

THE OLD WAY
Mary had a little child,
It started in the head,
And never spread,
That cold was sure to spread.

THE NEW WAY
Mary had a little child,
It was isolated,
The doctor called, prescribed and saw
Her treatment regulated.

Judah and the coming of the Messiah.

SUCCESS NUGGETS
To learn always, to think always, to
learn always. It is this that we live
truly; to who aspires to nothing and
learns nothing is not worthy of living.

WHAT AN AGE!
The time in which we live may, by
generations to come, be looked upon
as the Union Age, for everybody has
had or her union, like the washer-
woman of Paris, and the newspaper
boys of London. A charitable old
lady, walking out on a winter day,
dropped a couple of coppers in the
lap of a man who had swept away the
snow, at a street crossing. That the
lady returned the coins to her, saying
in her kindly tone: "Excuse me, I
don't want to hurt your feelings, but
I'll have to return those coppers. If
we take less than a fanner we
lose our 'union-label'."

WEEKS ARE ROBBERS
A superficial survey of southern Ont-
ario shows very clearly that the west-
ern farmer has gained so much headway
on very many farms as to have be-
come the largest profit-robber factor.
Thistles, ragweed, mustard, etc., are
crowding out the useful food plants,
reducing yields and making work
more difficult.

Children Cry for Fletcher's
CASTORIA
Fletcher's Castoria is a remedy for Infants and Children.
Foods are specially prepared for babies. A baby's medicine
is even more essential for baby. Remedies primarily prepared
for grown-ups are not interchangeable. It was the need of
a remedy for the common ailments of Infants and Children
that brought Castoria before the public after years of research,
and no claim has been made for it that its use for over 30
years has not proven.

What is CASTORIA?
Castoria is a harmless substitute for Castor Oil, Paragoric,
Drops and Soothing Syrups. It is pleasant. It contains
neither Opium, Morphine nor other narcotic substance. Its
age is its guarantee. For more than thirty years it has
been in constant use for the relief of Constipation, Flatulence,
Wind Colic, and Diarrhoea; allaying Feverishness arising
therefrom, and by regulating the Stomach and Bowels, aids
the assimilation of Food; giving healthy and natural sleep.

Sell Cream or Churn?

In the large centres of population butter has
almost completely taken the place of dairy butter. Many
farmers have been delivering cream to the creamery for some
years and have given up churning for good. Some did this
after exhaustive experiments with the returns got by churning
at home and those obtained by selling the cream. Selling the
cream is always the more economical because it saves a heap
of labor and the skim milk stays at home in any event.
