THE ONLY WAY TO WIN It taken a dette courage And a little self-control. And some grim determination. If you want to reach the goal. It takes a deal of striving. No matter what the battle,

If you really want to win. There's no easy path to gkry: There's no rony road to fame. Life, however we may view it, Is no simple parlor game; But its prizes call for fighting. For endurance and for grit. For a rugged disposition ...

And a "don't-know-when-to-quit." You must take a blow or give one. You must risk and you must lose, And expect that in the struggle . You will suffer from the brules. But you mustn't wince or falter, If a fight you once begin; He a man and face the battle; That's the only way to win,

Advertising

After the passage of five years, during which no advertising has been done in the name of the firm, the Ford Motor Company, of Highland Park, announces that it has decided to spend \$7,000,000 in newspaper and magazine announcements all through the United States during the next twelve months, says the Border Cities

. The announcement is significant and of great interest to the advertising world and the public generally. Seven million dollars will be spent in advertising the world's best known motor car. If the Ford Motor Company did not consider this good business, the money would be used in other ways.

If it is desirable to spend \$7,000,000 in a year advertising the most widely known factory product in the world, how desirable it must be for other manufacturers to advertise products that are not nearly so well known!
