To Improve Light Horses

Ten stallions will be distributed
throughout Ontario for four
months each year.

For the purpose of improving the
breed of light horses in Ontario, seven
high-class stallions have been im-
ported from England and placed in
different parts of the province for
service about the first of May.

These stallions are now at Wood-
bine Park in Toronto, and will be
offered for service by three
men—Bircher, Hinchliffe and one
other. They will be assembled and kept
in Toronto, free of expense, from the
first of April to March each year, when
they will be loaned over to a suitable
man for service throughout the country
during the summer months. The
owner of the horse will be paid
what he wants, and he will be paid
by the Dominion government, through the Mill Street
Department. Services will be nominal.
The stallions which were purchased
from the British, P. G. P. and the
Whale, Whinny, Gold Cup;
Cattlegat, a winner on the turf; Gen-
eral Probyn, bred by the King and
Queen of England; King's Jubilee, In-
genious, King's Jubilee, King's Jubilee; Val-
erie, in great demand in England;
Spring Wheat, also bred by the King
and a winner of King's Jubilee and
super-prudent; McNolli, a good
stable worker; Quartz, a gelding, reasonably bred
but not a winner on the turf.

Canada's Oldest Magazine

The Canadian Magazine Commemorates
Its Thirtieth Year of Continuous Publication.

The current monthly issue of the
Canadian Magazine marks the thirtieth
year of continuous publication. The
Ontario Publishing Co. may well feel
proud of this splendid record. Other
magazines have frequently been
launched on the scene of literature in
Canada, but have generally been short-
lived. But the Canadian has gone on
year after year, and because of its high
standard, popularity and its loyalty to
Canadian literature, and has grown in
popularity and prestige.

The price of motor cars have been
reduced. At just 50¢. In eighteen
months, it is hoped they are now
