tiscments without specific directions will be inserted till forbid and H. P. MOORE, Editor and Publisher.

Editorial and Buniness Offic

#### EDITORIAL

#### "Economy" the Watchword at Ottawa

Instructions have been sent to all the department heads at Ottawa that they are required to prepare their estimates for consideration by Cabinet Council at the earliest possible date, and also that these estimates must be kept down to the lowest possible figure. An intimation was also given to the deputy ministers, it is said, that they must expect to have their estimates this year revised and cut down, and that strict economy is to be followed in the spending of public moneys.

#### Compliments to Canada's Armament Representative

The people of Canada have good reason for pride " In the ability and influence of their representative at the Washington Armament Conference-Sir Robert Borden. Great credit is being given Sir Robert there for his foresight and statesmanship on committees. On four different occasions by patient and persistent negotiations he prevented a deadlock in the committee. Following the announcement of the agreement on the Chinese tariff he was warmly congratulated by Mr. Balfour, head of the British delo-

#### 'The Value of a Definite Aim

without taking aim. Be definite. Do not stop with saying that you are going to be more helpful in the disadvantageous to all concerned.—Newmarket Era. home this year. Do not stop with resolving that you will devote yourself more carnestly to your school studies, or promise yourself that you will not go out in the evening before Friday. It is easy to deceive one's self by glittering generalities in the way of resolutions. Pin yourselves down to something dufinite, and let that be a proof of your sincerity. With is before all who thus direct their energies.

#### An Important Service in Character Formation

tional usset from whatever angle viewed. If our ments in which they find themselves. children are undermined by harmful influences and vicious habits, so will Canada be. Of all the world Ontario ought to be the highest and best environment for our children, and the Department of Education is doing most worthy work in providing for adequate and inspiring education along the line so ably pursued by Mr. Bealt under official auspices and

#### Deport Criminally-Inclined Foreigners

The Mail and Empire takes strong ground for the deportation of all foreigners in this country who are sontenced to jail for crime. It says: "The daily list of murders, shootings, stabbings, or affrays in which "foroigners" in Canadian cities participate grows. Toronto and other large cities that are natural contres for a lawless alien element suffer severely from it. Juil sentences do not prevent crime in the case of these foreigners. The ratepayers are called upon to pay taxes to maintain policemen, hospitals, South Ireland Parliament. Now it's up to the men fire brigades, etc., for handling the unruly element. of the north, who should be ready for peace and Hardly a week passes but some grave crime by alien unity. newcomers from Continental Europe is committed. It is not enough to send these men to juil. They are should be deported on expiration of their sentence. progress means the enrichment of the nation.—Brus-If the aliens are naturalized, they would, of course. sels Post. . have rights here. But there are thousands of unnaturalized ones who reveal, in their offences, that they are not fit to be Canadians, and it would be a public service to rid the country of them."

### Some Doctors Unworthy of Their Profession

It is surprising indeed that so many physicians in our province are ready to pander to the morbid York Assembly, is bound to stand in with the ladies. realize are, baneful in their effects to the recipients ejection law so that when a poll clerk asks a woman of the prescriptions for liquor they issue, and often her age she may simply reply: "Just twenty-one." serious menace to their families. It is a crying shame that the Ontario License Commission last week found it necessary, when returns of prescriptions for given as \$349,716; Sir Edward Kemp as \$200,000; December were received, to cut off the right of 300 John MacDonald \$106,472; Sir Joseph Flavelle 191,doctors in Ontario to issue liquor prescriptions for 902; E. R. Wood \$167,336; Sir Wm. Mackenzie \$165,periods of longer or shorter duration. Nearly every 280; Chester D. Massey, 159,524; Sir Edmund Osler part of the province is represented, and in every \$120,765; Sir Henry Pellett's only amounts to \$66,000. case more than fifty quart bottle prescriptions were They should get along on these amounts if they issued during the month. 'A statement will be issued are careful.' by the commission explanatory of the conditions that warranted this cancellation of the doctors', 11censes to issue prescriptions. The prescriptions are assistance to the urban municipalities in their efforts filled by the Government dispensaries and are not to cope with the conditions caused by unemployment, the six-ounce prescriptions that druggists may fill. the Drury Government shows that it takes a large The reason for the exceptionally large list may be view of its obligations. It might have evaded this the recent festive season combined with the federal public duty, and told the municipalities that local

Newmarket is Also After Lower Insurance Rates

Newmarket is paying altogether too high a rate for insurance. Our Fire Protection System was greatly improved last year and the Fire Brigade has wests of fish, does it' occur to the other part do wild flowers and graceos demonstrated its efficiency. It is up to the Town Council to present the matter to the Underwriters Day - February 1 - commemorates tribute to the sell from which they Association and ask for a lower rate. It is reported these brave citizens of the nation- period and the ellman that developed in the press that numbers of other towns have had a those reserved, stannels and brawny country stratches away in gently rollreduction of ten per cent. Intely.
