CAPITALIZATION

(After giving effect to present financing) Authorized Outstanding FIRST MORTGAGE 20-YEAR SINKING FUND GOLD BONDS. DUE 1942 (this issue) \_\_\_\_\_ \$250,000

# (Preferred Shares to be redeced December 31st, 1922)

The carnings in the previous six years (1916 to 1921 inclusive) amounted to \$320,224.30, being an average over the period of \$53,370.71, or 381% of the interest requirements of this bond issue.

After provision for various items of depreciation in the same period the net profits totalled \$163,074.08, being an assessed average of \$27,179.00, or 194% of the interest requirements of this issue.

Current assets at December 31st, 1921, were 600% of current liabilities.

The earning capacity of the business will be greatly angmented as a result of the extensions and improvements to Works now under way.

### THE ASSETS

(As per Oscar Hudson & Company, as of June 30th, 1922) Cash, Accounts Receivable, Prepaid Charges \_\_\_ \$ 45,522.75 Inventories of Raw Materials and Finished Goods, 124,806.18 Land and Buildings (Toronto Branch included) \_\_\_\_\_\_110,507.27 Patent Rights Machinery and Equipment (Yoronto Branch includ-

150,000.00 \$687,664.80 THANK YOU!

The Directors o Manufacturing Co. take this opportunity of extending, to the many who have already supported the iesus, their very best

From the foregoing it will be seen that the security will be 343% of the issue, which is \$1,715 for each \$500 Bond to be issued. All future additions automatically increase the security, while each annual Bond redemption reduces the Bond liability. The Trust Deed provides for a first mortgage on the land and buildings at Milton, and plant, machinery, and all other assets, are included as a floating charge for the purpose of securing this issue.

THE BUSINESS-The Company was incorporated in 1908 with \$250,000 capital, which has since been increased to \$500,000.

LINES MANUFACTURED-More than 5,000 tons of steel and brass have been converted into nails, wire, rivets, screws, hay bale-ties, cut wire, flattened steel strip, etc., in a single year. The Company's most important product however, is the ROB ERTSON SOCKET-HEAD-WOOD-SCREW. This is now very generally used in the manufacture of Motors, chairs, tables, furniture, brushes and many other lines, and its use is spreading rapidly into all screw using lines of business, and is now about to be extended so that it will be universally used.

SINKING FUND-Beginning October 15th, 1925, 5.88% of the outstanding Bonds will be purchased in the market, or drawn by lot at 105 and accrued interest and cancelled annually. This provides for redemption in full on October 15th, 1042.

redeem the Bonds at 105 and accrued interest, after October 15th, 1924, by 60 days notice. MARKET-After one year the Company will apply to the Toronto Stock Exchange to have these Bonds regularly dealt in.

REDEMPTION-The Company shall reserve the right to

PURPOSES OF ISSUE Large extension of Buildings and machinery are being made to meet the increasing demand for the Company's products, which are well regarded and very generally used. Wider ranges of stocks will be made and carried, and the Preferred Shares outstanding are being retired at 115 and accrued interest. Many improvements effecting great economies are being made, and

greatly increased earnings are expected. TRUST COMPANY-The Toronto General Trusts Corporation. AUDITORS-Messrs. Oscar Hudson & Company, Toronto.

LEGAL OPINION-Tilley, Johnston, Thomson & Parmenter, BANKERS-The Bank of Nova Scotia, Milton.
