Halton "Old Boys" in Manitoba

A letter in another column from Col. A. Claud Gray, of Winnipeg, gives particulars of a movement inaugurated by Col. Dan. McLean for the organization of a Halton Old Boys' Association in Manitoba. This will undoubtedly interest many of the hundreds of former residents of Halton who now make their portunity of communicating with Col. McLean.

Commissioners, per cent. bonus principle provided for by legislation. Those of us who know the natural beauties of Halton county are glad to see them adequately recognixed in publicity which is evidently aimed to attract ing motor tourists. The booklet itself is a mos satisfactory production. One has seen railway and steamship folders galore, playing up specific points or sections but nothing heretofore has dealt with the beauties and attractions of the Province as whole in the same way. Beginning naturally with the Niagara district, the gateway used probably by the largest number of visiting tourists, the publication illustrates verbally, as well as by an abundance of excellent photographs, the features of the district and follows the various highways to the western border, illustrating features most of us never saw before in the Lake Erle district. The reference to Acton comes on page 23 in the outline of various routes from Toronto to Western Ontario. Passing ed. Mr. Drury is pleased: Mr. Hay is pleased.
