À CANADIAN RECORD HEN

"Lasty Dot," a White Wyandotte pullet, leg band No. DI, at the Dominion's Experimental Histon, Invermore, H. C., completed her yearly reeard on October 31, producing 325 eggs during the preceding 365 days. Bhe was hatched on "March' 25, 1920, and commenced to lay in October. Blue was placed in a permanent laying The following is her monthly egg production for the year:

ing to an exhausted or fooble person. The awester the crange, the greater

> During the four winter months "Lady Dot" produced 108 uggs, which is more than many pullets do in a year. From August 1 to October 17, when she quit laying she tald 78 eggs in 78 days. Commencing on May 18, and continuing until October 17, a verted of 153 days, she preduced 150 eggs. "Lady Dot" did not go broady during the year, but commenced to moutt on October 11, and quit laying on 17. Unfortunately there is no trap nest record of her oggs, prior to November 1, 1020, otherwise her yearly record would have been more. As an individunl she is, if anything, small for the breed, but is the most active bird in

"Lady Dot" is from an Experimental Farm flock that averaged 197.5 in their pullet your and is the result of & years' brooding and selection.-Experimental Furn Notes.

Austria is fast recovering to the uncient system of barter and exchange, tollers demanding something more subtantial than the Austrian paper crown. Doctors are charging half a loaf of bread for a consultation with wealthy patients, white operations are paid for

The grocer dled for want of breath Despite ten operations, And as he lay awaiting death, flurrounded by relations, "I have up will," he told them all, "I leave you not a cent, My wealth is gone beyond recal For all my dough is spent. The surgeon took a bug of flour And my appendix too, He operated for un hour

And drank all my home-brow. The dentist yanked my molars out And nuked a modest fee, A crute of eggs, a quart of stout, And twenty nounds of tea. Another doctor wants a hox Of patent breakfast food, He cured his of the chicken pox For half a cord of wood.

"I'm ruined," he gasped to those "fluild round my grave a picket fance. It's chaper under ground."

And so with this extreme expense

HE HAD HIS DOUBTS

An elderly man was persuaded by

one of his sons to so with him to a boxing exhibition. The son paid for two \$2 seats. "Now, dad," said the son joyfully. "you'll see more excitement for your \$3 than you've ever seen in your life

"I've got my doubts about that," he said gloomily. "Two dollars was all l paid for my marriage license." WHAT BORY OF A MAN IS HET

When a shrew business man is making un investment in any enterprise, the first question he wake is, "What port of a man is back of the enterprise or the institution?" Everything depends on the sort of a man who is at the head of anything. The quality of the head will trickle clear down through from the top of an organization to the very bottom.
