on Sunday afternoon.

their Shorthorns, made a fine showing at the London Fair, last week, capturing a number of valuable prizes.

Strange sometimes, isn't it, that an organisation will kick about not getting enough publicity and when a paper thinks that the time for publicity has come, the organization wants

maple leaves to turn in their autumn color, much floauty we discern.

The fishing season is over. Shelburno fisherman says this had been the most truthful fishing season he has known. That the fishing has been anything to lie about.

. A gang of Great North Western Telegraph linemen made Actou their headquarters for a week or so, while installing a new. line, and renewing the cross urms on the poles. They went further west on Friday.

-The new cement bridge on the fourth line, near Scott Brothers' farm, is nearing completion. The cement covering is finished, and the coment railings have been placed. In a few Crowlong Corners, Bept. :18, 1923. days it will be rendy for traffic. -A few persons are still throwing

newspaper wrappers and envelopes on the street. When these are picked up, and the names of the persons to whom they are addressed are road, there is naturally some considerable reflection upon the careless methods of the

parties who drop them. -Little Miss Phyllis Howard brought THE FREE PRESS a peach the other day, from a basket sent her by a friend at Wheatley, in Besex county, which weighed 11 ounces, and measured 10% inches in circumference. It was a beautiful peach, with the bloom, which makes this lusclous fruit so attractive.

VIRGINIAN DEER OF NOVA SCOTIA One of the treats in store for the sportsman in Rod and Gun in Canada in the October issue is a story by H. C. Duffus on "Bear Hunting up Butte Inlet, B. C." which is written in a particularly readable manner. Bonny. castle Dele has a good article on the "Virginian Deer , of Nova Scotia," while an interesting account of a den days' trip in a cance is contributed by A. David France. There are other equally interesting articles and particular attention has been 'pald' to the several important trap shoots of the Doutnion, and accounts of the B. C. R. write an of which is given by scalar
