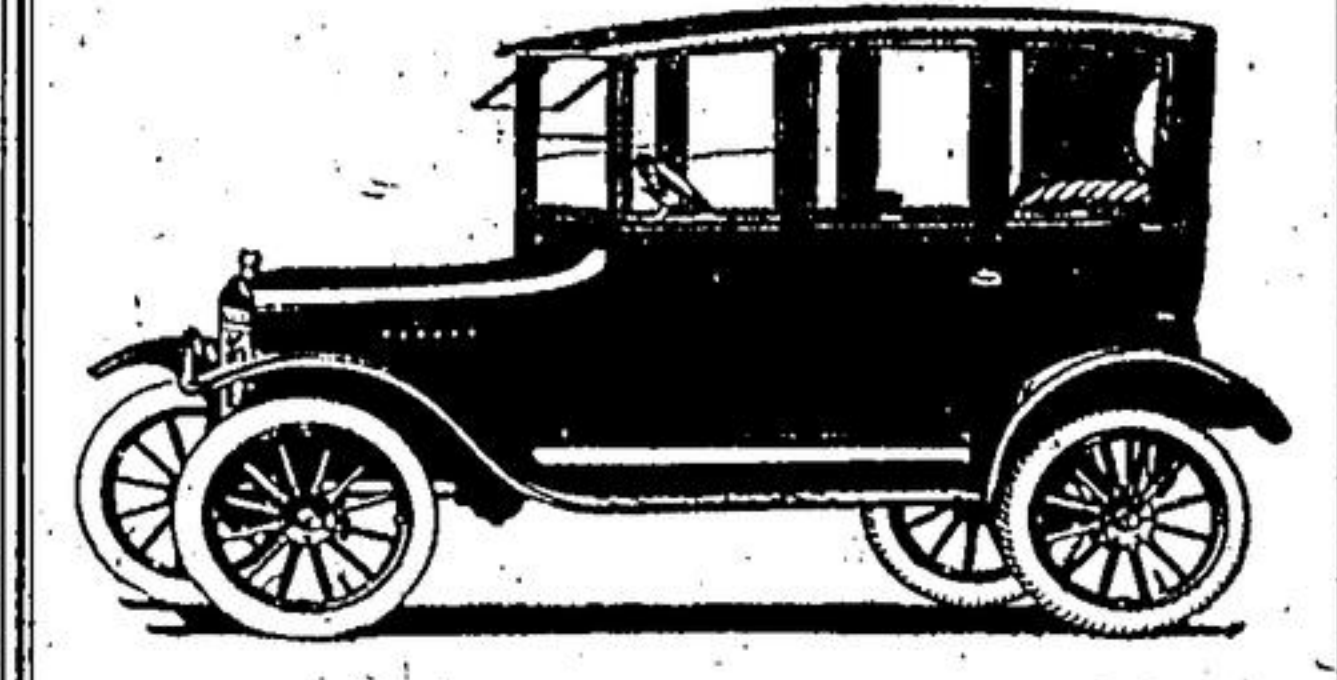

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant, it contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Why the Ford is the "Universal Car"

DOWN from the orchards of Nova Scotia, the farms of New Brunswick, on Sherbrooke Street, Montreal, Yonge Street in Toronto, Portage Avenue in Winnipeg, on the far flung horizons of Saskatchewan and Alberta, and up through the mountains of British Columbia, down Granville Street in Vancouver, on Government Street in Victoria - it's the same story - half of all the cars you see are Ford Cars - in many sections they are two to one of all the other makes. And it's the same story in Africa, Australia, Britain, Europe United States - throughout the world - one-half of all the motor cars on earth are Fords. Why? Because the simplicity of the Ford Car adapts it to every driver. - because the power of the Ford Car carries it wherever the driver wants to go. - because its durability and rugged strength make it the car for every condition of usage. - because of its low first cost and low cost of operation and maintenance. The Ford Car is a good car for you to own.

The New Ford Prices

Table listing Ford prices: TOURING CAR, WITH STARTER \$710.00; RUNABOUT \$645.00; SEDAN \$1,090.00; COUPE \$990.00; TRUCK \$755.00.

"MOVE ON" MEN PLEASED

"Move on" is the command of the policeman to the motorist. The man who makes too long a stop on the highway needs to be put in motion for his own sake, as well as for the sake of the public. One has to be a realist to see the authorities for immobility. If he is too long in one place, the policeman's manner up, his club swinging, suggestively, and gives the order, "Move on!"

HIDDEN RESOURCES

In many parts of the west there are great stretches of country, once desert, now covered by vegetation and fruitful orchards. Some men with energy and brains found out that by the simple process of boring into the earth to a great depth an abundance of fresh water could be secured and the desert transformed. The possibilities of life and beauty there are at the time. All that was lacking was some human hand to unlock the door and let them come forth. Many lives are like the barren and desolate, with little of beauty or liveliness to connect them with the other. But there are men, buried within the most unpretentious heart, all that is needed is some hidden resource in making method and will. In other cases, they give no ground for hope, but even if they are barren, they are not barren. Friendship grows only with careful cultivation, and every true friendship is worth the best that we can give it. - East and West.

LEARNING WHILE YOU ARE EARNING

Many young people think of their education merely as a means of making a living. And if they are optimistic they think of it as a means for making a possible fortune. But even if the worker does just live his fifteen-dollar-a-week position is going to expand an 'L' at least him in ten years, if that is all work means to him, it means less than it might. Your work is one of the necessary factors in making method and will. It develops almost all the qualities necessary to a successful character. One who never worked in his own control. It goes without saying that he would lack method, and that he would not be thorough. When you are earning a few dollars weekly by your work, you are learning lessons of the utmost value.

A LITTLE WIDDOW

Amor ages and worry wears. Pret over the past and you'll fall in the future. Be slow enough, and quick enough, to be sure. He who dwells in prosperity will shrink in adversity. Strong language is often the prep for a weak cause. The only way to keep a secret is to say nothing. Don't let the only key to your work be your employer's eyes. Beware of too pured up a sense of your own worth and consequence.

THE TIME TO ANSWER A LETTER

Many young people excuse their failure to answer letters promptly on the ground that they do not have time. The momentary reply to a letter is one of those things that no one notices. A friend of Mr. Roosevelt's has said of him, that in writing his letters he was always answered his letters the day they were received. In the matter of business letters, you must answer them as promptly as you can. It is an admirable rule. It is never so easy to answer a letter as you think it is. Your day will demand a profuse apology, than to answer it at once when you can save the time and space wasted in waiting. There are times when you can save the time and space wasted in waiting. There are times when you can save the time and space wasted in waiting.

RIDDLES

Why can I never keep dry? Because I am always in water. What is it that has two teeth but never cuts? A comb. What is it that you cannot hold for more than a few minutes yet it is as light as a feather? Your breath.

BEEN-SNAPS LIFE CORDS

It is difficult to find any part of a confirmed beer-drinker's machinery that is doing his work as it should. While the reason why their lives are so short is not clear, it is a little clear. Beer-drinking is a life-destroying habit. It is a well-settled, recognized fact. Physical and insurance companies do not take any interest in the fact of a man's drinking. It is a well-settled fact of science. - Dr. H. H. Langren.

A GOOD BUSINESS RULE

A good business rule is never to try to interest others in a proposition that does not arouse your own enthusiasm. Never try to secure investors in a project in which you would not willingly invest every penny you have. No amount of enthusiasm can take the place of a proposition that is profitable to you, have to offer.

TAX NOTICE--1921

MUNICIPALITY OF ACTON

The Tax Notices for 1921 are now being sent out. For the convenience of all concerned payments have been arranged to be made in two instalments, at the Merchant's Bank.

FIRST INSTALLMENT - SEPTEMBER 26 SECOND INSTALLMENT - NOVEMBER 28

Any ratepayer may pay the whole of his taxes on or before September 26, but one-half the amount must be paid on or before that date. Failure to comply with this arrangement entails extra expense and trouble.

An addition of five per cent. will be made to every tax rate or assessment remaining unpaid for the first instalment, and the 28th day of November for the second instalment; and it will be the duty of the Collector, immediately after the said several days appointed for payment, to collect the same by distress or otherwise, under the provisions of the Statute in that behalf, all such taxes or instalments of taxes.

PLEASE TAKE YOUR TAX NOTICE WITH YOU TO THE BANK WHEN MAKING PAYMENT

THE AUTOMOBILE

Some impressions have been made upon the writer concerning autos and their uses. They are not intended to stay - a great convenience - but like some other good things they can be abused. Doubtless their use has caused a great deal of trouble to the world - the "get-a-way" etc., but they are not to be condemned for that. A better control of autos and their drivers will come as a natural result with the passing months and years.
