## WHIBTLE A LITTLE

When your work is heavy, inddle And the hills are rough and high, When the aup is blazing hetly Down upon you from the sky; When you feel the most like quitting All the work you have begue, Then just keep neplodding. And whistle a little, son.

When the sky is grey above you, And the road is deep with mud; When it seems there's none to love you And a worm in every bud; When you think that nothing matters And the world is not much fun-Just breathe a trifle deeper. And whistle a little, son!

Porhaps when most discouraged. You will find smooth road ahead: And will feel God stoop to touch you Whom you thought that God was dend.' The' the way is heavy, laddle, And the race not yet half run, You will find your feet grow lighter If you whistle a little, son!

The' the world seems full of trouble There is still another dawn: Just straighten your shoulders, laddle, . And the peak where your pyes have lingared Will yet be the goal that is won-If you only keep on climbing And whistie a little, son! -Anna M. Walker.

# How to make your skin fresh and clear

-nothing elso-give nature's green color to Palmolive Soas

Every woman passes as pretty if only her skin is fresh, smooth and young. It is within the power of every woman to possess this attraction to make her complexion as beautiful as she longs

for it to be. The secret? Cleopatra knew and practiced it in the days of ancient Egypt. She observed a daily ceremonious cleansing. The cleansers she used were the same you may have today, Palth

and Olive oils. These beautifying oils are scientifi-cally blended in famous Palmolive Soap. They give it mildness, wonderful soothing qualities, profuse, creamy and refreshing lather.

Gleansing with Palmolive is a beauty treatment in itself. No woman should say her skin is too sensitive to use soap until she has tried Palmolive. The attractive green cake, the natural color of the oils, is within the reach of every one who appreciates that cleanliness is the greatest beautifier. You can buy Palmolive Soap at all first class dealers.

### NOT BLINDNESS BUT VISION

Buy a Nice Chesterfield Suite Some people have an idea that cheerfulness is the result of blindness, that around, whose colors do not fade in sunshine, is due not to blindness but

There is no need to lose heart in he universe where God reigns. We may see many sad things in our lives but this earthly life is only a tiny fraction of human experience, and eternity is long enough for solving all our problems. The cheerfulness which is due to shutting the eyes is such a poor selfish thing that we cannot be proud of it. The cheerfulness which is due to looking up to God is the only sort worth having.
